Department of State
Routine Program Implementation Notice

PURSUANT to 15 CFR 923.84(b), the New York State Department of State (DOS) has submitted to the Federal Office of Ocean and Coastal Resource Management (OCRM) a routine program implementation action. The DOS considers this action to be routine and requests OCRM's concurrence in this determination. The change to the New York State Coastal Management Program (CMP) covered by this request is the incorporation of the Village of Nyack Local Waterfront Revitalization Program (LWRP) into the State's CMP.

A major component of the State's CMP is the provision that local governments be allowed to prepare local waterfront revitalization programs which further detail and make geographically specific the State's coastal policies. Each local program will be reviewed for consistency with the State's CMP and approved if it meets the guidelines established in the State CMP and Article 42 of the NYS Executive Law.

The Nyack Draft LWRP was originally reviewed by State and federal agencies during a 60-day review period which ended on July 8, 1988.

Copies of the text of the proposed revisions to the Village of Nyack Draft LWRP are available at: Nyack Village Hall, 12 North Broadway, Nyack, NY 10960.

Any comments on whether or not the action does or does not constitute a routine program implementation action should be submitted by October 13, 1991 to: James Burgess, Office of Ocean and Coastal Resource Management, 1825 Connecticut Avenue NW, Washington, DC 20235.

Further information on this action may be obtained from: Division of Coastal Resources and Waterfront Revitalization, New York State Department of State, 162 Washington Avenue, Albany, NY 12231.
