Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 7:00 a.m. to 5:00 p.m., at:

1-800-221-9311 (In New York State)
(518) 270-2200 (Outside New York State)

or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236

NOTICE OF ANNULMENT OF DISSOLUTION OF CERTAIN BUSINESS CORPORATIONS

Under the Provisions of Section 203-a of the Tax Law, As Amended

The Secretary of State hereby provides notice that the following corporations, which were duly dissolved in the manner prescribed by Section 203-a of the Tax Law, have complied with the provisions of subdivision (7) of Section 203-a of the Tax Law, annulling all of the proceedings theretofore taken for the dissolution of each such corporation. The appropriate entries have been made on the records of the Department of State.

PUBLIC NOTICE

Department of Environmental Conservation

Pursuant to subdivision 5 of Section 23-1101 of the Environmental Conservation Law, the New York State Department of Environmental Conservation hereby gives public notice of the following:

The Department has determined that public bids for the leasing of parcels of State land totaling 3.09 acres underlying State Route 225 in the Town of Southport, Chemung County, New York, for oil and natural gas production is unreasonable and impracticable.

The Department intends to lease such lands to Fortuna Energy, Inc. for such purpose.

For further information contact: Charles Gilchrist, Department of Environmental Conservation, Division of Mineral Resources, 625 Broadway, 3rd Fl., Albany, NY 12233-6500, (518) 402-8056

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend Sections 86-1.62 and 86-1.63 of the Title XIX (Medicaid) State Plan for Inpatient Hospital Services.

Effective January 1, 1988, New York State established a case based payment reimbursement system for hospital services. Rates under this system are calculated on a per discharge basis rather than a per diem basis. Case based payments are made at a pre-determined specific rate

for each discharge.

The case based payment system uses the diagnosis related group (DRG) patient classification system to describe the types of patients a hospital treats. The DRG system classifies patients into groups based on the patient's age, condition, diagnosis and procedures performed. The DRG payment system is also sensitive to the medical condition that contributed to the admission of the patient to the hospital and, for neonatal cases, the birth weight.

In order to calculate payments, first the information from the patient's medical record is used to assign the patients to an appropriate DRG. The service intensity weight (SIW), which is a proxy that reflects the amount of resources consumed, is then used to calculate the DRG rate of payment. If the case is an outlier, the trimpoints and arithmetic mean length of stay (LOS) must be used to calculate the appropriate outlier payments.

The State's case based payment system is based on the DRGs used by the Federal prospective payment system (PPS), modified for neonatal and AIDS cases, as required by Section 2807-c(3) of the Public Health Law. Such provision states, "The Commissioner shall establish as a basis for case classification for case based rates of payment the same system of diagnosis-related groups for classification of hospital discharges as established for purposes of reimbursement of inpatient hospital services pursuant to title XVIII of the Federal Social Security Act (Medicare) in effect on the first day of July in the year preceding the rate period." Due to changes in the Federal DRG classification system and a better ability to differentiate among levels of illness or patients within DRGs, modification of the State's DRG system is proposed. These modifications will be effective January 1, 2006 and will enable providers to assign patients to DRG categories more appropriately and, thus, receive more appropriate reimbursement.

The addition, deletion and expansion of DRGs impact the alignment of cases among the DRGs. This alignment of cases affects the determination of the service intensity weights (SIWs) and trimpoints. Thus, the values of the SIWs and trimpoints change. The new values are provided in the proposed amendments to Sections 86-1.62 and 86-1.63 of Title 10 (Health) NYCRR. The proposed amendments also revise the regional group average arithmetic inlier mean LOS that is used to calculate the outlier payment for each DRG.

There is no anticipated increase or decrease in the annual aggregate Medicaid expenditures for 2006 resulting from these amendments. These proposed regulatory changes are intended to modify the DRG classification system by adding and deleting DRGs to enable patients to be more appropriately placed in a DRG category for reimbursement purposes. The realignment of cases among the DRGs will impact the SIWs such that those cases that are more intensive will increase the SIW value, but the removal of such cases from the DRGs to which those cases were previously assigned will decrease the SIW value for these DRGs. Therefore, cost neutrality is anticipated.

A copy of the proposed state plan amendment will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

- New York County
250 Church Street
New York, New York 10018
- Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

- Bronx County, Tremont Center
1916 Monterey Avenue
Bronx, New York 10457
- Richmond County, Richmond Center

The public is invited to review and comment on this proposed state plan amendment.

PUBLIC NOTICE

Department of State
F-2005-0642 (DA)

Date of Issuance -December 21, 2005

The New York State Department of State (DOS) is required by Federal law to provide timely public notice for the activity described below, which is subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Department of Homeland Security has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The consistency determination and accompanying public information and data is available for inspection at the New York State Department of State offices located at 41 State Street in Albany, New York.

In F-2005-0642 (DA), the U.S. Department of Homeland Security is proposing to construct two remote fixed facilities (RFF) to fill the existing communications gap for the Group Moriches area of responsibility (AOR). One RFF would be built at Coast Guard Station Shinnecock in Hampton Bays, Suffolk County, New York. RFF Shinnecock would consist of a 400 foot tall self-supported tower and an 8 foot high elevated platform containing an 8 foot by 12 foot shelter, an ice bridge, one generator, a 500 gallon propane tank, and an H-frame utility rack. RFF Shinnecock would be sited within a 60 foot by 70 foot fenced compound. An existing high level site (HLS) legacy tower would be removed from Station Shinnecock, and a 12 foot wide access road would extend from the existing parking lot to the proposed tower site.

The second RFF would be placed at Coast Guard Station Fire Island in Babylon, Suffolk County, New York. RFF Fire Island would consist of a 400 foot tall self-supported tower and a 5 foot high elevated platform containing an 8 foot by 12 foot shelter, and ice bridge, one generator, a 500-gallon propane tank, and an H-frame utility rack. RFF Fire Island would be sited within a 70 foot by 60 foot fenced compound. A 50 foot long, 12 foot wide access road would be built to the compound, and an existing HLS legacy tower would be removed from Station Fire Island.

The addition of the DF antenna, mounting pole, and lighting rod would increase the total height of each tower and added appurtenances to approximately 411 feet above ground level.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activity may do so by filing their comments, in writing, no later than 4:30 p.m., **15 days from the date of publication of this notice, or January 15, 2006.**

Comments should be addressed to the Division of Coastal Resources and Waterfront Revitalization, New York State Department of State, 41 State Street, Albany, New York 12231. Telephone (518) 474-6000; Fax (518) 473-2464.

This notice is promulgated in accordance with Section 306(d)(14) of the Federal Coastal Zone Management Act of 1972, as amended.
