## PUBLIC NOTICE Department of Health

On July 15, 1997, New York State's Medicaid demonstration program "The Partnership Plan" was approved by the Federal government under Section 1115 of the Social Security Act. This waiver has been extended to reflect programmatic needs. Under the waiver, the State is required to seek Federal approval of any amendments. New York is seeking to extend the effective period of the Designated State Health Programs (DSHPs) in the current Partnership Plan Waiver that supports New York State's transformation of the Office for People with Developmental Disabilities (OPWDD) service delivery system through December 31, 2014. The DSHPs were approved in the current waiver for the period of April 1, 2013 through March 31, 2014.

The additional funding is needed to continue to provide assistance with the multi-year transformation that has as its core the following key elements:

1. Deinstitutionalizing and transitioning people into the most integrated settings possible to meet their housing and support needs.
2. Ensuring that existing and new community based services meet CMS' Home and Community Based Standards and that all services developed through NYS' OPWDD People First Waiver-1915 (b) (c) will be the result of person centered planning with a particular emphasis on self-direction, competitive employment and integrated housing. Also, a greater focus on care coordination and quality measurement and improvement using personal outcome data will also be operationalized as part of the OPWDD People First Waiver.
3. Facilitating aggressive expansion in the number of people who:
  - a. self-direct at least part of their services;
  - b. are competitively employed;
  - c. are transitioning from institutions to qualifying HCBS settings or those settings that meet Money Follows the Person criteria.

To help NYS support this major multi-year system transformation that will better support New Yorkers with developmental disabilities, we are seeking Federal approval to extend the funding for the previ-

ously approved DSHPs. The approximate annual value of these state expenditures is \$500 million with Federal Financial Participation (FFP) at \$250 million. NYS is requesting that FFP be provided for the related DSHP expenditures for the period April 1, 2014 through the Partnership Plan's current expiration date, December 31, 2014.

Additional information concerning the Partnership Plan and any proposed amendments can be obtained by writing to the Waiver Management Unit at: [1115waivers@health.state.ny.us](mailto:1115waivers@health.state.ny.us).

Partnership Plan information is also available to the public on-line at [www.health.state.ny.us](http://www.health.state.ny.us) or [www.cms.hhs.gov](http://www.cms.hhs.gov).
