PUBLIC NOTICE Department of Health

The New York State Department of Health (NYSDOH) is submitting a request to the federal Centers for Medicare and Medicaid Services (CMS) to amend the Medicaid Redesign Team (MRT) 1115 waiver.

The goal of the amendment is to advance the initiative to end AIDS as an epidemic in New York State. This effort will involve expansion of programs associated with the plan to end the epidemic, including expanding access to pre-exposure prophylaxis (PrEP) services for persons at high risk to keep them negative. PrEP is a targeted biomedical intervention that facilitates health care as prevention. Programs also include linkage and retention in care initiatives for persons with HIV who are not in care and not virally suppressed. Antiretroviral therapy improves the health of people with HIV, prevents progression of disease to AIDS, and achieves viral load suppression. Viral load suppression prevents further transmission of HIV. Further, programs support services that address social determinants of health to facilitate access to and retention in care. Approval of the waiver will improve the health of Medicaid members living with HIV and prevent transmission of HIV, bringing New York State toward its goal of reducing new HIV infections to the point where, by the end of 2020, the number of persons living with HIV in New York State will be reduced for the first time.

Additional information concerning this amendment request can be obtained by writing to: Department of Health, Office of Health Insurance Programs, Waiver Management Unit, 99 Washington Ave., 12th Fl., Suite 1208, Albany, NY 12210, email: 1115waivers@health.ny.gov

Written comments concerning the amendment will be accepted at the above address for a period of thirty (30) days from the date of this notice.

PUBLIC NOTICE

Department of Taxation and Finance
Tax Law Article 13-A Rates

Pursuant to the provisions of subdivisions (e), (f), (g) and (h) of section 301-a, subdivision (b) of section 301-d, subdivisions (b) and (c) of section 301-e, subdivisions (a) and (c) of section 301-j and subdivision (a) of section 308 of the Tax Law, the Commissioner of Taxation and Finance hereby gives public notice regarding the petroleum business tax (Tax Law, Article 13-A) rate adjustment calculation and the resulting rates effective January 1, 2017 (effective March 1, 2017 for quarterly filers), as follows: The motor fuel and highway diesel motor fuel rate is adjusted from \$.102 to \$.097; the non-highway diesel motor fuel rate is adjusted from \$.093 to \$.089; the residual petroleum product rate is adjusted from \$.071 to \$.068; the kero-jet fuel rate is adjusted from \$.068 to \$.065; the aviation gasoline rate is adjusted from \$.102 to \$.097; the rate of the supplemental tax on aviation gasoline is adjusted from \$.068 to \$.065; and the rate of the supplemental petroleum business tax is adjusted from \$.068 to \$.065. The separate rate of supplemental petroleum business tax with respect to highway diesel motor fuel is adjusted from \$.0505 to \$.0475; it is computed by subtracting one and three-quarters cents from the adjusted rate of the supplemental petroleum business tax. The railroad diesel rate is adjusted from \$.089 to \$.084; it is computed by subtracting one and three-tenths cents from the motor fuel and highway diesel motor fuel rate.

The basic utility credit (or reimbursement) rate with respect to residual petroleum product is adjusted from \$.0570 to \$.0542 and the basic utility credit (or reimbursement) rate with respect to non-highway diesel motor fuel product is adjusted from \$.0573 to \$.0545. The basic utility credit (or reimbursement) rates are further adjusted by adding one-half of one cent to the adjusted basic rates of the utility credits (or reimbursements); as a result the utility credit (or reimbursement) rate with respect to residual petroleum product is adjusted from \$.0620 to \$.0592, and the utility credit (or reimbursement) rate with respect to non-highway diesel motor fuel product is adjusted from \$.0623 to \$.0595.

The adjusted petroleum business tax rates are obtained by multiplying the existing rates by a fraction, the numerator of which is the sum of the monthly producer price indices (unadjusted) for refined petroleum products for the twelve consecutive months ending with the month of August 2016, and the denominator of which is the sum of the monthly producer price indices (unadjusted) for refined petroleum products for the twelve consecutive months ending with the month of August 2015. Such monthly producer price indices for the twelve consecutive months ending with the month of August 2016, are 165.8, 161.3, 156.2, 138.6, 125.4, 114.6, 122.2, 132.4, 144.3, 157.9, 154.6, and 148.2, which total 1721.5. Such monthly producer price indices for the twelve consecutive months ending with the month of August 2015, are 285.1, 260.2, 240.2, 204.1, 162.7, 169.5, 181.9, 178.3, 201.0, 204.9, 200.9, and 188.6, which total 2477.4 The producer price index for the category of commodities designated as refined petroleum products is published monthly by the Bureau of Labor Statistics of the U.S. Department of Labor. As required by law, the adjusted rates, except the utility credit (or reimbursement) rates and the rate of supplemental petroleum business tax with respect to highway diesel motor fuel, have been rounded to the nearest tenth of one cent. The utility credit (or reimbursement) rates and the rate of supplemental petroleum business tax with respect to highway diesel motor fuel have been rounded to the nearest hundredth of one cent. Section 301-a of the Tax Law does not allow the rates to change by more than 5 percent of the rates in effect on December 31. The computed rate change would be a decrease of 30.5 percent; therefore, all of the above rates were subject to the 5 percent limitation.
