## PUBLIC NOTICE

### Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to reflect recently enacted State Legislation as follows:

#### Non-Institutional Services

- The Department will continue a demonstration program as authorized by section 367-o(3) of the Social Services Law; initiated in January 2000, for the period July 1, 2003 through June 30, 2005. The purpose is to establish one or more demonstration programs to provide additional knowledge and experience in mechanisms to provide, maintain; or subsidize health insurance coverage for certified home health agencies and personal care providers who employ personal care and home health workers. Gross Medicaid rates of payment will increase by the following amounts for the following periods for providers approved to participate in the demonstration program.
 

July 1, 2003 through December 31, 2003	\$28 million
January 1, 2004 through December 31, 2004	\$58 million
January 1, 2005 through June 30, 2005	\$30 million
- The demonstration project that was authorized under section 367-o(2) of the Social Services Law as established by the Health Care Reform Act of 2000 has been extended through June 30, 2005. This demonstration project was established to improve the process of authorizing medical assistance payment of premiums for coordination and continuation of health insurance benefits. This is accomplished by making it easier, through more efficient mechanisms, for health care workers to become aware of, apply for, and receive this benefit. The enacted legislation has authorized up to \$3.8 million annually for this demonstration project.

A copy of the proposed state plan amendment is on file in each local (county) social services district and is available for public review.

**PUBLIC NOTICE**  
 Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan payment methodology for reimbursing providers the Medicare Part B coinsurance amounts for recipients that are eligible for both the Medicare and Medicaid Programs (dual eligibles), to comply with the requirements of the 2003-04 enacted State Budget.

Prior to this enacted State Budget, the State's Medicaid program reimbursed providers for both the Medicare "coinsurance" — the difference between the Medicare "approved" rate and what Medicare actually pays — and the annual \$100 Medicare deductible for Part B services provided to dual eligibles and Qualified Medicare Beneficiaries.

Effective July 1, 2003, the Department of Health is proposing a State Plan amendment to limit the amount paid by the Medicaid program for Medicare Part B coinsurance (deductible amounts would continue to be paid in full) as follows:

- For all Part B services other than the services specifically exempted by statute (see below), Medicaid would pay 20% of the Medicare Part B coinsurance for Medicaid recipients who are dual eligibles or are Qualified Medicare Beneficiaries.
- Medicaid would continue to pay the full Medicare Part B coinsurance amount for dual eligibles and Qualified Medicare Beneficiaries for the services provided by an ambulance (Public Health Law Article 30); psychologist (Education Law, Article 153); OMRDD facility (Mental Health Law Article 16), OMH facility (Mental Health Law, Article 31); OASAS facility (Mental Health Law, Article 32); outpatient hospital and clinic facilities (Public Health Law, Article 28).

The new Medicare coinsurance payment contained in the 2003-04 State Budget would result in an estimated full annual savings of \$116.7 million (\$29.2 million State Share) to the State's Medicaid program.

Copies of the proposed state plan amendment are on file in each local (county) social services district and are available for public review.

For the New York City district, copies are available at the following places:

 250 Church Street  
 New York, New York 10018

**PUBLIC NOTICE**  
 Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for inpatient hospital services to reflect enacted State legislation as follows:

- Inpatient Hospital Services
- Continues, effective for the period July 1, 2003 through June 30, 2005, Medicaid disproportionate share payments to eligible major public general hospitals based on the existing formula. For rate periods through December 31, 2004, each eligible major public general hospital shall receive an allocation equal to the amount allocated to such major public hospital for the period January 1, 1996 through December 31, 1996. For the period January 1, 2005 through June 30, 2005, each eligible major public general hospital shall receive an allocation equal to one-half the amount allocated to such major public hospital for the period January 1, 1996 through December 31, 1996.
  - Continues high need indigent care adjustment distributions to general hospitals, excluding major public general hospitals, from the Indigent Care Pool for the period July 1, 2003 through June 30, 2005, based on the existing formula. From funds in the Indigent Care Pool each year, \$36 million shall be reserved on an annual basis through December 31, 2004, and \$18 million shall be reserved for the period January 1, 2005 through June 30, 2005, for these distributions.
  - Effective for periods July 1, 2003 through June 30, 2005, indigent care pool disproportionate share payments shall include \$27 million on an annualized basis distributed to each eligible facility in an amount related to such facility's reduced distributions from the non-supplemental portion of the professional education pool for the applicable year. Such payments shall be subject to all applicable federal disproportionate share limitations.
  - Continues effective for periods July 1, 2003 through December 31, 2003, January 1, 2004 through December 31, 2004, and January 1, 2005 through June 30, 2005, additional disproportionate share payments totaling \$82 million on an annualized basis to be made as follows:
    - 1) Certain hospitals determined to be rural pursuant to state statute shall each receive \$140,000 annually. Further, these hospitals will be ranked according to a weighted statistic

consisting of bad debt and charity care need and bed size. Such ranking shall determine additional distributions based on a targeted coverage of bad debt and charity care need incremental scale.

2) Hospitals eligible for distributions pursuant to the high need provisions of Public Health Law Section 2807-k shall receive an additional \$36 million on an annualized basis pursuant to such formula.

3) Remaining monies shall be distributed based on the non-high need, non-major public hospital provisions of Public Health Law Section 2807-k.

Such payments shall be subject to all applicable federal disproportionate share limitations.

The estimated annual aggregate increase in Medicaid expenditures is approximately \$284.4 million.
