PUBLIC NOTICE
 Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for inpatient hospital services and non-institutional services to comply with proposed State legislation under consideration. The following significant changes are being considered:

Effective upon approval of required federal financial participation, for purposes of distributions from the general hospital indigent care pool, the definition of targeted need is revised to include all general hospital services delivered on an ambulatory basis, except referred ambulatory services, but including services provided at qualified-hospital controlled Diagnostic and Treatment Centers (D&TCs).

Qualified hospital-controlled D&TCs shall mean voluntary, non-profit D&TCs providing a comprehensive range of primary health care services that is controlling, controlled by or under common control with a general hospital and as of June 30, 2003 qualified for a distribution from the Comprehensive Diagnostic and Treatment Center Indigent Care Program or the outpatient department of such general hospital had been designated a Federally-Qualified Health Center and had directly received a grant for same under Section 330 of the Public Health Service Act.

In the event that the inclusion of services at a qualified hospital-controlled D&TC in calculating a general hospital's distributions from the General Hospital Indigent Care Pool would cause the sum of the distributions to such general hospital to exceed the maximum amount for which federal financial participation is available for

disproportionate share payments to such general hospital under Title XIX of the Federal Social Security Act, then services at such qualified hospital-controlled D&TC shall not be included for purposes of making any calculations and such qualified hospital-controlled D&TC shall instead be included as an eligible diagnostic and treatment center for distribution from the Comprehensive Diagnostic and Treatment Center Indigent Care Program.

For periods on or after July 1, 2003, hospital-controlled D&TC's qualifying for inclusion in the allocation of funds from the hospital indigent care program and any voluntary non-profit D&TC controlling, controlled by or under common control of a Health Maintenance Organization, except a Prepaid Health Services Plan, shall not be eligible for distributions from the Comprehensive Diagnostic and Treatment Center Indigent Care Program.

Since the total allocations for the D&TC and general hospital indigent care programs are fixed by the Health Care Reform Act, transferring qualified hospital-controlled voluntary non-profit D&TCs from the D&TC program to the hospital program will have no budgetary impact.

Copies of the proposed state plan amendments are on file in each local (county) social services district and are available for public review.

For the New York City district, copies are available at the following places:

New York County
250 Church Street
New York, New York 10018

Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

Bronx County, Tremont Center

In F-2003-0405, Delaware and Hudson Railway Company, d/b/a Canadian Pacific Railway, c/o Leonard, Street and Deinard, 150 South Fifth Street, Suite 2300, Minneapolis, MN 55402, is proposing to abandon its common carrier obligation over a main line of railroad trackage in Albany County. The trackage is a 9.14-mile line of railroad between milepost 1.8 in Albany, New York and milepost 10.94 in Voorheesville, New York. As part of the proposed project, all tracks, ties, switches and other rail equipment will be removed and salvaged.
