**Child Care Market Rate Survey**

Application Date(s):

December 27, 2004 to January 14, 2005

Describe Funding Purpose(s):

The purpose of funding is to conduct a child care market rate survey. This survey will be conducted as a telephone survey by the awardee. The awardee must submit cost distribution for successfully completed surveys utilizing sample size distribution found in this RFA. OCFS will provide the awardee with a representative sample list of licensed and registered child care providers in New York State. The awardee must draw a random sample of providers, as well as an over-sample, to take into account inaccurate responses and lack of responses to arrive at the completed survey number required. Then, the awardee must conduct the surveys by phone and provide the data to OCFS. A one-page survey instrument is attached in the RFA. OCFS will mail a notification letter along with the survey instrument to all the providers.

*For an application, contact:* Suzanne Sennett, Bureau of Early Childhood Services, 52 Washington St., N. Bldg., Rm. 338, Rensselaer, NY 12144, (518) 474-9454
