PUBLIC NOTICE

Department of Health

The New York State Department of Health (DOH) is required by the provisions of the federal Beaches Environmental Assessment and Coastal Health (BEACH) Act to provide for public review and comment on the Department's beach monitoring and notification plan. The BEACH Act (Section 406(b) of the Clean Water Act) enacted a federal Environmental Protection Agency grant program available to states, such as New York, with coastal recreational waters. Coastal recreational waters include the Great Lakes and marine coastal waters that are designated for swimming, bathing, surfing, or similar water contact activities. The Act is not applicable to inland waters or waters upstream of the mouth of a river or stream having an unimpaired natural connection with the open sea.

The beach monitoring and public notification also includes information on the beach evaluation and classification process, including a list of waters to be monitored and beach ranking. Also included in this plan is the sampling design and monitoring plan, including sampling location and sampling frequency. Lastly the plan contains information on procedures for public notification and risk communication, including methods to notify the public of a swimming advisory or beach

closure.

Any interested parties and/or agencies desiring to review and/or comment on the beach monitoring and notification plan for coastal recreational waters may do so by writing to Eileen Franko, Dr.P.H., M.P.H., Department of Health, Flanigan Square, 547 River St., Rm. 515, Troy, NY 12180; Fax (518) 402-7609

PUBLIC NOTICE

Department of Health
Cardiac Quality Initiative

The contractor will work in consultation with Department of Health (DoH) staff and the NYS Cardiac Advisory Committee. Services will include, but are not limited to the following: data analysis, computer programming, consultation/evaluation for new quality initiatives, training in use of new systems, data systems maintenance, interaction with DoH and hospital based data coordinators and interaction with clinicians. This project will validate the accuracy of patient risk factors and post procedural complications provided to the Department of Health's various Cardiac Reporting Systems. In addition, it will also analyze mortality rates adjusted for risk for each of the data systems; develop and carry out quality assessment and research initiatives; evaluate data options; and enhance computerized information systems associated with these systems.

THIS PROJECT WILL BE FUNDED UNDER SECTION 2807 C-(19) OF THE PUBLIC HEALTH LAW, UNDER WHICH THE COMMISSIONER OF HEALTH HAS THE AUTHORITY TO AWARD GRANTS WITHOUT COMPETITION.
