PUBLIC NOTICE Department of State Routine Program Change Notice

PURSUANT to 15 CFR 923. 84(b), the New York State Department of State (DOS) has submitted a routine program change to the federal Office of Ocean and Coastal Resource Management (OCRM). The DOS considers this action to be routine and requests OCRM's concurrence in this determination. The change to the New York State Coastal Management Program (CMP) covered by this request is the incorporation of the Village of Dobbs Ferry Local Waterfront Revitalization Program into the State's CMP.

A major component of the State's CMP is the provision that local governments be allowed to prepare local waterfront revitalization programs which further detail and make geographically specific the State's coastal policies. Each local program will be reviewed for consistency with the State's CMP and approved if it meets the guidelines established in the State CMP and Article 42 of the NYS Executive Law.

The Village of Dobbs Ferry Local Waterfront Revitalization Program will serve as a long term management program for the Village's Hudson River waterfront resources. The program focuses on expanding public access opportunities, redevelopment of the former public works facility located along the waterfront, and protecting scenic resources.

Copies of the Local Waterfront Revitalization Program are available for review in Albany at the DOS offices, 41 State Street, and at the offices of the Village of Dobbs Ferry, 112 Main Street, Dobbs Ferry, New York 10522.

Any comments on whether or not the action constitutes a routine program change should be submitted by December 20, 2004 to: Helen Bass, Office of Ocean and Coastal Resource Management, Coastal Programs Division, N/ORM3, SSMC4, 11th Floor, 1305 East-West Highway, Silver Spring, MD 20910.

Further information on this action may be obtained from: Kevin Millington, Division of Coastal Resources, Department of State, 41 State St., Albany, NY 12231
