2005 Greenway Conservancy Small Grants Program

The Hudson River Valley Greenway, a State agency within the Executive Department, is soliciting applications for the 2005 Conservancy Small Grants Program. This is an annual competitive grant funding opportunity available to communities and not-for-profits within the designated Hudson River Valley Greenway area, which extends from Battery Park in Waterford, Saratoga County to Battery Park, Manhattan.

This year, \$125,000 is available in total funding for trail planning, construction and amenities, historic landscape preservation, regional and local partnership development as well as many other resource enhancement and economic development projects. Average grants range from \$1,000 - \$10,000 for projects involving or located in one

municipality, and up to \$25,000 for projects involving or located in two or more municipalities.

Projects that will be considered for funding through this year's grant program include:

- Land Trail Projects that implement the Draft Greenway Trail Vision Plan. This may include capital projects to construct or improve a land trail, or plans and designs for a land trail, specifically those that fill an identified "gap" in the Greenway Trail System.
- "Main Street" or "Downtown" Revitalization Projects including capital projects or promotional tools that enhance or improve urban, village or town centers.
- Agricultural and Open Space Promotion or Preservation Projects, including capital projects or promotional tools that will preserve and promote Valley agricultural, the marketing and sale of Valley farm products, the preservation of open space or the preservation of habitats for purposes that may include traditional sports such as hunting and fishing.
