## Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 7:00 a.m. to 5:00 p.m., at:

1-800-221-9311 (In New York State)  
(518) 270-2200 (Outside New York State)

or visit our web site at:  
[www.osc.state.ny.us](http://www.osc.state.ny.us)

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236

## PUBLIC NOTICE

Office for Technology  
State Environmental Quality Review Act  
Notice of Completion of  
Final Generic Environmental Impact Statement

Date: March 30, 2005

Introduction: This notice is issued pursuant to part 617 of the implementing regulations of the State Environmental Quality Review Act ("SEQRA"; Article 8 of the New York Environmental Conservation Law). A Final Generic Environmental Impact Statement ("FGEIS") has been completed, accepted and distributed for public review by the New York State Office for Technology as project sponsor and lead agency for the proposed action described below.

Name of Proposed Action: New York State Statewide Wireless Network ("SWN")

SEQRA Classification: Type I action, as that term is defined in 6 NYCRR section 617.4

Lead Agency: New York State Office for Technology ("OFT"), Statewide Wireless Network Project Office, State Capitol, ESP, Albany, New York 12220-0062

Location of the Action: The proposed action is a Statewide project. A generic environmental impact statement has been completed by OFT because the exact locations of the SWN antenna facilities and opera-

tions centers ("SWN Facilities") described below have not yet been determined. OFT expects that the SWN project will involve the establishment of SWN Facilities at locations across New York. The eventual locations will be selected to avoid, to the extent practicable, previously undeveloped sites.

Brief Description of the Action: OFT proposes to develop the SWN for voice and data radio communications services to enable public safety and public service entities operating within the State of New York to better respond to and protect its citizens. The SWN will provide essential connectivity to coordinate the delivery of governmental services to the citizens of New York, and to enable immediate coordination of public safety resources in emergency situations to ensure the public's safety and welfare. The proposed SWN project is fundamentally an infrastructure, a collection of radio sites throughout the State interconnected by a network, monitored and controlled by a pair of redundant operations centers. The proposed action is the deployment of the SWN, which includes the Primary Regional Build Out, Final Engineering Design, Statewide implementation involving the Construction and Operation of the Network and Ongoing Maintenance of the SWN.

Contact Person: Hanford C. Thomas, Director, Statewide Wireless Network, NYS Office for Technology, Statewide Wireless Network Project Office, State Capitol, ESP, P.O. Box 2062, Albany, New York 12220-0062, phone number: 518-443-2041.

Filing and Publication: Pursuant to 6 NYCRR part 617.12(b) a copy of this Notice of Completion and this FGEIS must be sent to: (a) the chief executive officers of the political subdivisions in which the action will be principally located; (b) the lead agency and project sponsor (OFT); (c) all involved agencies; and (d) any person who has requested a copy. A copy of the FGEIS must also be filed with the Department of Environmental Conservation ("DEC") Division of Environmental Permits, and with the Secretary of State. Contemporaneous with the publication of this Notice of Completion, OFT circulated copies of the FGEIS to approximately 1,800 potentially involved or interested agencies, including the executive officers of counties, cities, towns and villages in New York; members of the public requesting a copy; the DEC, Division of Environmental Permits (625 Broadway, Albany, NY 12233-1750); and the Secretary of State. The FGEIS is available on the OFT website at [www.oft.state.ny.us/swn](http://www.oft.state.ny.us/swn). A hard copy of the FGEIS is also available at the public locations described below.

OFT is required to publish this Notice of Completion only in the Environmental Notice Bulletin (Department of Environmental Conservation, Room 538, 625 Broadway, Albany, NY 12233-1750). A Notice of Completion will also be published in the New York *State Register* and 16 newspapers of general circulation throughout the State.

Document Availability: Copies of the FGEIS are available for inspection at the following locations:
