PUBLIC NOTICE

Department of State
 F-2005-0158 DA

Date of Issuance - March 23, 2005

The New York State Department of State (DOS) is required by Federal law to provide timely public notice for the activity described below, which is subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Environmental Protection Agency has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The consistency determination and accompanying public information and data is available for inspection at the New York State Department of State offices located at 41 State Street in Albany, New York.

In **F-2005-0158 DA**, the U.S. Environmental Protection Agency is proposing to complete a Remedial Options Pilot Study (ROPS), conducted pursuant to the Comprehensive Environmental Response, Compensation and Liability Act, as amended, for the removal and/or isolation of PCB-contaminated sediments at the Alcoa Grasse River site, located in the Town of Massena, St. Lawrence County, New York.

The ROPS was developed to address issues regarding remedy effectiveness, remedy implementation, and conceptual site model that impact the analysis of remedial alternatives, through implementation of various remedial components in a limited study. The ROPS will be conducted in the lower Grasse River south of the Alcoa Road Bridge. It will involve limited areas of dredging and capping in the main channel, armored capping, and dredging and thin layer capping in the near shore areas. The project will cover a total area of less than ten acres. An intensive monitoring program will be initiated in order to assess effects of remedial activities. ROPS results will be used to develop a final remedial action plan for the site.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activity may do so by filing their comments, in writing, no later than 4:30 p.m., **30 days from the date of publication of this notice, or April 22, 2005.**

Comments should be addressed to the Division of Coastal Resources and Waterfront Revitalization, New York State Department of State, 41 State Street, Albany, New York 12231. Telephone (518) 474-6000; Fax (518) 473-2464.

This notice is promulgated in accordance with Section 306(d)(14) of the Federal Coastal Zone Management Act of 1972, as amended.
