PUBLIC NOTICE

Department of State
F-2005-0716

Date of Issuance -October 19, 2005

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at 41 State Street in Albany, New York.

In F-2005-0716, Theodore Hepp is proposing to stabilize 90 linear feet of a shoreline embankment along Shinnecock Bay located at 18 Sandringham Lane, Shinnecock Hills, Town of Southampton, Suffolk County, New York. Clean sand will be used to as fill and is to be planted with Cape American Beach grass (*Ammophila breviligulata*)

at a density of 3 culms 18 inches on center. Rip rap, approximately 2 feet in diameter and 3 feet in width, will be added above the apparent high water line to protect the toe of the embankment. It will be laid on the beach up to an elevation of approximately 5 feet. Filter fabric will be placed below the rock on a bed of sand used for fill to restore the embankment. The stairway down the embankment will be repaired, as needed. The project site is 34, 445 square feet in size, and will take place immediately adjacent to the State designated Shinnecock Bay Significant Coastal Fish and Wildlife Habitat.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., **30 days from the date of publication of this notice, or November 18, 2005.**

Comments should be addressed to the Division of Coastal Resources and Waterfront Revitalization, New York State Department of State, 41 State Street, Albany, New York 12231. Telephone (518) 474-6000; Fax (518) 473-2464.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State

Pursuant to 15 CFR 923.84(b), the New York State Department of State (DOS) has submitted a routine program implementation action to the federal Office of Ocean and Coastal Resource Management (OCRM). The DOS considers this action to be routine and has requested OCRM's concurrence in this determination. The change to the NYS Coastal Management Program (CMP) covered by this request is the incorporation into the State's CMP of the following:

Revised Significant Coastal Fish and Wildlife Habitats in Nassau and Suffolk Counties, and

New Significant Coastal Fish and Wildlife Habitats in Suffolk County.

Revised Significant Coastal Fish and Wildlife Habitats include: In the Town of North Hempstead: Prospect Point; Manhasset Bay; and Hempstead Harbor, and in the Town of Oyster Bay: Mill Neck Creek, Beaver Brook, and Frost Creek; and Oyster Bay and Cold Spring Harbor, and in the Town of Huntington: Eaton's Neck Point; Sand City; Huntington Bay; Northport Bay; Lloyd Point; Lloyd Harbor; Crab Meadow Wetlands and Beaches; and Oyster Bay and Cold Spring Harbor, and in the Town of Smithtown: Nissequogue Inlet Beaches; Stony Brook Harbor and West Meadow; and Nissequogue River, and in the Town of Brookhaven: Stony Brook Harbor and West Meadow; Flax Pond; Conscience Bay, Little Bay, and Setauket Harbor; Port Jefferson Harbor; Port Jefferson Beaches; Mt. Sinai Harbor; and Wading River march and Beach, and the Town of Riverhead: Wading River Marsh and Beach, and Town of Southold; Plum Gut; The Race; Mattituck Inlet Wetlands and Beaches; and Fishers Island Beaches, Pine Islands, and Shallows.

New habitat designations include: Caumsett State Park in the Town of Huntington, Asharoken Beach in the Town of Huntington, Herod Point Shoal in the Towns of Brookhaven and Riverhead, Roanoke Shoals in the Town of Riverhead, Baiting Hollow Wetlands and Beach in the Town of Riverhead, Grandifolia Sandhills in the Town of Riverhead, Goldsmith Inlet and Beach in the Town of Southold, Pipes Cove Creek and Moores Drain in the Town of Southold, and Dumping Islands and Flat Hammock in the Town of Southold.

A major policy of the State's CMP and the Waterfront Revitalization and Coastal Resources act (Article 42 of the NYS Executive Law) calls for the designation of coastal fish and wildlife habitats which are significant due to ecosystem rarity, vulnerable species, human use, population levels, or replaceability. The habitat policy calls for areas

so designated to be protected, preserved, and where practical, restored so as to maintain their viability as habitats.

In Nassau and Suffolk Counties, a total of 25 previously designated Significant Coastal Fish and Wildlife Habitat areas in the Long Island north shore region have been revised, and 9 new areas have been recommended for designation by the Department of Environmental Conservation under the State's CMP as administered by the DOS. Public hearings on the proposed habitat revisions and designations were held by the DOS on October 13, 2004 at the Suffolk County Center in Riverhead, NY, and on October 14, 2004 at C.W. Post College in Brookville, NY. Copies of the maps and narratives which describe the location and values of the habitats are available at the Department of State Office, 41 State Street, Albany, NY.

The purpose of this notice is to specifically solicit comments on whether or not revision and designation of these habitats constitutes a routine program implementation under the Coastal Zone Management Act of 1972, as amended.

Any comments on whether or not the action constitutes a routine program implementation should be submitted within three weeks of the date of this Notice to John R. King, Chief, Office of Ocean and Coastal Resource Management, Coastal Programs Division, N/ORM3, 1305 East-West Highway, Silver Spring, MD 20910.

Comments regarding specific areas to be revised or designated should be forwarded to the NYS Department of State.

Contact: Michael Corey, Division of Coastal Resources, Department of State, 41 State Street, Albany, NY 12231, (518) 474-6000
