

# REGULATORY AGENDA

---

## Department of Motor Vehicles

Pursuant to section 202-d of the State Administrative Procedure Act, the Department of Motor Vehicles presents its regulatory agenda for 2006. All references are to Title 15 of the New York Code of Rules and Regulations. The Department reserves the right to add, delete or modify any item presented in this agenda.

1. Amend Part 138 to specify the requirements and standards for the on-line Point Insurance Reduction Program and to extend the time when sponsoring agencies must apply for renewal.

2. Amend Part 16 to modify criteria regarding the issuance of special license plates.

3. Amend Part 21 to address the use of the temporary "inspection sticker."

4. Amend Part 54 to conform the regulations related to motorcycle helmets, goggles, face shields and windscreens to federal law.

5. Amend Part 78 to clarify how the inspection waiver requirements affect dealers who "subcontract" inspections, to require additional information on the bill of sale, and to define "place of business."

6. Amend Part 79 to reflect post-NYVIP program changes including the expiration date indicated on inspection stickers, update heavy vehicle inspection procedures, and add air suspension components to the list of "rejected" items in a motor vehicle inspection.

7. Amend Part 81 in relation to conforming the regulation to Vehicle and Traffic Law statutory fees and to address a discrepancy in relation to "out of state" bidders at salvage pool auctions.

8. Amend Part 82 in relation to adding the repair shop facility number on the estimate, adding the registration plate number or vehicle identification number on the invoice, and making the placement of signs consistent with such placement in the dealer regulations.

9. Amend Part 6 to incorporate Federal medical standards for all bus drivers and to update provisions regarding fingerprinting of school bus drivers to conform to Division of Criminal Justice Services requirements regarding the collection and use of criminal history reports.
