§ 4. The legislature may not alter an *item of appropriation in an appropriation bill submitted by the governor that is consistent with subdivision (a) of section 3 of this article* except to strike out or reduce items therein, but it may add thereto items of appropriation provided that such additions are stated separately and distinctly from the original items of the bill and refer each to a single object or purpose. *Such additions may include an item of appropriation, the object or purpose for which is consistent with the legislative amendment or rejection of proposed legislation submitted by the governor pursuant to subdivision (b) of section 3 of this article. If an appropriation bill passed by the legislature contains items that the legislature has added in accord with this section, then such bill must be accompanied by an estimate of the fiscal impact of such legislation on the budget submitted by the governor pursuant to section 2 of this article which shall include, if appropriate, an estimate of moneys and revenues, either in law or proposed legislation, sufficient to meet such additions. It shall also include such other recommendations and information as the legislature may deem proper*

[No provision shall be embraced in any] *Any appropriation bill submitted by the governor or [in] such supplemental appropriation bill [unless it relates] shall only contain items of appropriation and descriptions thereof. Such item of appropriation shall not contain multiple items unless separately scheduled and shall, where practicable, include identification of the statutory basis for such expenditure.
