PUBLIC NOTICE

Department of State Notice of Routine Program Change Request for Incorporation of the Village of Dobbs Ferry Local Waterfront Revitalization Program into the New York State Coastal Management Program

PURSUANT to 15 CFR 923.84(b), the New York State Department of State (DOS) is submitting a routine program change request to the federal Office of Ocean and Coastal Resource Management (OCRM). The DOS considers this action to be a routine program change (to the State's approved Coastal Management Program) and requests OCRM's concurrence in this determination. The change to the New York State Coastal Management Program (CMP) covered by this request is the incorporation of the Village of Dobbs Ferry Local Waterfront Revitalization Program into the State's CMP.

A major component of the State's CMP is the provision that local governments be allowed to prepare local waterfront revitalization programs which further detail and make geographically specific the State's Coastal Policies. Each local program is reviewed for consistency with the State's CMP and approved if it meets the guidelines established in the State CMP and Article 42 of the NYS Executive Law.

The Village of Dobbs Ferry has completed preparation of a Local Waterfront Revitalization Program (LWRP). The LWRP is a locally prepared, comprehensive land and water use plan for its natural, public, and developed waterfront resources. The Village of Dobbs Ferry prepared its LWRP with assistance from the New York State Department of State and in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The Village of Dobbs Ferry LWRP is a comprehensive coastal management program that is based on the policies of the New York State Coastal Management Program. It provides a comprehensive framework within which critical waterfront issues can be addressed and waterfront improvement projects can be pursued and implemented. The Dobbs Ferry Local Waterfront Revitalization Program will serve as a long term management program for the Village's Hudson River waterfront resources. The program focuses on expanding public access opportunities, redevelopment of the former public works facility located along the waterfront, and protection of scenic and sensitive coastal resources.

The Village of Dobbs Ferry LWRP incorporates the 13 State Coastal Policies and sub-policies. The Villages's LWRP policies will be the basis for consistency determinations made by Village, State, and Federal agencies for actions in or affecting the Village's Coastal Area. To the extent that the Village LWRP policies differ from the State Coastal Policies, the local policies are more specific, identifying location and type of land and water uses to be accommodated within the Village's coastal area. Where appropriate, guidelines and standards are included in the Dobbs Ferry LWRP to assist in applying the 13 State Coastal Policies and sub-policies.

Because a LWRP is an official document and program with provisions that are binding on numerous local, State, and Federal agencies for a broad range of activities, it is necessary to have a thorough process of local, State, and Federal review of the LWRP prior to local adoption and Department of State approval of each LWRP. As such, the Dobbs Ferry LWRP was reviewed during a required 60-day review and comment period from October 15, 2004 to December 16, 2004. At the beginning of this official review period, copies of the Dobbs Ferry LWRP were distributed to local, regional, State, and Federal agencies for their review. At the close of the required 60-day review period, the Department of State coordinated responses to comments received with the Village of Dobbs Ferry, and appropriate modifications to the LWRP document were made to address all

comments received. The Dobbs Ferry Village Board then adopted their LWRP on August 9, 2005. In addition to the LWRP, the Dobbs Ferry Village Board adopted all necessary LWRP-associated implementing local laws. The New York State Secretary of State then approved the Village of Dobbs Ferry LWRP on November 1, 2006 pursuant to the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act (NYS Executive Law, Article 42).

A copy of the approved Village of Dobbs Ferry Local Waterfront Revitalization Program is available for review in Albany at the New York State Department of State offices, Division of Coastal Resources, 41 State St., 8th Fl., Albany, NY.

Any comments on whether or not the action constitutes a routine program change (to the State's approved Coastal Management Program) should be submitted by September 5, 2007 to: Carleigh Trappe, U.S. Office of Ocean and Coastal Resource Management, Coastal Programs Division, SSMC4, N/ORM3, 1305 East-West Highway, Silver Spring, MD 20910.

Further information on this routine program change request may be obtained from: Jeffrey Beach, Division of Coastal Resources, Department of State, 41 State St., 8th Fl., Albany, NY 12231-0001
