Waterford Draft LWRP was prepared with assistance from River Street Planning and Development, L.L.C. and the New York State Department of State, in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The Waterford Draft LWRP is a comprehensive inland coastal management program that is based on the policies of the New York State Coastal Management Program. It provides a comprehensive framework within which critical waterfront issues can be addressed and waterfront improvement projects can be pursued and implemented.

Because a Local Waterfront Revitalization Program (LWRP) is an official document and program with provisions that are binding on numerous local and State agencies for a broad range of activities, it is necessary to have a thorough process of local, State, and Federal review of the LWRP prior to local adoption and Department of State approval of each LWRP.

The Town and Village of Waterford have both accepted their Draft LWRP as complete and ready for public review. Similarly, the Waterford Draft LWRP was accepted by the New York State Department of State as complete and ready for public review and the following New York State required official 60-day review period dates have been established: **November 7, 2007 to January 7, 2008**. At the close of the required 60-day review period, the Department of State and the Town and Village of Waterford will coordinate responses to comments received, and appropriate modifications to the LWRP document will be made to address comments.

Copies of the Waterford Draft LWRP have been distributed to local, regional, State, and Federal agencies for review during this 60-day review period and may also be viewed and downloaded from the following Department of State website: www.nyswaterfronts.com. Copies of the Waterford Draft LWRP are also available for review at the office of the Division of Coastal Resources, NYS Department of State, 41 State Street, Albany, NY; and the offices of the Town and Village of Waterford, both located at 65 Broad Street, Waterford, NY.

Comments on the Town and Village of Waterford Draft LWRP should be submitted by **January 7, 2008** to: Jeffrey Beach, LWRP Processing Coordinator, Department of State, Division of Coastal Resources, 41 State St., Albany, NY 12231-0001, (518) 473-2472, e-mail: jeffrey.beach@dos.state.ny.us.

Department of State

Notice of a 60-Day Review and Comment Period for the
 Town and Village of Waterford
 Draft Local Waterfront Revitalization Program

A major component of New York State's Coastal Management Program (CMP) is the provision that local governments be allowed to prepare Local Waterfront Revitalization Programs, which further detail and make geographically specific the State's Coastal Policies. Pursuant to Article 42 of the New York State Executive Law and 19 NYCRR Part 601, the New York State Department of State has received and accepted a Draft Local Waterfront Revitalization Program (LWRP) from the Town and Village of Waterford.

To approve the Town and Village of Waterford Draft LWRP, the Secretary of State must find that it is consistent with the requirements of Article 42 of the NYS Executive Law and that it does not conflict with existing State programs and policies. Once approved by the NYS Secretary of State, State agency actions must be consistent with the approved LWRP. Therefore, Article 42 of the NYS Executive Law requires that any potentially affected State agency be given the opportunity to comment on the proposed program.

The Town and Village of Waterford have jointly completed preparation of a Draft Local Waterfront Revitalization Program (LWRP). The Waterford Draft LWRP is a locally prepared, comprehensive land and water use plan for the Hudson River's and Erie Canal's natural, public, and developed waterfront resources. The
