PUBLIC NOTICE

Department of State
F-2007-1166 (DA)

Date of Issuance - January 16, 2008

The New York State Department of State (DOS) is required by Federal law to provide timely public notice for the activity described below, which is subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The Corps of Engineers, New York District has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The consistency determination and accompanying public information and data is available for inspection at the New York State Department of State offices located at 41 State Street in Albany, New York.

In F-2007-1166 DA, the Corps of Engineers, New York District is proposing the maintenance dredging of the Federal navigation channel and deposition basins in East Rockaway Inlet, on the south shore of Long Island between Far Rockaway in Queens County and Atlantic Beach in Nassau County, New York. The proposed maintenance dredging would involve the removal of approximately 250,000 cubic yards of material, which would be used as beach nourishment along the Rockaway Beach shoreline. The channel and deposition basins will be dredged to a depth of 14 feet plus 2 feet allowable overdepth.

The purpose of the proposed work is to alleviate the effects of shoaling and maintain the authorized project dimensions. The maintenance dredging of the channel and deposition basins at East Rockaway Inlet will be accomplished by pipeline dredge, hopper dredge, or similar plant. No work will occur during the environmental window for roseate tern and piping plover (April 1 to September 30).

Any interested parties and/or agencies desiring to express their views concerning the above proposed activity may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or February 15, 2008.

Comments should be addressed to the Division of Coastal Resources and Waterfront Revitalization, New York State Department of State, 41 State Street, Albany, New York 12231. Telephone (518) 474-6000; Fax (518) 473-2464.

This notice is promulgated in accordance with Section 306(d)(14) of the Federal Coastal Zone Management Act of 1972, as amended.
