PUBLIC NOTICE

Division of Housing and Community Renewal

Neighborhood Stabilization Program, NYS Program Action Plan
 Public Comment Period Announcement

The U.S. Department of Housing and Urban Development (HUD) has been authorized to administer the new Neighborhood Stabilization Program (NSP). The NSP provides grants to every state and certain local communities to purchase foreclosed or abandoned homes and to rehabilitate, resell, or redevelop these homes in order to stabilize neighborhoods and stem the decline of house values of neighboring homes. The funding is provided through HUD's Community Development Block Grant (CDBG) Program under Title III of the Housing and Economic Recovery Act of 2008.

On September 26 2008, HUD released the Neighborhood Stabilization Program (NSP) allocation amounts for states and other jurisdictions. State and local governments must submit applications for these funds to HUD by December 1, 2008. The applications will be amendments to the jurisdictions' existing, approved consolidated plan and action plan.

The allocation under the NSP for the New York State Program is approximately \$55 million and funds will be administered by the New York State Housing Finance Agency (HFA).

In accordance with HUD guidelines, the NSP proposed Action Plan for the New York State Program must be published for no less than 15

calendar days for public comment before it is submitted to HUD by the December 1, 2008 deadline.

The New York State NSP Action Plan substantial amendment to its CDBG plan will include general information about needs, distribution, use of funds and definitions it will use. The plan will include:

- a description of how the funds will be distributed to the areas of greatest need,
- the grantee's definitions of "blighted structure" and "affordable rents",
- a description of how the grantee will ensure continued affordability for NSP-assisted housing, and
- a description of housing rehabilitation standards that will apply to NSP-assisted activities.

Unless the Housing and Economic Recovery Act of 2008 states otherwise, the regular rules of the CDBG program apply to the NSP funds. CDBG requirements related to fair housing, nondiscrimination, labor standards and the environment, including lead-based paint, must be met in the NSP program.

Grantees must ensure, to the maximum extent practicable and for the longest feasible term, that the sale, rental or redevelopment of abandoned and foreclosed-upon homes remain affordable.

All funds must benefit households below 120% of area median, and 25% of the resources must benefit households below 50% of area median income.

New York State encourages public participation in the development of its NSP Action Plan. To provide an opportunity for that participation, New York State invites interested parties to review and comment on the proposed NSP Action Plan during an upcoming public comment period.

This 15-day public comment period will begin on Friday, November 7, 2008 and extend through close of business on Friday, November 21, 2008.

Beginning on November 7, 2008, the New York State NSP Action Plan may be viewed on and downloaded from the New York State Division of Housing and Community Renewal (DHCR) website at www.nysdhr.gov or from the New York State Housing Finance Agency (HFA) website at www.nyhomes.org. In addition, copies can be requested by e-mail (DHCRConPln@nysdhr.gov) or by calling 1-866-ASK-DHCR (275-3427).

Comments should be mailed to: NYS DHCR, Attention: Brian McCarthy, 38-40 State Street, Albany, New York 12207 or e-mailed to DHCRConPln@nysdhr.gov. Comments must be received by close of business Friday, November 21, 2008.

 DATED: September 30,
 2008

Pursuant to Section 30 of the Labor Law, the Commissioner of Labor has reviewed the above cited provisions of Industrial Code Rule 32, as they relate to the use of conveyors for skiers and passengers with recreational devices.

The Commissioner of Labor has also reviewed numerous petitions for variance or other relief relative to such conveyors and the decisions rendered relative to these petitions.

The Commissioner of Labor finds that the issuance of an Applicable

Variance from the above cited provisions of Industrial Code Rule 32, as such pertain to the use of conveyors for skiers and passengers with recreational devices, would not violate the spirit and purpose of said rules and would secure the public safety as contemplated by said rules.

APPLICABLE VARIANCE

THE CONDITIONS

1. For new or relocated conveyor installations submitted after the effective date of this Applicable Variance, all provisions within Section 7 of ANSI B77.1-2006 shall be followed for the design, installation and use of conveyors for skiers and passengers with recreational devices subject to the following conditions:
