Low bidders who cannot meet these provisions may be subject to disqualification and forfeiture of the bid security.

The State intends to expedite award of this contract and the contractor shall be prepared to proceed with the work accordingly. Bidders are warned that time is of the essence of the contract and completion of the work must be within 180 days after the agreement is approved by the Comptroller. Due to the tightness of the construction schedule, bidders should consider the necessity for an increased work force and shift operations.
