Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

NOTICE OF ANNULMENT OF DISSOLUTION OF CERTAIN BUSINESS CORPORATIONS

Under the Provisions of Section 203-a of the Tax Law, As Amended The Secretary of State hereby provides notice that the following corporations, which were duly dissolved in the manner prescribed by Section 203-a of the Tax Law, have complied with the provisions of subdivision (7) of Section 203-a of the Tax Law, annulling all of the proceedings theretofore taken for the dissolution of each such corporation. The appropriate entries have been made on the records of the Department of State.

PUBLIC NOTICE

Office of Alcoholism and Substance Abuse Services

Pursuant to Articles 19 and 61 of the Mental Hygiene Law, the New York State Office of Alcoholism and Substance Abuse Services (OASAS) hereby gives public notice of the following:

Federal Substance Abuse Prevention and Treatment Block Grant Application and Annual Synar Report

OASAS has developed an application for 2011 Federal fiscal year funding of the Substance Abuse Prevention and Treatment (SAPT) Block Grant. Comments from the public are invited during the period September 20, 2010 through September 24, 2010.

The application, which will be submitted by OASAS as required by the Federal government, includes assurances and certifications of compliance with Federal statute and regulations, prevention and treatment goals and objectives for OASAS and subrecipients funded with this grant and a description of the intended use of 2011-2013 Block Grant funds. The Synar Report details New York's efforts to limit tobacco sales to minors and completes New York's submission for the 2011 award.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for inpatient hospital, long-term care, and non-institutional services to comply with recently enacted statutory provisions. The following provides notification of new significant changes:

- Commencing September 16, 2010, all non-exempt payments shall be uniformly reduced by between 1.0 and 1.5 percent. Such reduction shall be applied, to the extent practicable, in equal amounts during the fiscal year. Such reduction shall continue through March 31, 2011.
- Payments exempt from the uniform reduction based on federal law prohibitions include, but are not limited to, the following:
 - Federally Qualified Health Center services;
 - Indian Health Services and services provided to Native Americans;
 - Supplemental Medical Insurance - Part A and Part B;
 - State Contribution for Prescription Drug Benefit (aka Medicare Part D payments);
 - Any local share cap payment required by the Federal medical assistance percentage (FMAP) increase legislation;
 - Required payments related to the School Supportive Health Services Program and Preschool Supportive Health Services Program settlement agreement;
 - Services provided to American citizen repatriates.
- Payments exempt from the uniform reduction based on their being funded exclusively with federal and/or local funds include, but are not limited to, the following:
 - Upper payment limit payments to non-state owned or operated governmental providers certified under Article 28 of the NYS Public Health Law;
 - Certified public expenditure payments to the NYC Health and Hospital Corporation;
 - Certain disproportionate share payments to non-state operated or owned governmental hospitals;
 - Services provided to inmates of local correctional facilities.
- In addition, Medicaid administration costs paid to local governments, contractors and other such entities will also be reduced in the same manner as described above.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to these proposed initiatives for state fiscal year 2010/2011 is up to \$332 million dollars.

Copies of the proposed state plan amendments will be on file and available for public review in each local (county) social services district.

For the New York City district, copies will be available at the following places:

PUBLIC NOTICE

Department of State

F-2010-0157

Date of Issuance – September 15, 2010

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

In F-2010-0157, The Town of Clarkstown, proposes to construct a drainage improvement project in the hamlet of Central Nyack and is proposed to include upgrades to the existing storm drainage system as well as the construction of a 45 acre foot impoundment generally bounded by Schuyler Rd on the west, Vine street on the north, the Village of Nyack on the west and the Town of Clarkstown town line on the south. The 45 acre foot impoundment requires the construction of a 14 foot high earth dam and impacts approximately 3 acres of U.S. Army Corps of Engineers regulated wetlands which are proposed to be mitigated by the establishment of 3 acres of constructed wetlands.

The project is designed to retain stream flow, that drains approximately 198 acres of parkland, during a range of storm events and convey storm runoff from approximately 47.19 acres of residential area into the aforementioned stream, downstream of the proposed impoundment.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or, October 15, 2010.

Comments should be addressed to the New York State Department of State, Office of Coastal, Local Government and Community Sustainability, One Commerce Plaza, 99 Washington Avenue, Suite, 1010, Albany, New York 12231, (518) 474-6000, Fax (518) 473-2464.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of State
F-2010-0705 (DA)

Date of Issuance – September 15, 2010

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Department of Interior's Fish and Wildlife Service, has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

United States Department of Interior's Fish and Wildlife Service, through their Partners for Fish and Wildlife program, proposes to re-open historic channels, allowing current to pass through the wetland, and connect upland inlets with Delaney Bay. Approximately 60 acres of monotypic cattail marsh will be restored or enhanced to provide spawning/nursery habitat for northern pike and habitat for wetland dependent birds. All restoration will take place in the marsh area using an amphibious excavator equipped with a ditching head. The ditching head is capable of restoring channels to a width of up to four feet wide – by two feet deep. While on site, appropriate channel bends will be enhanced with shallow "oxbow" areas with an approximate width of six to eight feet wide – by one foot deep. These oxbows will encourage re-vegetation and diversity in wetland plants at the site. The site is between Middle and Rusho Bay Roads on Grindstone Island. The excavator will be refueled on the upland and spill containment pads will be utilized during refueling. Suny-ESF will monitor the site as part of their ongoing assessment of the Conservation Strategy for the St. Lawrence River. The work is proposed for the fall.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, September 30, 2010.

Comments should be addressed to the New York State Department of State, Office of Coastal, Local Government and Community Sustainability, One Commerce Plaza, 99 Washington Avenue, Suite, 1010, Albany, New York 12231, (518) 474-6000, Fax (518) 473-2464.

PUBLIC NOTICE

Department of State
F-2010-0706 (DA)

Date of Issuance - September 15, 2010

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Department of Interior's Fish and Wildlife Service, has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

United States Department of Interior's Fish and Wildlife Service, through their Partners for Fish and Wildlife program, proposes to re-open historic channels, allowing current to pass through the wetland, and connect the St. Lawrence River with Flynn Bay. The site is between Club and Grindstone Island. Approximately 7 acres of the present monotypic cattail marsh will be restored or enhanced to provide spawning/nursery habitat for muskellunge and habitat for wetland de-

pendent birds. Additionally, with water flow restored, oxygen levels in Flynn Bay should rebound, allowing for significant improvement/restoration in this habitat. All restoration will take place in the marsh area using an amphibious excavator equipped with a ditching head. The ditching head is capable of restoring channels to a width of up to four feet wide – by two feet deep. All spoils will be side-cast from 0-30 feet in a relatively uniform fashion, with no apparent change in existing elevation. The excavator will be refueled on the upland and spill containment pads will be utilized during refueling. Suny-ESF will monitor the site as part of their ongoing assessment of the Conservation Strategy for the St. Lawrence River. The work is proposed for the fall.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, September 30, 2010.

PUBLIC NOTICE

Department of State
F-2010-0796 (DA)

Date of Issuance –September 15, 2010

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Department of the Interior, Army Corps of Engineers - New York District (Corps) has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The consistency determination, draft Environmental Assessment, and accompanying public information and data is available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2010-0796 (DA), the U.S. Army Corps of Engineers - New York District, is proposing work to expand the inlet dredging area at Mattituck Inlet within the Town of Southold, Suffolk County, New York. The proposed work would increase the existing channel footprint to -11 feet MLW in depth and would increase the channel width to obtain 90,000cy of material. An additional 10,000cy of material would be obtained from the updrift fillet within the public park know as Breakwater Beach. This 100,000cy of material for bypassing would be removed as a combined project under the Continuing Authority Program. Section 111 project and maintenance dredging under the Corps' Operation and Maintenance Program. Future bypassing would occur every 9-10 years as a combined Section 111 Project and as a maintenance dredging project. The Section 111 study supporting the selected project alternative was conducted under the Corps of Engineers' Continuing Authorities Program and was initiated based on a request from the New York State Department of Environmental Conservation (NYSDEC) concerned with erosion induced by the Federal Navigation Project at Mattituck Harbor, New York.

According to the information provided to the Department of State, the Corps has determined that the selected alternative is the best engineering solution and that implementation of the proposed Section 111 project will have significant beneficial impacts to the environment and surrounding communities including benefits to aquatic habitats and species, shorebird communities, improved downdrift shoreline stabilization and recreational opportunities, and reduced risk of storm damages due to the effects of the jetties.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, September 30, 2010.

Comments should be addressed to the New York State Department of State, Office of Coastal, Local Government and Community Sustainability, One Commerce Plaza, 99 Washington Avenue, Suite 1010, Albany, New York 12231, (518) 474-6000, Fax (518) 473-2464.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE
Department of State

The Department of State announces the availability for public review and comment of New York State's draft Section 309 Combined Assessment and Strategy for 2011 - 2015. The Combined Assessment and Strategy is a public document, prepared by the State's Coastal Management Program (CMP) for approval by the National Oceanic and Atmospheric Administration's Office of Ocean and Coastal Resource Management (OCRM) in order for the State to be eligible for federal Section 309 funding in FY2011-2015.

The document is presented in two parts: an assessment section which describes the current status and associated accomplishments by the State in each of nine federal 'priority enhancement areas' (Wetlands, Coastal Hazards, Public Access, Marine Debris, Cumulative and Secondary Impacts, Special Area Management Planning, Ocean/Great Lakes Resources, Energy and Government Facility Siting, and Aquaculture); and a section which articulates the strategies the Department plans to pursue over the next five years using federal Section 309 funds to: update the State's Significant Coastal Fish and Wildlife Habitat program; establish a direct permit program within State designated Significant Coastal Fish and Wildlife Habitats; modify coastal policies to address marine debris, and develop related guidance for communities; develop ecosystem scale Local Waterfront Revitalization Programs (LWRPs); develop a NYS coastal management program amendment for Long Island's south shore estuary; and to develop a NYS coastal management program amendment for the Atlantic Ocean and Great Lakes.

The draft Section 309 Combined Assessment and Strategy is available for review at <http://nyswaterfronts.com/index.asp>. Comments on the draft document should be sent in writing via e-mail to coastal@dos.state.ny.us. Please type 'Comments on Draft 309 Assessment and Strategy' in the e-mail's subject line. Comments are due no later than Friday October 15, 2010.
