A draft amendment to the Village of Sodus Point Local Waterfront Revitalization Program (LWRP) has been prepared pursuant to provisions of the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program (NYS CMP). The LWRP serves as a comprehensive management program for the Village's Ontario Lake and Sodus Bay waterfront resources, and was approved by the New York State Secretary of State on December 28, 2006 and incorporated into the State Coastal Management Program on April 17, 2008.

The Village subsequently adopted new zoning controls, which strengthen the ability of the Village to implement the policies and uses set forth in the LWRP, and participated in the development of the intermunicipal Greater Sodus Bay Harbor Management Plan, which will better manage water uses. The LWRP is being amended to incorporate the new zoning controls and the findings and recommendations of the intermunicipal Greater Sodus Bay Harbor Management Plan. Upon approval by the Secretary of State, the Department of State intends to request the incorporation of the Sodus Point LWRP amendment into the NYS CMP.
