PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for inpatient hospital, long term care, non-institutional services and prescription drugs to comply with recently enacted State statutory provisions. The following provides clarification to previously noticed provisions and notification of new significant changes:

Institutional Services

- To clarify the previously noticed provision on March 30, 2011, regarding the limit on hospital inpatient rates of payment for cesarean deliveries, the statewide base price will be reduced by \$24.2 million in aggregate as an interim adjustment, effective July 1, 2011. This reduction to the base rate will remain in effect until such time that a risk adjusted hospital specific factor can be implemented to incentivize providers to an appropriate level of cesarean services.

The previously noticed reduction effective April 1, 2011, to limit the payment for cesarean deliveries to the average Medicaid payment for vaginal deliveries will not be implemented and the claims will not be subject to an appeal process.

Prescription Drugs

• Effective October 1, 2011, New York State Medicaid beneficiaries have the option of filling their prescriptions at either a local retail outlet of their choice or by a mail-order pharmacy. Mail-order pharmacy service is available to all fee-for-service Medicaid beneficiaries statewide. The mail-order pharmacy shall be any willing provider registered as a mail-order pharmacy with the New York State Department of Education and enrolled in New York State Medicaid.

All policies and procedures that apply to retail pharmacies also apply to the mail-order pharmacy, except for the following:

(a) The mail-order pharmacy is reimbursed as follows - brand name drugs: AWP-20% or WAC-4% (dispensing fee \$3.50); generic drugs: the lower of AWP-25%, Federal Upper Limit (FUL), State Maximum Allowable Cost (SMAC), usual and customary, or Average Acquisition Cost (dispensing fee \$1.00).

(b) If authorized by the prescriber, the mail-order pharmacy may dispense drugs in up to a 90-day supply.

The estimated annual net aggregate decrease in gross Medicaid expenditures attributable to this initiative for state fiscal year 2011/2012 is \$10 million.

For all of these initiatives, the estimated annual net aggregate decrease in gross Medicaid expenditures for state fiscal year 2011/2012 is \$34.2 million.

Date of Issuance – June 15, 2011

The New York State Department of State (DOS) is required by Federal law to provide timely public notice for the activity described below, which is subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Department of Interior, Army Corps of Engineers - New England District has determined that the proposed activity

complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The consistency determination and accompanying public information and data is available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2011-0086 (DA), The U.S. Army Corps of Engineers, New England District, has submitted a consistency determination for the final version of the 2011 Connecticut Programmatic General Permit, which includes activities authorized under Section 10 of the Rivers and Harbors Act of 1899; and the discharge of dredged or fill material into waters of the United States under Section 404 of the Clean Water Act within Long Island Sound. General permits are issued on a regional or State-wide basis to streamline the authorization of activities that meet predetermined parameters that would result in minimal individual and cumulative adverse effects on the aquatic environment. A Division may elect to add regional conditions specific to the needs of a particular region.

DOS previously reviewed the draft permit, under the same file number, and concurred with the Corps' consistency determination, with conditions to be implemented within the final version. Those conditions have been addressed within the final version. More information on the proposal to reissue and modify the Connecticut General Permit can be found on the U.S. Army Corps of Engineers - New England District website at: <http://www.nae.usace.army.mil/reg/11/spn012511CTPGP.pdf> or by contacting the New England District, Corps of Engineers at: 696 Virginia Road, Concord, MA 01742-2751.
