PUBLIC NOTICE

Department of State
F-2012-0640 (DA)

Date of Issuance – August 15, 2012

The New York State Department of State (DOS) is required by Federal law to provide timely public notice for the activity described below, which is subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The United States Coast Guard, Department of Homeland Security, has determined that the proposed activity complies with and will be conducted in a manner consistent to the maximum extent practicable with the approved New York State Coastal Management Program. The consistency determination and accompanying public information and data is available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

In F-2012-0640 DA, the U.S. Coast Guard has submitted a consistency determination for maintenance, upgrades and repairs of the existing boat basin at the USCG Station Oswego, Oswego River, City of Oswego, Oswego County. The proposed activity involves the following:

- Maintenance dredging of the existing boat basin with subsequent upland disposal of ~1,500cy of material at an approved upland location;
- West Stone Bulkhead: Rehabilitation of the failing stone bulkhead by installing rock-socketed steel soldier piles in front of wall, precast panels between piles, lean concrete fill between new and existing, new concrete cap and walkway, new fender system, installation of a new mooring devices and construction of a new electric shore tie along the bulkhead;
- Floating Dock: Removal of existing dock and installation of a new concrete floating dock system and gangway;
- Marine Launch way Area: Demolition of the western steel pier, the western rail system and associated grating, provide upgraded fender system along all remaining faces of piers, correct framing, cleat, grating, and concrete deficiencies;
- South Steel Sheet Pile Bulkhead: Removal of remaining fender(s) and provide new concrete facing, correct adjacent settlement and replace adjacent concrete walkways;
- South Concrete Bulkhead: Installation of new concrete facing and upgraded fender system;
- High Level Stone Wall: Removal of stone wall down to adjacent general waterfront elevations of top of pier, installation of paving, repair of existing fence and electrical system as required; and
- Removal of existing fuel dispensing system and install new fuel dispensing system and associated structures.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activity may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or August 30, 2012.

Comments should be addressed to: Department of State, Division of Coastal Resources, Attn: Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464, comments may also be submitted electronically at: CR@dos.ny.gov

This notice is promulgated in accordance with Section 306(d)(14) of the Federal Coastal Zone Management Act of 1972, as amended.

PUBLIC NOTICE

Department of State
F-2012-0691

Date of Issuance – August 15, 2012

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2012-0691, Noank Village Boat Yard, located at 38 Bayside Avenue, Noank, Town of Groton, New London County, CT, has applied to the U.S. Army Corps of Engineers, New England District, under the Connecticut Programmatic General Permit (CT PGP) to perform maintenance dredging of the existing marina facility, with subsequent confined disposal of approximately 9,000 cubic yards (cy) of dredged material at the New London Disposal Site (NLDS) within Long Island Sound. A minimum of 30,000cy of capping material has been required as a condition of the permit issued by the Connecticut Department of Energy and Environmental Protection. The NLDS is an open-water disposal site located within Long Island Sound, approximately 3.1 nautical miles south of Eastern Point, Groton, CT and approximately 2.1 nautical miles northeast of Fishers Island, Town of Southold, Suffolk County, NY.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or, by Friday, September 15, 2012.

Comments should be addressed to: Department of State, Division of Coastal Resources, Attn: Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464, comments may also be submitted electronically at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.
