In F-2011-0742, the applicant - Shinnecock Tribe - as the Shinnecock Tribal Oyster Project, has certified that the proposed shellfish aquaculture activity(ies) comply with and will be conducted in a manner consistent to the maximum extent practicable with the New York State Coastal Management Program. The applicant's federal consistency certification and accompanying public information and data is available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

The applicant proposes deployment of eighty-one (81) cages (dimensions 32"W x 36"L x 4' H) to be situated on the soft bottom substrate and submerged aquatic habitat of Shinnecock Bay and twenty-five (25) floating stringer units (22"W x 22' L x 8"H) at the surface with 4' plastic floats attached, each consisting of twenty (20) shellfish containers per line. The cage structure(s) are proposed to be located in the subtidal zone (open water, always submerged). The species to be cultivated include Eastern oyster (*Crassostrea virginica*) and hard clams (*Mercenaria mercenaria*) with future possible cultivation of soft clams (*Mya arenaria*) and bay scallops (*Argopecten irradians*). The cultivation constitutes a commercial, water dependent use providing economic benefit to the Shinnecock.

According to the information provided to the Department of State, the on-bottom and off-bottom equipment will be deployed within 500 feet of the low tide watermark on the western side of the Shinnecock Indian Reservation at two locations designated Area A and Area B. Area A consists of 21 acres of underwater lands at Cuffee Beach (directly adjacent to reservation lands) and Area B consists of 8.3 acres of underwater lands at Heady Creek (also directly adjacent to reservation lands). The applicant's right to use the underwater lands and the overlying water column at these sites is based upon a claim of ownership to these same underwater lands by the Shinnecock Nation. The applicant indicates that documentation of ownership is presently on file with the New York State Department of Environmental Conservation (NYSDEC). Application necessary for review of the proposal and issuance of aquaculture permits has been submitted to the NYSDEC.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 30 days from the date of publication of this notice, or, close of business on February 25, 2012.

Comments should be addressed to: Department of State, Division of Coastal Resources, One Commerce Plaza, 99 Washington Ave., Suite 1010, Albany, NY 12231, (518) 474-6000, fax (518) 473-2464

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.
