### UNITS OF LOCAL GOVERNMENT WITHIN TARGETED COUNTIES

#### **Federal Fiscal Year 2012 Critical Infrastructure Grant Program (CIGP)**

##### Description:

The purpose of this Request for Applications (RFA) is to solicit applications for up to \$40,000 in State Homeland Security Program (SHSP) funding made available by the New York State Division of Homeland Security and Emergency Services (DHSES) for critical infrastructure protection. There is a total of \$200,000 in funding available under this RFA and funding will be awarded competitively based upon the submission of completed applications.

The FY 2012 Critical Infrastructure Grant Program (CIGP) promotes a common understanding of risk management. Applicants select a critical infrastructure site and complete a risk assessment for that site. First responders assess their capability to prevent and protect against attacks on the site. Grant funding is then applied to mitigate vulnerabilities identified in the risk assessment or enhance first responder's capabilities.

The priority focus for the FY2012 CIGP is government owned critical infrastructure sites. Examples of government owned sites include, but are not limited to, government office buildings (city/town halls, courthouses), emergency services (emergency operations centers, 911 centers, police or fire stations), and water systems (water treatment facilities, water distribution, wastewater treatments).

##### ELIGIBLE RECIPIENTS:

Only units of local government within targeted counties are eligible to apply for the FY 2012 Critical Infrastructure Grant Program. Units of local governments include: counties, cities, towns, and/or villages. Privately owned and not-for-profit sites are not eligible to participate.

Targeted counties are: Albany; Dutchess; Erie; Livingston; Madison; Monroe; Nassau; New York City; Niagara; Onondaga; Ontario; Orange; Orleans; Oswego; Putnam; Queens; Rensselaer; Rockland; Saratoga; Schenectady; Schoharie; Suffolk; Wayne; and Westchester.

The application must be coordinated with at least two (2) first responder agencies with prevention and/or protection responsibilities at the selected site. These must be law enforcement, fire department, or emergency management agencies.

Applications will be accepted through 11:59 p.m. on March 21, 2013 via e-mail to [grants@dhses.ny.gov](mailto:grants@dhses.ny.gov).
