In addition, the requirement to reweight the APG weights used in the APG payment method is being revised from an annual requirement to a reweight of no less frequently than every two years. The estimated annual change to gross Medicaid expenditures as a result of this proposal is \$0.

The public is invited to review and comment on this proposed state plan amendment, which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to revise provisions of the Ambulatory Patient Group (APG) reimbursement methodology on or after July 1, 2013 so that the administration of a Long-Acting Reversible Contraceptive (LARC) (e.g., Inter Uterine Device-IUD) will be carved out of the APG reimbursement methodology when it is provided on the same Date of Service (DOS) as an abortion. Providers will be able to submit a separate claim using rate code 1339 when they administer a LARC during a visit in which an abortion procedure is rendered.

There is no estimated annual change to gross Medicaid expenditures as a result of the proposed amendments. However, the State will realize additional Federal Financial Participation (FFP) upon approval of the State Plan Amendment. Presently, when an IUD is provided immediately following an abortion, both the abortion and IUD insertion are billed on the same Medicaid claim and no FFP is claimed for the entire visit. Upon State Plan approval, a claim separate and distinct from the abortion procedure will be billed to Medicaid. The State will be able to claim 90% FFP for the IUD insertion.

The public is invited to review and comment on this proposed state plan amendment, which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan amendment will be on file in each local (county) social services district and available for public review.
