## PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health (DOH) proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to comply with 2012-13 enacted budget statutory provisions. The following changes are proposed:

### Non-Institutional Services

Effective on or after April 1, 2014, the following is a new category of service for monthly payments for harm reduction counseling and other services for active injection drug users at authorized NYS DOH AIDS Institute Syringe Exchange Program providers (community-based organizations). The intention is to improve high-risk drug user health leading to a reduction in emergency department and inpatient care from drug overdose, injection site infections, and the related disease transmission costs (HIV, HBV, and HCV) resulting from active injection drug use. Evidence has shown harm reduction programs as effective in targeted outreach activities to engage high-risk populations and serve as a bridge for entry into drug treatment and other health and social services.

Regional monthly rates will be established for New York City and the rest of the state and are based on the expected direct service costs in each region. Billable activities encompass those components of harm reduction attributable to direct client service, such as intake/screening, assessment, crisis intervention, supportive counseling, opioid overdose prevention training, and reassessment. Direct and indirect costs are budgeted as part of the rate. No funds shall be used to carry out the purchase or distribution of sterile needles or syringes for the hypodermic injection of any illegal drug.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2014/2015 is \$440,000.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at [http://www.health.ny.gov/regulations/state\\_plans/status](http://www.health.ny.gov/regulations/state_plans/status).

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

**Notice of Routine Program Change**

**Town of Southold**

**Local Waterfront Revitalization Program Amendment**

PURSUANT to 15 CFR 923.84(b), the New York State Department of State (DOS) has submitted a routine program change to the federal Office of Ocean and Coastal Resource Management (OCRM). The change to the New York State Coastal Management Program (CMP) covered by this request is the incorporation of an amendment to the Town of Southold Local Waterfront Revitalization Program (LWRP) into the State's CMP.

The Town of Southold LWRP is a long term comprehensive coastal management program for the Town's Long Island Sound and Peconic Bay waterfront resources, and is based on the policies of the New York State Coastal Management Program. A major component of the State's CMP is the provision that local governments be allowed to prepare and amend Local Waterfront Revitalization Programs, which further detail and make geographically specific the State's coastal policies. Each LWRP is reviewed for consistency with the State's CMP and approved if it meets the guidelines established in the State CMP and Article 42 of the NYS Executive Law.

The Southold LWRP was originally approved by the New York State Secretary of State on June 21, 2005 and incorporated into the State Coastal Management Program on November 2, 2005. Since then, upon approval of the Secretary of State, the descriptions and narratives for a number of existing Significant Coastal Fish and Wildlife Habitats (SCFWH) located in Long Island Sound and Peconic Bay were revised to better reflect current conditions, and new SCFWHs were also designated. All of the changes to the Long Island Sound and Peconic Bay SCFWHs have been incorporated into the New York State Coastal Management Program (CMP), as Routine Program Implementation Actions. The Town amended its LWRP to reflect the modifications to the SCFWHs located within the Town of Southold's coastal area, such as revisions to the habitat narratives and boundaries of the Mattituck Inlet Wetlands and Beaches, and Fishers Island Beaches/ Pine Islands and Shallows SCFWHs, and the inclusion of the Goldsmith Inlet and Beach, Pipes Cove Creek and Moores Drain, and Dumpling Islands and Flat Hammock as new SCFWHs. This amendment also reflects revisions to Chapter 268 of Southold's Town Code (Waterfront Consistency Review) which will strengthen the ability of the Town to implement the LWRP by assuring that Town actions are undertaken in a manner consistent to the maximum extent practicable with the LWRP.

The Town prepared the LWRP amendment in partnership with the New York State Department of State, in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The draft LWRP amendment was circulated to potentially affected State, federal, and regional agencies during a review period from April 27, 2011 to May 20, 2011. Following this review period, the Department of State coordinated responses to comments received with the Town of Southold, and revised the draft LWRP where necessary. The Southold Town Board then adopted the amended

LWRP on June 21, 2011, which was subsequently approved by the New York State Secretary of State on February 25, 2014, pursuant to the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act (NYS Executive Law, Article 42).

The amended Town of Southold Local Waterfront Revitalization Program is available online at [http://www.dos.ny.gov/opd/programs/WFRevitalization/LWRP\\_\\_status.html](http://www.dos.ny.gov/opd/programs/WFRevitalization/LWRP__status.html).

Any comments on whether or not the action constitutes a routine program change to the State's approved Coastal Management Program should be submitted by April 11, 2014 to:

Joelle Gore, U.S. Office of Ocean and Coastal Resource Management, Coastal Programs Division, SSMC4, N/ORM3, 1305 East-West Highway, Silver Spring, MD 20910.

*Further information on this routine program change may be obtained from:* Renee Parsons, Office of Communities and Waterfronts, Department of State, 99 Washington Ave., Suite 1010, Albany, NY 12231-0001; telephone (518) 473-2461

Department of State  
Notice of Routine Program Change  
Town of Wheatfield  
Local Waterfront Revitalization Program

PURSUANT to 15 CFR 923.84(b), the New York State Department of State (DOS) has submitted a routine program change to the federal Office of Ocean and Coastal Resource Management (OCRM). The change to the New York State Coastal Management Program (CMP) covered by this request is the incorporation of the Town of Wheatfield Local Waterfront Revitalization Program (LWRP) into the State's CMP.

A major component of the State's CMP is the provision that local governments be allowed to prepare Local Waterfront Revitalization Programs, which further detail and make geographically specific the State's coastal policies. Each LWRP is reviewed for consistency with the State's CMP and approved if it meets the guidelines established in the State CMP and Article 42 of the NYS Executive Law.

The Town of Wheatfield LWRP is a long-term intermunicipal management program for the Town's waterfront resources along Niagara River and Tonawanda Creek/ Erie Canal, and is based on the policies of the New York State Coastal Management Program. The State's Coastal Management Program established the State Coastal Area Boundary in accordance with the requirements of the Coastal Zone Management Act of 1972, as amended, and the Act's implementing rules and regulations. To more effectively plan for, manage, and protect its waterfront resources, the Wheatfield LWRP expands the State Coastal Boundary to include waterfront lands along the Tonawanda Creek/Erie Canal and more inland along the Niagara River.

The Town of Wheatfield LWRP includes a comprehensive description of the existing and proposed land and water uses to be accommodated within the Local Waterfront Revitalization Area in accordance with the local regulations and identifies the next generation of waterfront revitalization projects. The Town enacted the LWRP Consistency Review Law, which establishes a management structure to assure that local actions are reviewed for consistency with the provisions of the LWRP, and a new Waterfront Residential (R-W) District to establish minimum building setback along local waterways.

The Town of Wheatfield prepared the LWRP in partnership with the New York State Department of State, in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The draft LWRP was circulated by the Department of State to potentially affected State, federal, and regional agencies during a review period from September 5, 2012 to November 5, 2012. Following this review period, the Department of State coordinated responses to comments received with the Town of Wheatfield, and revised the draft LWRP where necessary. The Town of Wheatfield LWRP was adopted by resolution by the Town of Wheatfield Town Board on

March 25, 2013, and approved by the New York State Secretary of State on February 25, 2014, pursuant to the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act (NYS Executive Law, Article 42).
