PUBLIC NOTICE

Department of State
F-2014-0444

Date of Issuance – November 12, 2014

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2014-0444, William Frenz, has applied to the U.S. Army Corps of Engineers, New York District, for a permit to construct a permanent mooring for the Showboat Riverboat (Showboat), a floating entertainment venue, and additional docks within the Byram River located at the Village of Port Chester Park at 2 Willet Avenue, Village of Port Chester, Town of Rye, Westchester County. The structures currently proposed are as follows: proposed installation of three (3) 3' x 47' finger float; installation of two (2) 6' x 49' floating docks, one at either end of the Showboat; installation of one (1) 6' x 89' floating dock parallel to and immediately seaward of the Showboat; installation of one (1) 10' x 89' floating dock parallel to and between the existing dock and the Showboat; installation of two (2) 7.5' x 15.5' long floating docks located inside the rear portion of the associated float at the stern of the Showboat, and two (2) 343ft² triangular shaped floating docks located at the bow of the Showboat.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, November 27, 2014.

Comments should be addressed to the Department of State, Coastal Management Program, Consistency Review Unit, One Commerce Plaza, Suite 1010, 99 Washington Ave., Albany, NY 12231. (518) 474-6000; Fax (518) 473-2464. Electronic submissions can be made at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

PUBLIC NOTICE

Department of Taxation and Finance
Tax Law Article 13-A Rates

Pursuant to the provisions of subdivisions (e), (f), (g) and (h) of section 301-a, subdivision (b) of section 301-d, subdivisions (b) and (c) of section 301-e, subdivisions (a) and (c) of section 301-j and subdivision (a) of section 308 of the Tax Law, the Commissioner of Taxation and Finance hereby gives public notice regarding the petroleum business tax (Tax Law, Article 13-A) rate adjustment calculation and the resulting rates effective January 1, 2015 (effective March 1, 2015 for quarterly filers) as follows: The motor fuel and highway diesel motor fuel rate is adjusted from \$.111 to \$.107; the non-highway diesel motor fuel rate is adjusted from \$.100 to \$.097; the residual petroleum product rate is adjusted from \$.076 to \$.074; the kero-jet fuel rate is adjusted from \$.073 to \$.071; the aviation gasoline rate is adjusted from \$.111 to \$.107; the rate of the supplemental tax on aviation gasoline is adjusted from \$.073 to \$.071; and the rate of the supplemental petroleum business tax is adjusted from \$.073 to \$.071. The separate rate of supplemental petroleum business tax with respect to highway diesel motor fuel is adjusted from \$.0555 to \$.0535; it is computed by subtracting one and three-quarters cents from the adjusted rate of the supplemental petroleum business tax. The railroad diesel rate is adjusted from \$.098 to \$.094; it is computed by subtracting one and three-tenths cents from the motor fuel and highway diesel motor fuel rate.

The basic utility credit (or reimbursement) rate with respect to

residual petroleum product is adjusted from \$.0619 to \$.0599 and the basic utility credit (or reimbursement) rate with respect to non-highway diesel motor fuel product is adjusted from \$.0623 to \$.0603. The basic utility credit (or reimbursement) rates are further adjusted by adding one-half of one cent to the adjusted basic rates of the utility credits (or reimbursements); as a result the utility credit (or reimbursement) rate with respect to residual petroleum product is adjusted from \$.0669 to \$.0649, and the utility credit (or reimbursement) rate with respect to non-highway diesel motor fuel product is adjusted from \$.0673 to \$.0653.

The adjusted petroleum business tax rates are obtained by multiplying the existing rates by a fraction, the numerator of which is the sum of the monthly producer price indices (unadjusted) for refined petroleum products for the twelve consecutive months ending with the month of August 2014, and the denominator of which is the sum of the monthly producer price indices (unadjusted) for refined petroleum products for the twelve consecutive months ending with the month of August 2013. Such monthly producer price indices for the twelve consecutive months ending with the month of August 2014, are 300.7, 290.8, 277.9, 280.8, 281.8, 287.1, 294.1, 301.1, 298.4, 298.4, 294.2, and 291.1, which total 3496.4. Such monthly producer price indices for the twelve consecutive months ending with the month of August 2013, are 327.8, 320.8, 292.4, 283.3, 287.6, 311.3, 303.8, 297.6, 296.4, 296.6, 294.2, and 301.1, which total 3612.9. The producer price index for the category of commodities designated as refined petroleum products is published monthly by the Bureau of Labor Statistics of the U.S. Department of Labor. As required by law, the adjusted rates, except the utility credit (or reimbursement) rates and the rate of supplemental petroleum business tax with respect to highway diesel motor fuel, have been rounded to the nearest tenth of one cent. The utility credit (or reimbursement) rates and the rate of supplemental petroleum business tax with respect to highway diesel motor fuel have been rounded to the nearest hundredth of one cent. Section 301-a of the Tax Law does not allow the rates to change by more than 5 percent of the rates in effect on December 31. The computed rate change would be a decrease of 3.2 percent; therefore, none of the above rates were subject to the 5 percent limitation.
