PUBLIC NOTICE

Department of State
F-2015-0090 (DA)

Date of Issuance – April 1, 2015

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities

described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The U.S. Army Corps of Engineers, New York District (Corps), has determined that the proposed activity will be undertaken in a manner consistent to the maximum extent practicable with the enforceable policies of the New York State Coastal Management Program. The applicant's consistency determination and accompanying supporting information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue in Albany, New York.

The proposed action involves the Maintenance Dredging of Buttermilk Channel Federal Navigation Project, with placement of approximately 90,000 cubic yards of the dredged material at a contractor furnished, state permitted upland placement site(s). The proposed maintenance dredging would involve the removal of approximately 90,000 cubic yards of material to depths of 35 feet and 40 feet below mean lower low water (MLLW) plus 2 feet of allowable overdepth in specified areas. Placement of the dredged material is proposed to be at a suitable contractor-furnished, state-permitted upland placement site(s). Maintenance dredging of the channel will be accomplished by a mechanical dredge, or similar plant. The entire channel will generally not require maintenance dredging, only areas where shoaling has reduced the depth of the channel will require dredging.

The purpose of the proposed dredging is to maintain the authorized project dimensions, thereby assuring safe and economical use of the Buttermilk Channel by shipping interests. The proposed dredging for this cycle is anticipated to occur in the summer/fall of 2015. The Corps published a public notice on February 3, 2015 and expired on March 5, 2015.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, April 16, 2015.

Comments should be addressed to the Consistency Review Unit, New York State Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Avenue, Suite, 1010, Albany, New York 12231. Telephone (518) 474-6000; Fax (518) 473-2464. Electronic submission can be made to: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.
