WITNESS my hand and the official seal of the Department of State at its office in the City of Albany this twenty-eighth day of October in the year two thousand fifteen.
 CESAR A. PERALES
Secretary of State

PUBLIC NOTICE

Department of State
 F-2015-0151

Date of Issuance – October 28, 2015

The New York State Department of State (DOS) is required by Federal law to provide timely public notice for the activity described below, which is subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

In F-2015-0151, Liberty Natural Gas, LLC, of 51 John F. Kennedy Pkwy, Suite 309, Short Hills, NJ 07078, have applied to the United States Coast Guard (USCG) and Maritime Administration (MARAD)

[docket number USCG 2013-0363] and to the United States Army Corps of Engineers (COE) [application number: NAN-2012-01138-EHA] to construct, own, and operate a deepwater port, known as Port Ambrose, to be located in Federal waters of the Atlantic Ocean, 16.1 nautical miles off of Jones Beach in the New York Bight, New York (Outer Continental Shelf Blocks 6503, 6504, 6554, 6555, 6556, 6606, 6607, 6657, 6658, 6708, and 6709).

The project consists of two permanently anchored submerged turret loading buoys (STL Buoys), two subsea manifolds, and two 26 inch diameter lateral pipelines (approximately .76 nautical miles and 1.54 nautical miles in length) connected to a buried 26 inch diameter mainline (approximately 18.8 nautical miles in length). The STL Buoys will receive natural gas from purpose built liquefied natural gas (LNG) regasification vessels (LNGRVs) and transfer the natural gas to the pipeline system. The pipeline system will connect to the Transco Lower New York Bay Lateral located in New York State waters. The purpose of the project is to deliver natural gas into the downstate New York City and Long Island markets to meet existing and future demand requirements particularly during peak winter and summer demand.

The LNGRVs will have a cargo capacity of approximately 145,000 cubic meters of LNG and can convert the LNG into natural gas at an average throughput rate of 400 million cubic feet per day (MMscf/d) and a maximum of 660 MMscf/d. The natural gas will be delivered through the STL Buoys into a flexible riser connected to a lateral pipeline via a pipeline end manifold (PLEM). When not in use, the STL Buoys will be lowered to rest on a landing pad on the ocean floor.

It is anticipated that the facility will receive approximately 45 LNGRV deliveries per year. Each LNGRV will be approximately 918 feet in length and will vaporize LNG using a closed loop shell and tube regasification system. A single LNGRV will be able to unload in a duration between 5-16 days. The LNGRVs will approach the STL Buoys from the south using the Hudson Canyon to Ambrose Traffic Lane. A Safety Zone, No Anchor Area, and Area to be Avoided will be established at the request of the USCG. The anticipated Safety Zone radius is 1,640 feet from the center of each STL Buoy when no LNGRV is present, a total area of approximately 388 acres or 0.6 square mile. When an LNGRV is present the Safety Zone radius will extend to 1,640 feet off the stern of the vessel as it weathervanes around the buoy creating an approximately 2,560 foot radius from the STL Buoy.

More information on this project can be viewed on the Federal Docket at "www.regulations.gov" docket number USCG-2013-0363. Any interested parties and/or agencies desiring to express their views concerning the above proposed activity may do so by filing their comments, in writing, no later than 4:30 p.m., 33 days from the date of publication of this notice, or Monday, November 30, 2015.

Comments should be addressed to the Office of Planning and Development, Consistency Review, Department of State, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 474-6572. Comments may also be submitted via email to CR@dps.ny.gov.

USCG intends to hold public hearings to receive comments on Liberty's application. NYS DOS will be a participant in these hearings. The public hearings will be held on November 2, 2015 and November 3, 2015 from 6:00pm to 10:00pm at the Long Beach Hotel, 405 East Broadway, Long Beach, NY, 11561; phone 516-544-4444. Each public hearing will be preceded by an open house from 4:30pm to 5:30pm.

This notice is promulgated in accordance with Section 306(d)(14) of the Federal Coastal Zone Management Act of 1972, as amended.
