Fiscal Year 2016 Critical Infrastructure Grant Program

Fiscal Year 2016 Critical Infrastructure Grant Program seeks applications for up to \$50,000 in federal State Homeland Security Program funding made available by the NYS Division of Homeland Security and Emergency Services (DHSES) for critical infrastructure protection. The FY 2016 Critical Infrastructure Grant Program (CIGP) advances a common understanding of risk management. Applicants select a critical infrastructure site or special event site and complete a risk assessment. First responders assess their capability to prevent and protect against attacks on the site. Grant funding is then applied to mitigate vulnerabilities identified in the risk assessment or enhance first responder's capabilities.

The priority focus for the FY 2016 CIGP is government owned critical infrastructure sites and special event sites. Examples of government owned sites include, but are not limited to, government office buildings (e.g. city/town halls), emergency services (emergency operations centers, 911 centers, police or fire stations), water systems (water treatment facilities, water distribution, wastewater treatments) and cyber security initiatives. Examples of special event sites include, but are not limited to, major community festivals, races, or other mass gathering events. These events must be reoccurring and located or held on government owned or leased property that have definable geographic boundaries; the event or location must pose special security concerns, such a population surges and other factors that require additional law enforcement or emergency resources.

Only units of local government within targeted counties are eligible to apply for the FY 2016 CIGP. Units of local governments include: counties, cities, towns, and/or villages. Applicants must be located in New York City or one of the following targeted counties: Albany, Broome, Dutchess, Erie, Herkimer, Livingston, Madison, Monroe, Nassau, Niagara, Oneida, Onondaga, Ontario, Orange, Orleans, Oswego, Putnam, Rensselaer, Rockland, Saratoga, Schenectady, Schoharie, Suffolk, Tioga, Wayne, Westchester, and Yates. The application must be coordinated with at least two (2) agencies with prevention and/or protection responsibilities at the selected site. These must be law enforcement, fire department, emergency management, information technology professionals, or public works agencies.

Applications will be accepted from August 16, 2016 through 11:59 p.m. on September 16, 2016 via DHSES' Electronic Grants Management System (E-Grants).
