PUBLIC NOTICE

Office for People With Developmental Disabilities

Announcement for Public Comment on the OPWDD 1915(c) HCBS Waiver Amendment

The NYS Office for People With Developmental Disabilities (OPWDD) hereby gives notice in order to obtain public comment on the OPWDD Comprehensive Home and Community-Based Services (1915-c HCBS) Waiver application for amendment to the Centers for Medicare and Medicaid Services (CMS). The Waiver amendment will

be effective upon CMS approval and will span through September 30, 2019. This waiver agreement will fund Home and Community-Based Services for over 80,000 people with intellectual and developmental disabilities. The OPWDD Comprehensive HCBS Waiver is a program of supports and services that enables adults and children with intellectual and developmental disabilities to live in the community as an alternative to Intermediate Care Facility (ICF) services. This Waiver has been in operation since 1991.

The Waiver amendment application includes changes and additions described below.

- The Waiver Amendment will include a transition plan for Conflict Free Case Management (CFCM) to comply with the Federal rule for Home and Community Based Services (HCBS) settings and person centered planning. The most recent CMS approval of the OPWDD Comprehensive Waiver was contingent upon the State submitting an amendment by October 1, 2016 that included a CFCM Transition Plan. The transition plan will describe a multi-year process for OPWDD to engage with stakeholders and develop a case management system that assures the independence of case management services.

- There will also be several technical changes to the Waiver to align Waiver service definitions with those service descriptions included in Community First Choice Option (CFCO). CFCO is a new Medicaid State Plan option which expands the access and availability of services for individuals in need of long-term care so that they can remain safely in or return to the community. CFCO is an array of individual-controlled, attendant-based services that promote independence, community inclusion, and self-direction. These Waiver changes include the separation of Assistive Technology into two new categories: Assistive Technology and Vehicle Modifications. Certain service limits in the OPWDD Comprehensive Waiver will also change to comport with the approved CFCO benefit.

- Changes are made in the Waiver to reflect the implementation of the Nurse Practice Act and the related updates to medication management and administrative safeguards.

- A multi-year phase-in to a new Respite fee methodology is included in the Amendment. The methodology is informed by recent surveys of provider service costs and work with stakeholder groups.

- Other technical changes are made to the rate setting portion of the Amendment to address changes that were proposed in an earlier submission to CMS, but could not be acted upon at that time. These changes implement residential funding for individuals with high needs and also make other minor changes to better align the Waiver agreement with current NYS Regulations.

We want to advise you of the opportunity to provide comment on the information and materials above. Public input is requested in writing no later than August 31, 2016 to People First Waiver Unit, at the following email and/or mailing address: peoplefirstwaiver@opwdd.ny.gov; OR OPWDD People First Waiver Unit, Office for People With Developmental Disabilities, Attn: Division of Person Centered Supports and Services, 44 Holland Ave., 4th Fl., Albany, NY 12229. The review period allows for interested parties to access the Waiver Application in both an electronic and non-electronic format.

Additional information, including the Waiver Renewal Application is available at http://www.opwdd.ny.gov/opwdd_services_supports/people_first_waiver/HCBS_waiver_services. PUBLIC NOTICE

Department of State
F-2016-0302

Date of Issuance – July 27, 2016

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant’s consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2016-0302, Hudson National Golf Club, is proposing construction of a golf driving range and teaching facility on an existing golf course within the Town of Croton, Westchester County. The project will require tree removal and grading, as well as filling of 0.17 acres of federal wetlands, to complete the new range. The small wetland is fed by the outflow of water from the detention basin of the golf course property approved and installed in the 1990’s as well as the seepage of shallow lateral flow from under the golf course and the adjacent areas to the east. Proposed wetland mitigation includes the expansion of an existing wetland in the same watershed elsewhere on the site by 0.37 acres. The stated purpose of the proposed action is for golf course improvement. The new driving range, designed at 335 yards, will allow for two-way practice, which is necessary given the number of club members.

Any interested parties and/or agencies desiring to express their views concerning any of the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 20 days from the date of publication of this notice, or, August 16, 2016.

Comments should be addressed to the Consistency Review Unit, Department of State, Office of Planning and Development, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov.

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.
