The Governor's Traffic Safety Committee (GTSC) is issuing a Request for Application (RFA) to solicit applications from local governments and not-for-profit agencies for Child Passenger Safety grants under the Federal Highway Safety Program. Grant applications are due on or before May 1, 2016. Applications received after the deadline will not be considered for funding.

The GTSC oversees New York State's highway safety program and receives funding from the National Highway Traffic Safety Administration to address highway safety related problems. The goal of the program is to prevent motor vehicle crashes, save lives, and reduce the severity of injuries suffered in crashes on the state's roadways. The GTSC distributes these funds to local governments and qualifying not-for-profit agencies through a grant award program. Grants are awarded for one-year periods, based on the availability of federal funding and the performance of the grantee. These grants will support funding for child passenger safety activities: fitting stations; training and education; child safety seat check events; and child safety seat distribution programs for low income families. Applicants may request up to the maximum grant amount of \$40,000. There is no minimum amount.

Applications from local governments and not-for-profit agencies must be approved by their local Traffic Safety Board, pursuant to Article 43 of the NY Vehicle and Traffic Law and Article 16-A of the NY Executive Law.

Grants for the upcoming 2017 Federal Fiscal Year will run from October 1, 2016 to September 30, 2017.

All applications must be submitted through the GTSC's e-Grants system. The e-Grants system is web-based and requires internet access using a browser and Adobe Acrobat.
