Each rule making is identified by an I.D. No., which consists of 13 characters. For example, the I.D. No. AAM-01-96-00001-E indicates the following:

AAM - the abbreviation to identify the adopting agency
01 - the State Register issue number
96 - the year
00001 - the Department of State number, assigned upon receipt of notice.
E - Emergency Rule Making—permanent action not intended (This character could also be: A for Adoption; P for Proposed Rule Making; RP for Revised Rule Making; EP for a combined Emergency and Proposed Rule Making; EA for an Emergency Rule Making that is permanent and does not expire 90 days after filing.)

Italics contained in text denote new material. Brackets indicate material to be deleted.

Education Department

TEACHING CERTIFICATES IN CAREER AND TECHNICAL EDUCATION

Amendment of section 80-3.5 of Title 8 NYCRR.

Purpose:

To add the career and technical education (CTE) Transitional A Pathways D, G, H, I and J to the pathways for obtaining an Initial certificate in CTE. The amendments also added a requirement that candidates must receive a satisfactory passing score on the EAS exam in order to obtain their professional certificate.

Section 80-3.5 of the Regulations of the Commissioner of Education was amended to add the existing CTE Transitional A Pathways D, G, H, I and J to the existing pathways for obtaining a Professional certificate in CTE. The amendments also added a requirement that candidates must receive a satisfactory passing score on the EAS exam to obtain their professional certificates.

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a permanent rule, having previously submitted to the Department of State a notice of proposed rule making, I.D. No. EDU-21-17-00010-EP, Issue of May 24, 2017. The emergency rule will expire October 2, 2017.

Text of rule and any required statements and analyses may be obtained from: Kirti Goswami, NYS Education Department, Office of Counsel, 89 Washington Avenue, Albany, NY 12234, (518) 474-6400, email: legal@nysed.gov

Regulatory Impact Statement

1. STATUTORY AUTHORITY:

Education Law 207 (not subdivided) grants general rule-making authority to the Regents to carry into effect State educational laws and policies.

Education Law 305(1) authorizes the Commissioner to enforce laws relating to the State educational system and execute Regents educational policies. Section 305(2) provides the Commissioner with general supervision over schools and authority to advise and guide school district officers in their duties and the general management of their schools.

Education Law 3001 establishes the qualifications of teachers in the classroom.

Education Law 3004(1), (2) and (3) authorizes the Commissioner to promulgate regulations governing the certification requirements for teach-
ers employed in public schools and requires that teacher candidates complete certain prerequisites to obtaining certification.

Education Law 3009(1) prohibits school district money from being used to pay the salary of an unqualified teacher.

2. LEGISLATIVE OBJECTIVES:

The proposed emergency rule provides additional flexibility for candidates seeking a certification in a career and technical education (CTE) subject. First, it provides for a new Option J pathway to obtain a Transitional A certificate and it also provides additional gateways to obtaining initial and/or Professional certification through either Professional evaluation or program completion. The amendments also eliminate the current 30 semester hour coursework requirement for the Initial certificate in CTE and replaces it with nine hours of pedagogy coursework for an Initial certificate and an additional nine hours of pedagogy coursework for the Professional CTE certificate.

3. NEEDS AND BENEFITS:

For several years, the Department has received reports from school districts and BOCES on the inability to find and retain qualified Career and Technical Education (CTE) teaching candidates. While there are current shortages in various subject areas, the CTE field has experienced additional pressures due to the unique technical skill sets required and development of new and emerging occupational areas being established in business and industry adding to the demand for qualified individuals in similar technical areas.

Due to non-traditional education and experience, prospective candidates have had difficulty obtaining certification through the traditional teacher certification requirements.

To begin to address this problem, an ad hoc advisory group, comprised of stakeholders that represent entities that hire, train, or represent CTE teachers, including school districts, BOCES, teacher preparation programs, and teaching unions, was established to consider how to restructure the existing CTE teacher certification system to simplify the process and reduce barriers to prospective teacher candidates.

After extensive discussion around the challenges to finding and hiring qualified teacher candidates and presentations on national and local induction models, consensus of the group was for the Department to draft a CTE teacher certification structure that utilized the nationally recognized 16 Career Clusters as a framework for current, new and emerging CTE titles. By doing this, prospective candidates for certification will be able to better match their education and work experience as “experts in field” and have a clear understanding of what they must do to attain Initial and/or Professional certification while meeting the needs of the hiring district.

Proposed Amendment:
The Department proposes adding a new Option J to the Transitional A pathway for prospective candidates who have a bachelor’s degree or higher in the certificate area sought, or a closely related area and one year of satisfactory work experience or hold an industry related credential in the certificate area to be taught or in a closely related subject area acceptable to the Department. The Department is also proposing to use the existing Transitional A options, including the new Option J, as the gateway to Initial and Professional certification. Last, the amendments eliminate the 30 semester hour coursework requirement and replace it with nine semester hours of pedagogical coursework for the initial certificate and nine additional semester hours of pedagogical coursework for the professional certification as specified below.

Current and Proposed Pathways Leading to Transitional A Certificate:
- Option A: An associates or higher degree in the CTE field plus two years of work experience in the CTE field.
- Option B: A high school diploma and four years of work experience in the CTE field.
- Option C: An associate’s degree in the CTE field and two years of teaching experience at the postsecondary level in the CTE field.
- Option D: A full Bureau of Proprietary School Supervision (BPSS) license in the CTE field and two years of BPSS teaching experience in the CTE field.
- Option G: High school diploma, two years of work experience in the CTE field, and an industry credential in the CTE field.
- Option H: Enrollment in a CTE program and either one year of work experience in the CTE field or passing score on an industry exam in the CTE field.
- Option I: Teaching certification in grades 7-12 (any subject) and either one year of work experience in the CTE field or an industry related credential.

*New* Option J: Bachelor’s degree and either one year of work experience in the CTE field or an industry related credential in the CTE field.

To obtain Initial certification, in addition to meeting the requirements for a specific Transitional A option, candidates will need to complete nine semester hours of pedagogical coursework in the following:
- human development and learning including, but not limited to, the impact of culture, heritage, socioeconomic level, and factors in the home and community that may affect a student’s readiness to learn;
- teaching students with disabilities and special health-care needs within the context of education classifying including assistive technology; and
- curriculum and/or instruction, including instructional technology.

To obtain Professional certification, in addition to the requirements for the Initial and passing the Educating All Students (EAS) exam, candidates will need to complete an additional nine semester hours of pedagogical coursework in the following:
- Teaching Literacy Skills Methods – 3 semester hours
- Instruction and/or Assessment
- Classroom Management

The proposed amendment also requires candidates who obtain an Initial certificate through one of the Transitional A pathways described above to take and pass the Educating All Students examination for the Professional certificate, rather than the Initial certificate, as was previously required.

In addition to the current Transitional A options, the Department is recommending a new option (Option J) to gain certain CTE certification titles. This option would allow persons who have completed a bachelor’s degree in the subject area or a closely related subject area and have one year of work experience, and have completed the required workshops and fingerprint clearance to gain a Transitional A certificate.

This option is needed for the emerging occupations where it is difficult to find individuals with experience and who want to teach instead of work in the technical field.

4. COSTS:

a. Costs to State government: The amendments do not impose any costs on state government, including the State Education Department.

b. Costs to local government: The amendments do not impose any costs on local government, including school districts and BOCES.

c. Costs to private regulated parties: The amendments do not impose any costs on private regulated parties.

d. Costs to regulating agency for implementation and continued administration: See above.

5. LOCAL GOVERNMENT MANDATES:
The proposed amendments do not impose any additional program, service, duty or responsibility upon any local government, school districts or BOCES.

6. PAPERWORK:
The amendments do not require any additional paperwork requirements upon state or local government, the State Education Department, school districts, BOCES, or CTE teacher certification candidates.

7. DUPLICATION:
The rule does not duplicate existing State or Federal requirements.

8. ALTERNATIVES:
The amendments were proposed in response to concerns raised in the field regarding CTE teacher certification and barriers to certification as well as in response to the requirements of the work of CTE ad hoc advisory group. The amendment applies equally to all candidates pursuing teacher certification in New York State.

9. FEDERAL STANDARDS:

There are no applicable federal standards related to the amendments.

10. COMPLIANCE SCHEDULE:
The proposed emergency amendment will be presented at the May 2017 Board of Regents meeting, and will be effective as an emergency rule on May 9, 2017. It is anticipated that the proposed emergency amendment will be adopted as a permanent rule at the September 2017 Board of Regents meeting, and will become effective as a permanent rule on September 27, 2017.

Regulatory Flexibility Analysis

The purpose of the proposed emergency amendment is to address concerns raised by the field related to certification in the CTE subject area, and to establish a new Transitional A pathway to obtain a Transitional A certificate in a CTE subject and to allow candidates to use the existing Transitional A pathways for obtaining certification in a CTE subject as the gateways to obtaining Initial and/or Professional certification through either individual evaluation or program completion.

The proposed amendments to the Regulations do not impose any new recordkeeping or other compliance requirements, and will not have an adverse economic impact, on small businesses or local governments. Because it is evident from the nature of the rule that it does not affect small businesses or local governments, no further steps were needed to ascertain that fact and one were taken. Accordingly, a regulatory flexibility analysis for small businesses is not required and one has not been prepared.

Rural Area Flexibility Analysis

1. TYPES AND ESTIMATED NUMBER OF RURAL AREAS:
The purpose of the proposed emergency amendment is to address concerns raised by the field related to certification in the CTE subject area, and to establish a new Transitional A pathway to obtain a Transitional A certificate and to allow candidates to use the exist-
The proposed amendment applies to all teacher certification candidates, including those in the 44 rural counties with fewer than 200,000 inhabitants and the 71 towns and urban counties with a population density of 150 square miles or less.

2. REPORTING, RECORDKEEPING, AND OTHER COMPLIANCE REQUIREMENTS; AND PROFESSIONAL SERVICES:
The Department proposes adding a new Option J to the Transitional A pathway for prospective candidates who have a bachelor’s degree or higher in the certificate area sought, or a closely related area and one year of satisfactory work experience or hold an industry related credential in the certificate area to be taught or in a closely related subject area acceptable to the Department. The Department is also proposing to use the existing Transitional A options, including the new Option J, as the gateway to Initial and Professional certification. Last, the amendments eliminate the 30 semester hour coursework requirement and replace it with nine semester hours of pedagogical coursework for the initial certificate and nine additional semester hours of pedagogical coursework for the professional certificate as specified below.

Current and Proposed Pathways Leading to Transitional A Certificate:
- Option A: An associate’s or higher degree in the CTE field plus two years of work experience in the CTE field.
- Option B: A high school diploma and 4 years of work experience in the CTE field.
- Option C: An associate’s degree in the CTE field and two years of teaching experience at the postsecondary level in the CTE field.
- Option D: A full Bureau of Proprietary School Supervision (BPSS) license in the CTE field and two years of BPSS teaching experience in the CTE field.
- Option G: High school diploma, two years of work experience in the CTE field, and an industry credential in the CTE field.
- Option H: Enrollment in a CTE program and either one year of work experience in the CTE field or passing score on an industry exam in the CTE field.
- Option I: Teaching certification in grades 7-12 (any subject) and either one year of work experience in the CTE field or an industry related credential.
- *New* Option J: Bachelor’s degree and either one year of work experience in the CTE field or an industry credential in the CTE field.

To obtain Initial certification, in addition to meeting the requirements for a specific Transitional A option, candidates will need to complete nine semester hours of pedagogical coursework in the following:
- human development and learning including, but not limited to, the impact of culture, heritage, socioeconomic level, and factors in the home and community that may affect a student’s readiness to learn;
- teaching students with disabilities and special health-care needs within the general education classroom, including assistive technology; and
- curriculum and/or instruction, including instructional technology.

To obtain Professional certification, in addition to the requirements for the Initial and passing the Educating All Students (EAS) exam, candidates will need to complete an additional nine semester hours of pedagogical coursework in the following:
- Teaching Literacy Skills Methods – 3 semester hours
- Instruction and/or Assessment
- Classroom Management

The proposed amendment also requires candidates who obtain an Initial certificate through one of the Transitional A pathways described above to take and pass the Educating All Students examination for the Professional certificate, rather than the Initial certificate, as was previously required.

In addition to the current Transitional A options, the Department is recommending a new option (Option J) to gain certain CTE certification titles. This option would allow persons who have completed a bachelor’s degree in the subject area or a closely related subject area and have one year of work experience and have completed the required workshops and fingerprint clearance to gain a Transitional A certificate.

This option is needed for the emerging occupations where it is difficult to find individuals with multiple years of experience and who want to teach instead of work in the technical field.

3. COSTS:
The proposed amendments do not impose any costs on CTE teacher certification candidates in New York State, including those located in rural areas of the State. In fact, it will result in a cost savings to those pursuing CTE teacher certification in New York State because candidates will no longer be required to complete 30 semester hours of coursework to obtain their Initial certificate.

4. MINIMIZING ADVERSE IMPACT:
The amendments were proposed in response to concerns raised in the field regarding CTE teacher certification and barriers to certification as well as in response to the outcome of the work of CTE ad hoc advisory group. The amendment applies equally to all candidates pursuing CTE teacher certification in New York State.

5. RURAL AREA PARTICIPATION:
Copies of the rule have been provided to Rural Advisory Committee for review.

Job Impact Statement
The purpose of the proposed emergency amendment is to address concerns raised by the field related to certification in the Career and Technical Education (CTE) subjects, and to establish a new Option J pathway to obtain a Transitional A certificate in a CTE subject and to allow candidates to use the existing Transitional A pathways for obtaining certification in a CTE subject as the gateways to obtaining Initial and/or Professional certification through either individual evaluation or program completion.

It is evident from the nature of the proposed rule that it will have no impact on the number of jobs or employment opportunities in New York State, and no further steps were needed to ascertain that fact and none were taken. In fact, it may help to address potential CTE teacher shortage issues in New York State by removing barriers to certification. Accordingly, a job impact statement is not required and one has not been prepared.

Department of Environmental Conservation

EMERGENCY RULE MAKING

Regulations Governing the Recreational Harvest of Summer Flounder

I.D. No. ENV-22-17-00001-E
Filing No. 586
Filing Date: 2017-08-03
Effective Date: 2017-08-03

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 40 of Title 6 NYCRR.

Statutory authority: Environmental Conservation Law, sections 3-0301, 3-1405 and 13-0540-b

Finding of necessity for emergency rule: Preservation of general welfare. Specific reasons underlying the finding of necessity: This amendment is adopted as an emergency measure because time is of the essence. DEC submitted a Notice of Emergency Adoption and Proposed Rule Making to the Department of State on May 10, 2017 and the emergency regulations became effective that day. Those regulations will expire on August 7, 2017. This emergency re-adoption is necessary for New York to maintain compliance with the management requirements of the Atlantic States Marine Fisheries Commission (ASMFC) for summer flounder. Without this emergency re-adoption, New York’s recreational summer flounder regulations would revert to less restrictive measures that could result in excess recreational harvest of summer flounder and a finding by ASMFC that New York State is out of compliance.

Purpose: Regulations governing the recreational harvest of summer flounder.

Text of emergency rule: Existing subdivision 40.1(f) of 6 NYCRR is amended to read as follows:

40.1(f) Table A – Recreational Fishing.

Species Striped bass through Atlantic cod remain the same. Species Summer flounder is amended to read as follows:

Species Summer flounder is amended to read as follows:

This notice is intended to serve only as a notice of emergency adoption. This agency intends to adopt the provisions of this emergency rule as a

Text of rule and any required statements and analyses may be obtained from: John Maniscalco, New York State Department of Environmental Conservation, 205 North Belle Mead Rd., Suite 1, East Setauket, NY 11733, (631) 444-0437, email: john.maniscalco@dec.ny.gov

Additional matter required by statute: The proposed rulemaking action is subject to SEQ as an Unlisted action and a Short EAF was completed. DEC has determined that an EIS need not be prepared and has issued a negative declaration. The EAF and negative declaration are available upon request.

Regulatory Impact Statement

1. Statutory authority: Environmental Conservation Law (ECL) sections 3-0301, 13-0105, and 13-0340-b authorize the Department of Environmental Conservation (DEC) or the department to establish by regulation the open season, size, catch limits, possession and sale restrictions and manner of taking for summer flounder.

2. Legislative objectives: It is the objective of the above-cited legislation that DEC manages marine fisheries to optimize resource use for commercial and recreational harvesters in a manner that is consistent with marine fisheries conservation and management policies and interstate fishery management plans.

3. Needs and benefits: This rulemaking is necessary for New York to remain in compliance with the Atlantic States Marine Fisheries Commission’s (ASMFC) approved option in Addendum XXVII to the Summer Flounder Fishery Management Plan (FMP). The National Marine Fisheries Service (NMFS) has set the 2017 coast-wide recreational harvest limit (RHL) for summer flounder thirty percent lower than it was in 2016 in response to declining stock biomass. This rulemaking will make New York State’s recreational regulations for summer flounder more restrictive to reduce harvest in response to the decrease in RHL.

DEC is adopting these changes by emergency rulemaking in order to protect the general welfare. The regulations currently in place for recreational harvest of summer flounder were developed for prior fishing years, and are not restrictive enough for the current fishing year. Current summer flounder regulations do not satisfy the latest reduction mandated by the ASMFC, and leaving them unchanged would likely result in the over-harvest of summer flounder by New York anglers. Falling out of compliance with the ASMFC requirements could result in federal sanctions and closure of the summer flounder fishery.

The normal rulemaking process would not be completed in time to have these changes in place for the season opening on May 17. Emergency rulemaking is necessary to have these provisions in place by May 17 in order to avoid over-harvest of summer flounder by New York anglers.

4. Costs: There are no new costs to state and local governments from this action.

The Department will incur limited costs associated with both the implementation and administration of these rules, including the costs relating to notifying recreational harvesters, party and charter boat operators and other recreational fishing associated businesses of the new rules.

5. Local government mandates: The emergency rule does not impose any mandates on local government.

6. Paperwork: None.

7. Duplication: The amendment does not duplicate any state or federal requirement.

8. Alternatives: New York State marine recreational anglers had an opportunity to comment upon the ASMFC Addendum XXVII draft, including the measures proposed in this rulemaking, during the ASMFC’s public comment period from December 22, 2016 through January 19, 2017. New York’s anglers also had the opportunity to attend a public hearing on the Addendum at the Division of Marine Resources office in East Setauket on January 9, 2017. While some anglers questioned the need to reduce harvest at all, support was overwhelmingly in favor of the measures included in this rule making when compared to alternative reduction options.

No action alternative: If New York were to not adopt regulations that reduced recreational summer flounder harvest in 2017, the State would be out of compliance with ASMFC and NMFS requirements and subject to federal sanctions.

9. Federal standards: The amendments to Part 40 in this rulemaking are in compliance with the ASMFC and the Mid-Atlantic Fishery Management Council fishery management plan for summer flounder.

10. Compliance schedule: These regulations are being adopted by emergency rulemaking and therefore will take effect immediately upon filing with Department of State. Regulations for summer flounder. The proposed rule will adopt the following provisions: increase the minimum size by 1 inch, from 18 to 19 inches, and reduce the possession limit from 5 fish to 3 fish; for the entire season. The open season of May 17 through September 21 (128 days) will remain unchanged.

The proposed rule is more restrictive than last year’s regulations. In 2016, there were 492 licensed party and charter businesses in New York State. There were also a number of retail and wholesale marine bait and tackle shops operating in New York. The 1-inch increase in size limit and 2-fish New York’s anglers with sympatric and euclidean access may decrease angler interest in targeting summer flounder and may impact businesses dependent upon these trips. The new size limit will not impact all anglers in the same manner; those fishing from shore and within the bays may have more difficulty encountering legal sized fish, especially later in the season.

2. Compliance requirements: None.

3. Professional services: None.

4. Compliance costs: There are no initial capital costs that will be incurred by a regulated business or industry that complies with the emergency rule.

5. Economic and technological feasibility: The emergency regulations do not require any expenditure on the part of affected businesses in order to comply with the changes. The emergency regulations may decrease the income of party and charter businesses, marinas and marine bait and tackle shops that depend heavily upon the recreational summer flounder fishery, especially in areas where larger fish are less available.

6. Minimizing adverse impact: The promulgation of this regulation is necessary for DEC to reduce recreational summer flounder harvest in order to maintain compliance with the Atlantic States Marine Fisheries Commission (ASMFC) while protecting New York’s anglers with sympatric and euclidean access to this popular recreational fishery. These proposed amendments are consistent with the required harvest reduction, and DEC anticipates that New York State will therefore remain in compliance with ASMFC and federal requirements.

Ultimately, the maintenance of long-term sustainable fisheries will have a positive effect on employment for the fisheries in question, including party and charter boat fisheries as well as wholesale and retail bait and tackle shops and other support industries for recreational fisheries. Failure to act may result in required actions to protect our natural resources could cause the collapse of a stock and have a severe, adverse impact on the commercial and recreational fisheries for that species as well as the supporting industries for those fisheries.

7. Small business and local government participation: New York State marine recreational anglers and associated businesses had an opportunity to comment upon Addendum XXVII, including the measures proposed in this rulemaking, during the ASMFC’s public comment period from December 22, 2016 through January 19, 2017. New York’s anglers also had the opportunity to attend a public hearing on the Addendum at the Division of Marine Resources office in East Setauket on January 9, 2017. While some anglers questioned the need to reduce harvest at all, support was overwhelmingly in favor of the measures included in this rule making when compared to alternative reduction options.

8. Cure period or other opportunity for ameliorative action: Pursuant to the State Administrative Procedure Act § 202-b(1-a)(b) (SAPA), a cure period is not included in the rule because of the potential adverse impact on the resource. Cure periods for the illegal taking of fish or wildlife are neither desirable nor recommended. Immediate compliance is required to ensure that the general welfare of the public and the resource are both protected.

9. Initial review of rule: The Department will conduct an initial review of the rule within three years as required by SAPA § 207(1)(b).

Rural Area Flexibility Analysis

The Department of Environmental Conservation has determined that this rule will not impose an adverse impact on rural areas. There are no rural areas within the marine and coastal district. The summer flounder fishery directly affected by the proposed rule is entirely located within the marine and coastal district and is not located adjacent to any rural areas of the
state. Further, the proposed rule does not impose any reporting, record-keeping, or other compliance requirements on public or private entities in rural areas. Since no rural areas will be affected by the proposed amendments of 6 NYCR Part 40, a Rural Area Flexibility Analysis is not required.

Job Impact Statement

1. Nature of impact:
   The proposed amendment will implement more restrictive fishing rules for New York recreational anglers targeting summer flounder. The proposed rule will adopt the following provisions: increase the minimum size by 1 inch, from 18 to 19 inches, and reduce the possession limit from 5 fish to 3 fish; for the entire season. The open season of May 17 through September 21 (128 days) will remain unchanged.

2. Categories and numbers affected:
   In 2016, there were 492 licensed party and charter businesses in New York State. There were also a number of marinas, retail and wholesale marine bait and tackle shop businesses operating in New York. According to the American Sportfishing Association, in 2011 New York had an estimated 800,811 marine recreational anglers that spent $1,194,493,042 on saltwater fishing, generating $144,539,079 in state and local tax revenue.

3. Regions of adverse impact:
   The proposed regulation is more restrictive than last year’s regulations and will impact recreational fishing anglers and associated businesses throughout most of New York’s Marine and Coastal District. The 1-inch increase in size limit and 2-fish decrease in possession limit throughout the season may decrease angler interest in targeting summer flounder and may impact businesses dependent on these trips through lesser sales of bait, tackle, gas, dockage and for-hire fares. The new size limit will not impact all anglers in the same manner; those fishing from shore and within the bays may have more difficulty encountering legal sized fish, especially later in the season.

4. Mitigating adverse impact:
   The promulgation of this regulation is necessary for DEC to reduce recreational summer flounder harvest in order to maintain compliance with the Atlantic States Marine Fisheries Commission and avoid federal sanctions.

5. Self-employment opportunities:
   Ultimately, the maintenance of long-term sustainable fisheries will have a positive effect on employment for the fisheries in question, including party and charter boat fisheries as well as wholesale and retail bait and tackle shops and other support industries for recreational fisheries.

   a. Job Impact Statement:
   The proposed rule will not have a significant impact on employment opportunities in the recreational summer flounder fishery.

   b. Initial review of the rule, pursuant to the State Administrative Procedure Act § 207 (SAPA § 207(b)).

   The Department will conduct an initial review of the rule within three years as required by SAPA § 207(b).

Department of Health

REVISED RULE MAKING
NO HEARING(S) SCHEDULED

Medical Use of Marihuana

I.D. No. HLTI-37-16-00024-RP

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following revised rule:

Proposed Action: Amendment of Subpart 55-2 and Part 1004 of Title 10 NYCR.

Statutory authority: Public Health Law, art. 33, title V-A, section 3369-a

Subject: Medical Use of Marihuana

Purpose: To comprehensively regulate the manufacture, sale and use of medical marihuana.

Substance of revised rule (Full text is posted at the following State website: https://regs.health.ny.gov/regulations/proposed-rule-making):

Pursuant to the authority vested in the Commissioner of Health, Section 3369-a of the Public Health Law (PHL), Part 1004 of Title 10 of the Official Compilation of Codes, Rules and Regulations of the State of New York, and pursuant to Section 502 of the PHL, Subpart 55-2 of Title 10, are amended, to be effective upon publication of a Notice of Adoption in the New York State Register, to read as follows:

§ 1004.1 Practitioner registration. Section 1004.1(a) and (b) are amended to align with the statute, which requires practitioners to complete a two to four-hour course and register with the department before certifying patients for medical marihuana.

§ 1004.2 Practitioner issuance of certification. Section 1004.2(a) is amended to clarify the department’s expectation that practitioners adhere to new section 1004.2(c) which details the statutory requirement to consult the Prescription Monitoring Program Registry. Section 1004.2(a) is further amended to require registered practitioners to indicate on patient certifications whether a patient is temporarily residing in New York State for the purpose of receiving care and treatment from the practitioner.

§ 1004.3 Application for registration as a certified patient. Section 1004.3(b) is amended to clarify that New York State residents must show proof of residency. Section 1004.3(b) is amended to remove the requirement for applicants to include a statement in their application. Further, they are temporarily residing in New York State for purposes of receiving care and treatment in the state, as this requirement will now be documented by the certifying practitioner.

§ 1004.4 Designated caregiver registration. Section 1004.4(b) is amended to indicate that acceptable proof of residence for a caregiver includes a New York State non-driver identification card.

§ 1004.5 Application for initial registration as a registered organization. Section 1004.5(b) is amended to clarify the requirement to submit a purchase order notification with initial application for designation as a registered organization.

§ 1004.6 Consideration of registered organization applications. Section 1004.6(a) is amended to allow forms of payment other than a certified check. Section 1004.6(e) is amended to clarify that a registered organization’s registration may be amended instead of the application for registration.

* * *

§ 1004.10 Registered organizations; general requirements. Section 1004.10(a) is amended to include a process in which the department will provide a statement of findings to a registered organization and that the registered organization must respond and implement a plan of correction to address any deficiencies identified by the department. Section 1004.10(a) is also amended to allow manufacturing materials to be submitted to the department upon request and to reduce sample retention duration from two years to thirty days after the date of expiration. Further, this section is amended to clarify that registered organizations must notify the department of adverse events and other incidents within 24 hours and must inventory and maintain records of medical marihuana products or by-products which are disposed. Section 1004.10(a) is also amended to account for records that may need to be maintained for a time period other than five years and to require registered organizations to post a registration certificate in a conspicuous location on the premises of each manufacturing and dispensing facility site. Section 1004.10(b) is amended to clarify criminal history requirements for registered organization managers or employees.

§ 1004.11 Manufacturing requirements for approved medical marihuana product(s). Section 1004.11(a)(2) is amended to update the allowable range of THC and CBD concentration per dose and brand for potency testing purposes, and is amended to remove the term “extraction” from the definition of a brand. Section 1004.11(c) is modified to remove the prohibition on the use of unprocessed whole flower, to coincide with amendments to section 1004.11(g) and the allowable forms of administration. Section 1004.11(c) is also amended to clarify reporting requirements for other cannabinoid components at 0.1%. Section 1004.11(c) is amended to update the allowable range of THC and CBD concentration per dose and brand for potency testing purposes and is updated to clarify that the New York State Department of Environmental Conservation is the authority which registers acceptable pesticides. In addition, section 1004.11(c) is modified to add a requirement that registered organizations shall ensure continual environmental monitoring of harvested plant material awaiting additional processing. Section 1004.11(g) is modified to allow registered...
organizations to produce medical marihuana products in new forms of administration. Section 1004.11(h) is amended to allow registered organizations to break the seal of an approved medical marihuana product for internal quality control testing or destruction. Section 1004.11(k) is amended to clarify labeling requirements related to stability studies. Section 1004.11(m) is amended to clarify stability testing requirements and to account for initial stability testing limitations. Section 1004.11(n) is amended to make clear that registered organizations may not use any cannabinoid preparation not produced by a registered organization in an approved manufacturing facility.

§ 1004.12 Requirements for dispensing facilities. Section 1004.12(a) is amended to clarify that medical marihuana products may not be dispensed or handled unless an individual with an active New York State pharmacist license is on the premises and supervising. Section 1004.12(a) is further revised to clarify that the dispensing facility must be completely isolated from the production/manufacturing facility and that the dispensing facility access shall be restricted to customers and authorized personnel. Section 1004.12(b) is amended to allow dispensing facilities to sell additional items. Section 1004.12(d) is stricken to allow food or beverages to be consumed on the premises of a dispensing facility. Section 1004.12(f) is changed to section 1004.12(d) and new section 1004.12(d) is amended to include a requirement that the Prescription Monitoring Program (PMP) Registry be consulted prior to dispensing approved medical marihuana products. Section 1004.12(g) is changed to section 1004.12(e) and new section 1004.12(e) is amended to clarify dispensing facility access restrictions. Section 1004.12(h) is changed to section 1004.12(g) and section 1004.12(g) is revised to clarify that labels shall include the expiration date of the product once opened. Section 1004.12(m) is changed to section 1004.12(k) and new section 1004.12(k) is modified to clarify the documentation requirements for dispensing facilities that accept returns of approved medical marihuana products to ensure secure storage until returned products can be properly disposed.

§ 1004.13 Security requirements for manufacturing and dispensing facilities. Section 1004.13(a) is revised to clarify that production and harvesting are included in the definition of manufacturing and a video surveillance requirement is also added to the disposal process. Section 1004.13(a)(8) is amended to allow registered organizations to use an automatic voice dialer, digital dialer or other acceptable industry standard equivalent. Section 1004.13(c) removes the requirement that a back-up alarm system needs to be provided by a different company than the primary alarm. Section 1004.13(g) reduces the frequency of alarm system testing that must be conducted by the registered organization. Section 1004.13(h) addresses visitors at the manufacturing facility. Section 1004.13(i) is amended to clarify the requirements for storage of marihuana. Section 1004.13(j) is amended to clarify that registered organizations must store medical marihuana in such a manner as to protect against physical, chemical and microbial contamination and deterioration. Sections 1004.13(n)-(p) are modified to remove the requirement that registered organizations only transport approved medical marihuana products from a manufacturing facility to a dispensing facility.

§ 1004.14 Laboratory testing requirements for medical marihuana. Section 1004.14(b) is amended to add the requirement that no immediate family members of a board member, officer, manager, owner, partner, principal stakeholder or member of a registered organization shall have an interest or possess any financial instrument in the performance of New York State approved courses that are two hours in duration. Section 1004.14(c) is amended to clarify final product testing sample requirements. Section 1004.14(d) is modified to clarify that registered organizations may test final products that have been packaged. Section 1004.14(e) is amended to add the requirement that sampling methodologies must be approved by the department. Section 1004.14(g) is amended to clarify that the list of contaminants for which testing must occur and to clarify that pesticides include herbicides and fungicides. Section 1004.14(h) is amended to clarify stability testing requirements for open and unopened products. Section 1004.14(i) is added to include a disposal requirement for laboratories. Section 1004.14(j) is added to include a requirement for laboratories to return medical marihuana products deemed unsuitable for testing to the registered organization.

§ 1004.16 Medical Marihuana marketing and advertising by registered organizations. Section 1004.16(a) is amended to remove the requirement that only a single black and white sign may be allowed on the external structures of a registered organization. Section 1004.16(a) is also amended to remove the restriction that external signs not be illuminated. Section 1004.16(m) is amended to clarify that registered organizations may educate practitioners about medical marihuana brands or devices offered by the registered organization.

§ 1004.20 Proper disposal of medical marihuana products by patients or designated caregivers. Section 1004.20 is amended to allow patients and caregivers to return approved medical marihuana products to the dispensing facility from which they were purchased or any dispensing facility associated with the registered organization. Section 1004.20(b) is also amended to clarify that the New York State Department of Environmental Conservation provides guidance on proper drug disposal.

§ 1004.21 General prohibitions. Section 1004.21(d) is amended to allow physicians, nurse practitioners and physician assistants, employed by registered organizations, to counsel patients and designated caregivers on medical marihuana product use, administration and risks.

§ 1004.24 Registered Organizations disposal of medical marihuana. Section 1004.24 is added to provide guidance on acceptable processes for disposing of medical marihuana products and by-products.

55-2.15 Requirements for laboratories performing testing for medical marijuana. Section 55-2.15(b) is amended to correct the agency name and to include a disposal requirement for laboratories. Section 55-2.15(c) is also amended to include a disposal requirement for laboratories.
Costs to Local Government:
The proposed rule may not require the local government to perform any additional tasks; therefore, it is not anticipated to have an adverse fiscal impact.

Costs to the Department of Health:
The Department of Health anticipates the review of additional brands and dosage forms will require the commitment of Department staff resources. The Department also anticipates an increased administrative cost to support ongoing monitoring and compliance of the medical marihuana program and for laboratory services provided by Wadsworth Center laboratories for testing of medical marihuana products.

Local Government Mandates:
The proposed amendments do not impose any new programs, services, duties or responsibilities on local government.

Paperwork:
Deficiencies identified by the Department will result in the issuance of a written statement of findings issued by the Department and registered organizations will be required to submit a written plan of correction.

Duplication:
No relevant rules or legal requirements of the Federal and State governments duplicate, overlap or conflict with this rule.

Alternatives:
The Department could have made this regulation final as previously proposed. However, the substantive changes proposed in this revised rulemaking will help to further enhance the medical marihuana program.

Federal Standards:
Federal requirements do not include provisions for a medical marihuana program.

Compliance Schedule:
There is no compliance schedule imposed by these amendments, which shall be effective upon publication of a notice of adoption.

Revised Regulatory Flexibility Analysis

Effect of Rule:
The proposed rule will amend regulations for registered organizations who manufacture, distribute and sell approved medical marihuana products in New York State, as well as expand access to patients by authorizing new dosage forms and improving regulations pertaining to visitors. There are no costs to existing small business establishments or government entities in New York State.

Compliance Requirements:
There are no new compliance requirements imposed on existing small business establishments as a result of these amendments.

Professional Services:
No new professional services will be required of small business entities and local governments.

Compliance Costs:
No new compliance costs will be required of small business entities and local governments.

Economic and Technological Feasibility:
This proposal is economically and technologically feasible. Statute requires the registered organization to pay an excise tax to the Commissioner of Tax and Finance. This tax will help to provide funds to the counties in New York State where medical marihuana is manufactured and dispensed.

Minimizing Adverse Impact:
To minimize the potential for patient adverse effects associated with the use of medical marihuana, the regulations continue to provide for Department authorization of approved brands (cannabinoid profiles) and dosage forms that registered organizations may manufacture. In addition, the regulations continue to require laboratory testing of the final manufactured product by a laboratory certified by New York State and located in New York State. These requirements do not create an adverse impact to small business and local governments.

Small Business and Local Government Participation:
The Department consulted with other state agencies, including the Department of Environmental Conservation. The Department also discussed the regulations and received input from various advocacy organizations. There will be a 30-day public comment period with the regulations that will allow for additional comments to be considered.

Revised Rural Area Flexibility Analysis

No Rural Area Flexibility Analysis is required pursuant to Section 202-bb(4)(a) of the State Administration Procedure Act (SAPA). It is apparent from the nature of the proposed regulation that it will not impose any adverse impact on rural areas, and the rule does not impose any new reporting, recordkeeping or other compliance requirements on public or private entities in rural areas.

Revised Job Impact Statement
Changes made to the last published rule do not necessitate revision to the previously published Job Impact Statement.
Assessment of Public Comment
The Department of Health (“Department”) received comments from various stakeholders, including but not limited to healthcare providers, registered organizations and legislators. Comments received included, but were not limited to, topics concerning manufacturing requirements, dispensing facility operations and laboratory testing. Based on the comments received, the Department is proposing revised rule making.

REVISED RULE MAKING
NO HEARING(S) SCHEDULED

Residential Health Care Facility Quality Pool
L.D. No. HLT-41-16-00002-RP

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following revised rule:

Proposed Action: Addition of section 86-2.42 to Title 10 NYCCR.

Statutory authority: Public Health Law, section 2808(2)-(c)(d)

Subject: Residential Health Care Facility Quality Pool.

Purpose: To reward NYS facilities with the highest quality outcomes as determined by methodology developed by regulation.

Substance of revised rule (Full text is posted at the following State website: https://regs.health.ny.gov/regulations/proposed-rule-making):

The New York State Nursing Home Quality Pool (NHQP) is an annual budget-neutral pool that was established in the 2010-2011 final State budget. The amount of the pool is $50 million dollars, or as determined by the Commissioner. The pool was created to incentivize Medicaid-certified nursing facilities across New York State to improve the quality of care for their residents, and to reward facilities for quality based on their performance. The set of measures used to evaluate nursing homes are part of the Nursing Home Quality Initiative (NHQI). The New York State Department of Health (NYS DOH) works in consultation with a workgroup of NYS DOH staff and industry experts comprised of representatives from nursing home associations and patient advocates to assist in the development of the NHQI. The performances of facilities in the NHQI guide the distribution of the funds in the NHQP.

The NHQI contains measurement components comprised of quality measures, compliance measures, efficiency measures, and satisfaction measures, if and when satisfaction data becomes available. The measures included in the initiative are decided upon with input and advice from the workgroup based upon expert opinions, industry standards, and quality measures as well as inputs of feedback from NYS DOH staff and industry experts comprised of representatives from nursing home associations and patient advocates to assist in the development of the NHQI. The performances of facilities in the NHQI guide the distribution of the funds in the NHQP.

The NYS DOH assesses the facilities on their performance in all components of the NHQI as compared to their peers. Facilities are categorized into quintiles based on the distribution of their overall scores. Under the payment methodology of the NHQP, the funding of the pool is achieved by an across-the-board Medicaid rate reduction for all eligible facilities. The amount of a nursing home’s Medicaid rate reduction is proportional to the nursing home’s Medicaid rate as of January 1 of the payment year, and its total number of Medicaid patient days accrued during the measurement year on which the NHQI is based. The pool money is redistributed to the facilities based on their quintile placement. Facilities in the top three quintiles receive distributions, with facilities in the first quintile receiving a proportion larger than facilities in the second and third quintiles, and facilities in the second quintile receiving a proportion larger than facilities in the third quintile. The facilities in the fourth and fifth quintiles do not receive a redistribution. Additionally, if a facility receives a health inspection survey deficiency of a letter J, K, L between July 1 of the measurement year and June 30 of the payment year, the facility is not eligible to receive a redistribution, regardless of its quintile placement.

Revised rule compared with proposed rule: Substantial revisions were made in section 86-2.42(a), (b), (c) and (d).

Text of revised proposed rule and any required statements and analyses may be obtained from Katherine Cerolo, DOH, Bureau of House Counsel, Reg. Affairs Unit, Room 2438, ESP Tower Building, Albany, NY 12237, (518) 473-7488, email: regsgna@health.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 30 days after publication of this notice.

Revised Regulatory Impact Statement

Statutory Authority:
The statutory authority for this regulation is contained in Section 2808(2)-c of the Public Health Law (PHL) as enacted by Section 95 of Chapter 59 of the Laws of 2011, which authorizes the Commissioner to promulgate regulations, including emergency regulations, with regard to Medicaid reimbursement rates for residential health care facilities. Such rate regulations are set forth in Subpart 86-2 of Title 10 (Health) of the Official Compilation of Codes, Rules, and Regulations of the State of New York.

Legislative Objectives:
Subpart 86-2 of Title 10 will be amended by adding a new section 86-2.42 to provide for the creation of a residential health care facility quality pool intended to improve the quality of care among nursing home residents in Medicaid-certified facilities, and to reward facilities based on their performance compared to their peers. This program shall be referred to as the Nursing Home Quality Pool (NHQP).

The proposed regulation permits the Commissioner to reward facilities in the NHQP based on their performance in the Nursing Home Quality Initiative (NHQI). The NHQI contains measurement components in the areas of quality, compliance, efficiency, and satisfaction, if and when satisfaction data becomes available. Failure to achieve high performance in the NHQI, as determined by the Commissioner, shall be a basis for declining to award NHQP dollars to a facility.

Needs and Benefits:
The NHQP is necessary to incentivize nursing facilities to maintain and improve the quality of care for their residents. The benefits of the NHQI include improving quality of care and, in turn, reducing overall health care costs. Specific benefits that fall under the umbrella of improving quality of care include reducing the percent of residents with pressure ulcers, reducing antipsychotic medication use, reducing urinary tract infections, reducing depression, reducing pain, reducing unnecessary weight loss, and reducing avoidable hospitalizations. These quality of care improvements are associated with reductions in health care costs and improved quality of life for nursing home residents. The additional reimbursement provided by this rulewill support the intent of the quality pool. Facilities can use the additional funds to facilitate quality improvements through activities including, but not limited to, increasing direct care staffing levels, providing training and education for staff, and utilizing technology.

Costs:

Costs to Private Regulated Parties: There will be no additional costs to private regulated parties. No additional data will be requested from facilities.

Costs to State Government: There is no additional aggregate increase in Medicaid expenditures anticipated as a result of these regulations.

Costs to Local Government: Local districts’ share of Medicaid costs is statutorily capped; therefore, there will be no additional costs to local governments as a result of this proposed regulation.

Costs to the Department of Health: There will be no additional costs to the Department of Health as a result of this proposed regulation.

Local Government Mandates:
The proposed regulation does not impose any new programs, services, duties or responsibilities upon any county, city, town, village, school district, fire district or other special district.

Paperwork: The proposed regulation does not have any paperwork requirements for nursing facilities.

Duplication: This is a new State regulation and does not duplicate any existing federal, state or local regulations.

Alternatives: The authorizing statute, PHL Section 2808(2)-c, specifically provides for facilitating quality improvements through the establishment of the Nursing Home Quality Pool. Therefore, no alternatives were considered.

The Department of Health worked in consultation with a workgroup of NYS DOH staff and industry experts comprised of representatives from nursing home associations and patient advocates to assist in the development of the NHQI. The measures included in the NHQI were decided upon with input and advice from the workgroup based upon expert opinions, industry standards, available data, and quality measure outcomes being assessed at the national level. During development, the workgroup also provided input on the scoring methods of such quality measure outcomes. The performances of facilities in the NHQI guide the distribution of the funds in the NHQP. The workgroup will continue to provide input for future years of the NHQI.

Federal Standards:
The proposed regulation does not exceed any minimum standards of the federal government for the same or similar subject area.

Compliance Schedule: This rule does not create new compliance or reporting requirements for nursing facilities in New York State.

Revised Regulatory Flexibility Analysis
Changes made to the last published rule do not necessitate revision to the previously published Regulatory Flexibility Analysis.
Revised Rural Area Flexibility Analysis

No rural area flexibility analysis is required pursuant to section 202-bbb(4) of the State Administrative Procedure Act. The proposed amendment does not impose an adverse impact on facilities in rural areas, and it does not impose reporting, record keeping or other compliance requirements on facilities in rural areas. The Nursing Home Quality Pool places no additional reporting requirements on any nursing facility or locality. The data used in the calculation of the NHQI measures are culled from existing data sources including the nursing home cost report (RHCF-4, RHCF-2), data from the DOH Bureau of Immunization, Statewide Planning and Research Cooperative System data, and data from the Centers for Medicare and Medicaid Services. The data used to determine the Medicaid rate reduction and payment distributions for the NHQP are culled from the nursing home cost report (RHCF-4, RHCF-2) and nursing home Medicaid reimbursement rates.

Revised Job Impact Statement

Changes made to the last published rule do not necessitate revision to the previously published Job Impact Statement.

Assessment of Public Comment

The Department of Health (the “Department”) received comments from nursing home associations, healthcare providers, and other members of the public on the proposed rulemaking. The comments are summarized below with the Department’s responses.

COMMENT: A commenter stated that the regulations should be written to apply to 2013 and all subsequent years.

RESPONSE: In response to this comment, the regulations will be revised to apply to 2013 and all subsequent and future years of the NHQP.

COMMENT: A commenter stated that the regulations only pertain to rate year 2013 and do not address 2014 and beyond. The Department may not take any action related to the NHQP for 2014 and beyond.

RESPONSE: In response to this comment, the regulations will be revised to apply to 2013 and all subsequent and future years of the NHQP.

COMMENT: A commenter stated that the regulations are unenforceable because they are written for rate year 2013, which is now in the past, and therefore they are improperly retroactive. The commenter added that if the regulations did pertain to 2014, 2015, and 2016, they would also be improperly retroactive because there was no intent to apply the act.

RESPONSE: No changes to the proposed regulations were made in response to this comment. The regulations are not improperly retroactive. The Department has the authority to retroactively adjust Medicaid reimbursement rates. Rates are continually adjusted retroactively as appeals are processed and audits are carried out. The Department is continually processing appeals for prior years and making retroactive adjustments to a facility’s Medicaid rate, and the adjustment can be positive or negative. Additionally, under 18 NYCRR 517.3(2), the Office of the Medicaid Inspector General has the authority to audit rates and recoup Medicaid payments made to a facility up to six years.

COMMENT: A commenter stated that the structure of the NHQP is logically unsound because it takes funds away from poor-performing facilities and awards those funds to high-performing facilities. The commenter also stated that facilities with lower Medicaid reimbursement rates will perform poorly because of the NHQP.

RESPONSE: No changes to the proposed regulations were made in response to these comments. Funding of the NHQP is achieved through an across-the-board Medicaid rate reduction for all Medicaid-funded nursing facilities in the State, regardless of performance in the NHQP. Analysis of Medicaid reimbursement rates compared to the quintile performance of facilities in the NHQP has shown that each quintile contains facilities spanning the high and low ends of Medicaid reimbursement rates. There are facilities with low Medicaid reimbursement rates in Quintile 1, which is the highest-performing quintile, and there are facilities with high Medicaid reimbursement rates in Quintile 5, which is the poorest-performing quintile.

COMMENT: A commenter stated that the NHQP is unsupported by any legislation.

RESPONSE: No changes to the proposed regulations were made in response to this comment. The NHQP is supported by legislation. The Department has legislative authority to enact regulations to implement Public Health Law § 2808(2-c)(d). The legislature gave the Department this authority in 2011 when the statute was enacted.

COMMENT: A commenter stated that the quality measures used to evaluate facilities in the NHQP are not appropriate and do not consider the unique circumstances of each facility.

RESPONSE: No changes to the proposed regulations were made in response to this comment. Fourteen of the eighteen total measures used in the 2013 NHQP are nationally-vetted quality measures developed by the Centers for Medicare and Medicaid Services (CMS). Two additional quality measures were developed with input and guidance from the NHQP workgroup, which consists of representatives from LeadingAge New York, New York State Health Facilities Association (NYSHFA), Greater New York Hospital Association (GNYHA)/Continuing Care Leadership Coalition (CCLC), The Healthcare Association of New York State (HANYS), as well as nursing home patient advocates. The remaining two measures are compliance measures which nursing facilities have contractual obligations to meet. To account for differences across facilities, the Department risk adjusts several measures and applies exclusions that have been agreed upon with guidance and input from workgroup members.

COMMENT: A commenter stated that to improve quality, the Medicaid reimbursement rates need to be equalized, and facilities with different Medicaid reimbursement rates cannot be compared.

RESPONSE: No changes to the proposed regulations were made in response to this comment. All nursing facilities are reimbursed using a pricing methodology which accounts for geographic differences in Medicaid reimbursement rates.

COMMENT: A commenter stated that because facilities must comply with minimum wage increases, the rate disparity between rural and urban areas could be reduced. The commenter added that rural areas have property taxes and higher supply costs due to shipping costs.

RESPONSE: No changes to the proposed regulations were made in response to this comment. These comments are beyond the scope of the proposed regulations.

COMMENT: A commenter stated that the NHQP provides money to special interests.

RESPONSE: No changes to the proposed regulations were made in response to this comment. The NHQP does not provide money to special interests. The NHQP follows an objective methodology for evaluating facilities using vetted measures and assigning an overall score and quintile to the facility based on its performance in the measures. A facility is awarded funds using a mathematical payment formula that incorporates a facility’s quintile placement, total Medicaid patient days, and Medicaid reimbursement rate.

COMMENT: A commenter stated that the NHQP is a regressive tax designed to close facilities.

RESPONSE: No changes to the proposed regulations were made in response to this comment. The NHQP is not a regressive tax designed to close facilities. The adjustments made to a facility’s Medicaid reimbursement rates do not meet the essential feature of a tax because they do not produce at least some revenue for the government. The NHQP provides a monetary award to those facilities that achieve high performance so that they can continue to improve quality of care, and it incentivizes facilities that do not achieve high performance to continue to improve performance.

COMMENT: A commenter stated that the NHQP should not be budget-neutral, and the funds should instead be derived from shared savings from Medicaid Redesign or other funding sources.

RESPONSE: No changes to the proposed regulations were made in response to this comment.

COMMENT: A commenter stated that the NHQP payments should be distributed as close as possible to the end of the reporting year.

RESPONSE: No changes to the proposed regulations were made in response to this comment. The Department acknowledges this suggestion and continues to strive to achieve timely NHQP rate adjustments.

COMMENT: A commenter stated that there has been a lack of communication and documentation regarding how and when the NHQP will be implemented.

RESPONSE: No changes to the proposed regulations were made in response to this comment. The Department sent a Dear Administrator letter and NHQP methodology to facilities in July 2012. The documents contained the methodologies for the 2012 benchmarking NHQP, and the 2013 NHQP. The Department held two regional webinars for facilities on June 10, 2013, and June 12, 2013, to present the NHQP methodology and answer questions. The NHQP workgroup consists of representatives from the five nursing home associations in the state, as well as nursing home patient advocates. The Department held biannual meetings with the workgroup in 2012 and 2013, and held annual meetings in 2014, 2015, 2016, and 2017. The Department will continue to hold annual NHQP workgroup meetings. After the workgroup meetings, nursing home associations disseminate the information to their members. Several of the
New York State Joint Commission on Public Ethics

EMERGENCY/PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED

Records Access

L.D. No. JPE-34-17-00002-EP
Filing No. 590
Filing Date: 2017-08-08
Effective Date: 2017-08-08

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Proposed Action: Amendment of Part 937 of Title 19 NYCRR.

Statutory authority: Executive Law, section 94(9)(c) and (19)

Finding of necessity for emergency rule: Preservation of general welfare.

Specific reasons underlying the finding of necessity: The current version of Part 937 contains inaccurate information, including reference to our predecessor agency. The formal rulemaking process would have resulted in a continued period of time during which Part 937 would not accurately reflect the Joint Commission on Public Ethics ("Commission") statutory directives related to records access. The amendments to Part 937 will clarify procedures regarding access to the Commission's records and is necessary for the public welfare.

Subject: Records access.

Purpose: To update regulations governing records access.

Text of emergency/proposed rule: PART 937

ACCESS TO PUBLICLY AVAILABLE RECORDS

§ 937.1 Scope and purpose

These regulations provide information concerning the procedures by which the publicly available record set forth in section 94(17)(a) of the Executive Law may be obtained from the New York State Commission on Public Integrity ("Commission") These records include: records of the Joint Commission on Public Ethics ("Commission") shall be available for public inspection and copying. Pursuant to Executive Law section 94(19)(a) the only records of the Commission which shall be available for public inspection and copying are set forth below:

(a) The information set forth in an annual statement of financial disclosure filed pursuant to section 73-a of the Public Officers Law except the categories of value or amount, which shall remain confidential, and any other item of information deleted pursuant to Section 94(9)(h) [and (m)] of the Executive Law (Effective until January 1, 2013); 

(b) The information set forth in an annual statement of financial disclosure filed pursuant to section 73-a of the Public Officers Law except information deleted pursuant Section 94 (9)(h) of the Executive Law (Effective January 1, 2013);

(b)(c) Notices of Delinquency sent pursuant to section 94(1.12) of the Executive Law;

(c) Notices of Reasonable Cause sent pursuant to section 94(12)(b) of the Executive Law;

(d) Notices of Civil Assessments imposed pursuant to section 94(1.3)(f) of the Executive Law that shall include a description of the nature of the alleged wrongdoing, the procedural history of the complaint, the findings and determinations made by the Commission, and any sanction imposed;

(e) The terms of any Settlement Agreement or compromise of a complaint or referral that includes a fine, penalty or other remedy; and

(f) Those records required to be held or maintained publicly available pursuant to article one-A of the Legislative Law; and

(g) Substantial basis investigation reports issued by the Commission pursuant to section 94 (14-a) and (14-b) of the Executive Law. With respect to reports concerning members of the Legislature or legislative employees or candidates for member of the Legislature, the Commission shall not publicly disclose or otherwise disseminate such reports except in conformance with the requirements of section 80(9)(b) of the Legislative Law.

§ 937.2 Designation of records access officer

(a) The Commission designates its Public Information Officer to act as the Records Access Officer.

(b) The Records Access Officer is responsible for ensuring compliance with the regulations herein.

(c) The Records Access Officer is responsible for ensuring that Commission staff perform the following actions:

1. assist the requester in identifying the record sought, if necessary;
2. upon locating the requested record:
(a) make the record readily available for inspection for in accordance with Subparts 937.3 and 937.4 herein; or
(b) make copies free of charge unless the request is for more than 40 pages, in which case the Commission shall charge $0.25 per copy or the cost of electronic reproduction.

[iii] upon request, certify that a record is a true copy or reproduction.

§ 937.3 Requests for access to publicly available records

(a) A request for access to records shall be in writing or on a form approved by the Commission.

(b) A request shall reasonably describe the record sought. To the extent possible, a requesting person should supply identifying details such as the name of the person, entity or title associated with the request. A response to a request that reasonably describes the record sought shall be made within five business days of receipt of the request by:

1. granting access to the record; or
2. acknowledging the receipt of the request in writing, including an approximate date when the request will be granted, which shall be reasonable under the circumstances and shall not be more than twenty business days after the date of the acknowledgement, or providing a statement in writing indicating the reason for the inability to grant the request within that time and a date certain, within a reasonable period under the circumstances of the request, when the request will be granted; or
3. if receipt of the request was acknowledged in writing and included an approximate date when the receipt would be granted within twenty business days of such acknowledgement, but circumstances prevent disclosure within that time, providing a statement in writing within twenty business days of such acknowledgement specifying the reason for the inability to do so and a date certain, within a reasonable period under the circumstances of the request, when the request will be granted.

§ 937.4 Location of records for inspection

(a) Upon arranging an appointment with the] Once granted, access to records will be arranged by the Records Access Officer, and the records [set forth in Subpart 937.1 shall be available for public inspection at the Commission's office.] will be made available in a convenient and appropriate manner.

(b) Such][a]ppointments for public inspection of records at the Commission's office shall be arranged on days that the Commission is regularly open for business and during the hours of 9am: 4:30pm.

§ 937.5 Deletion of certain items of information from financial disclosure statements

(a) Prior to making any financial disclosure statement publicly available, the Records Access Officer shall delete [the categories of value or amount] and any other item of information that the Commission has determined to delete pursuant to section 94(9)(b) and (m)] of the Executive Law, and [for filings prior to January 1, 2013, the categories of value and amount.

(b) In accordance with the rules set forth in 19 NYCRR 941.19(17)(b)(1), pending any application for deletion to the executive director or notice of appeal filed with the members of the Commission, all information which is the subject or a part of the application or appeal shall remain confidential. Upon an adverse determination on appeal by the members of the Commission, the reporting individual may request, within five calendar days of receipt of an adverse determination, and upon such request the Commission shall provide, that any information which is the subject of the appeal remain confidential for a period of thirty days following notice of such determination. In the event that the reporting individual resigns from office prior to the issuance of a determination and holds no other office subject to the jurisdiction of the Commission, the information shall not be made public and shall be expunged in its entirety.

§ 937.6 Records access appeals

(a) The General Counsel or Deputy General Counsel in the General Counsel's stead, shall act as the Records Access Appeals Officer.

(b) Any person denied access in whole or in part to a record or records requested may within thirty days appeal in writing such denial to the Records Access Appeals Officer who shall within ten business days of the receipt of such appeal fully explain in writing to the person requesting the record the reasons for further denial, or provide access to the record sought. This shall constitute the final determination of the Commission.

This notice is intended: to serve as both a notice of emergency adoption
and a notice of proposed rule making. The emergency rule will expire November 5, 2017.

Text of rule and any required statements and analyses may be obtained from: Carol C. Quinn, Deputy Director of Lobbying Guidance, Joint Commission on Public Ethics, 540 Broadway, Albany, NY 12207, (518) 408-3976, email: carol.quinn@jcope.ny.gov.

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: 45 days after publication of this notice.

Regulatory Impact Statement

1. Statutory Authority: Section 9(c) of the Executive Law provides the Joint Commission on Public Ethics ("Commission") with authority to adopt, amend, and rescind regulations to govern the procedures of the Commission. Section 94(19) of the Executive Law further provides which records of the Commission shall be available for public inspection and copying.

2. Legislative Objectives: The Public Integrity Reform Act of 2011 ("PIRA") established the Commission and authorized the Commission to exercise the powers and duties set forth in section 94 of the Executive Law with respect to record access. This regulation provides updates to a pre-existing regulation on the gaining of record access.

3. Needs and Benefits: The proposed rulemaking will provide clarification relating to access to Commission records.

4. Costs:
   a. Costs to regulated parties for implementation and compliance: Minimal.
   b. Costs to the agency, state and local governments for the implementation and continuation of the rule: No costs to such entities.
   c. Cost information is based on the fact that this rule implements the requirements set forth in Section 94(19) of the Executive Law.

5. Local Government Mandates: The proposed regulation does not impose new programs, services, duties or responsibilities upon any county, city, town, village, school district, fire district or other special district.

6. Paperwork: This regulation may require the preparation of additional forms or paperwork. Such additional paperwork is expected to be minimal.

7. Duplication: This regulation does not duplicate any existing federal, state or local regulations.

8. Alternatives: This regulation is an updated version of a previous regulation concerning the same material.

9. Federal Standards: This regulation pertains to requirements that specifically relate to record access at the Commission. This regulation does not exceed any minimum standards of the federal government with regard to a similar subject area.

10. Compliance schedule: Compliance shall take effect upon adoption.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will not impose any adverse economic impact on small businesses or local governments, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the part of these entities for compliance purposes. The Joint Commission on Public Ethics makes this finding based on the fact that the rule implements current law and, therefore, imposes no new requirements on such entities.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the part of rural areas. The Joint Commission on Public Ethics makes this finding based on the fact that the rule implements current law and, therefore, imposes no new requirements on such entities. Rural areas are not affected.

Job Impact Statement

A Job Impact Statement is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will have limited, if any, impact on jobs or employment opportunities. This regulation implements current law and, therefore, imposes no new requirements. This regulation does not relate to job or employment opportunities.

PROPOSED RULE MAKING

No HEARING(S) SCHEDULED

Comprehensive Lobbying Regulations

I.D. No. JPE-34-17-00003-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Addition of Part 943 to Title 19 NYCRR.

Statutory authority: Executive Law, section 94(1) and (9)(c); Legislative Law, section 1-d(a)

Subject: Comprehensive lobbying regulations.

Purpose: To set forth comprehensive lobbying regulations that implement the provisions of the Lobbying Act.

Substance of proposed rule (Full text is posted at the following State website: www.jcope.ny.gov): A new Part 943 is added which sets forth comprehensive lobbying regulations, including provisions relating to the following topics: definitions, statutory exceptions to lobbying, general provisions and restrictions relating to lobbying, direct and grassroots lobbying, procurement lobbying, reportable lobbying activity, and filing requirements.

Text of proposed rule and any required statements and analyses may be obtained from: Carol C. Quinn, Deputy Director of Lobbying Guidance, Joint Commission on Public Ethics, 540 Broadway, Albany, NY 12207, (518) 408-3976, email: carol.quinn@jcope.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: October 16, 2017.

Regulatory Impact Statement

1. Statutory Authority: Section 94(1) of the Executive Law provides the Joint Commission on Public Ethics ("Commission") with jurisdiction over lobbyists and clients of lobbyists, as defined by Article 1-A of the Legislative Law (the "Lobbying Act"). Section 94(9)(c) of the Executive Law directs the Commission to adopt, amend, and rescind rules and regulations to govern Commission procedures. Section 1-d(a) of the Lobbying Act provides the Commission with the power and the duty to administer the Lobbying Act.

2. Legislative Objectives: The Public Integrity Reform Act of 2011 ("PIRA") established the Commission and authorized the Commission to exercise the powers and duties set forth in section 94 of the Executive Law with respect to lobbyists and clients of lobbyists. The Lobbying Act sets forth requirements relating to lobbying activity in New York. Section 1-a of the Lobbying Act provides that, in order to maintain the integrity of governmental decision-making, it is necessary that the identity, expenditures and activities of persons and organizations retained, employed or designated to attempt to influence the passage or defeat of state and local laws, executive orders, rules, or state agency ratemakings be publicly and regularly disclosed. This regulation sets forth the requirements of the Lobbying Act in one place and provides comprehensive guidance on all aspects of lobbying activity which should promote better compliance and improved public disclosure of lobbying activities.

3. Needs and Benefits: The proposed rulemaking will implement the Lobbying Act by providing lobbyists, clients of lobbyists and the public comprehensive guidance on all requirements relating to lobbying activity in New York State.

4. Costs:
   a. Costs to regulated parties for implementation and compliance: Minimal.
   b. Costs to the agency, state and local governments for the implementation and continuation of the rule: No costs to such entities.
   c. Cost information is based on the fact that this rule implements the requirements set forth in Section 94(19) of the Executive Law.

9. Federal Standards: This regulation pertains to requirements that specifically relate to lobbying activity in New York. Section 1-a of the Lobbying Act provides that, in order to maintain the integrity of governmental decision-making, it is necessary that the identity, expenditures and activities of persons and organizations retained, employed or designated to attempt to influence the passage or defeat of state and local laws, executive orders, rules, or state agency ratemakings be publicly and regularly disclosed. This regulation sets forth the requirements of the Lobbying Act in one place and provides comprehensive guidance on all aspects of lobbying activity which should promote better compliance and improved public disclosure of lobbying activities.

3. Needs and Benefits: The proposed rulemaking will implement the Lobbying Act by providing lobbyists, clients of lobbyists and the public comprehensive guidance on all requirements relating to lobbying activity in New York State.

4. Costs:
   a. Costs to regulated parties for implementation and compliance: Minimal.
   b. Costs to the agency, state and local governments for the implementation and continuation of the rule: No costs to such entities.
   c. Cost information is based on the fact that this rule implements the requirements set forth in Section 94(19) of the Executive Law.

10. Compliance Schedule: Compliance shall take effect within 180 days of adoption.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis for Small Businesses and Local Governments is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will not impose any adverse economic impact on
small businesses or local governments, nor will it require or impose any reporting, record-keeping, or other affirmative acts on any of these entities for compliance purposes. The Joint Commission on Public Ethics makes this finding based on the fact that the rule bears application to lobbyists or clients of lobbyists, including public corporations. It implements current law and, therefore, imposes no new requirements on such entities.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will not impose any adverse economic impact on rural areas, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the part of rural areas. The Joint Commission on Public Ethics makes this finding based on the fact that the rule bears application to lobbyists or clients of lobbyists, including public corporations. It implements current law and, therefore, imposes no new requirements on such entities. Rural areas are not affected.

Job Impact Statement

A Job Impact Statement is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will have limited impact, if any, on jobs or employment opportunities. The Joint Commission on Public Ethics makes this finding based on the fact that the rule bears application to lobbyists or clients of lobbyists, including public corporations. It implements current law and, therefore, imposes no new requirements. This regulation does not relate to job or employment opportunities.

PROPOSED RULE MAKING

NO HEARING(S) SCHEDULED

Source of Funding Reporting

I.D. No. JPE-34-17-00004-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: Amendment of Part 938 of Title 19 NYCRR.

Statutory authority: Executive Law, section 94(9)(c); Legislative Law, sections 1-d(a), 1-h(c)(4) and 1-j(c)(4)

Subject: Source of funding reporting.

Purpose: To make consistent with the new comprehensive lobbying regulations at Part 943 and clarify exemption procedures.

Substance of proposed rule (Full text is posted at the following State website: www.jcope.ny.gov): Part 938 is amended to be consistent with the comprehensive lobbying regulations set forth in a new Part 943, including provisions relating to Beneficial Clients and Coalitions. It also clarifies what constitutes a Contribution and what information must be disclosed regarding a Source. Proceedings relating to exemptions from disclosure of a source of funding are also amended to conform to the statute.

Text of proposed rule and any required statements and analyses may be obtained from: Carol C. Quinn, Deputy Director of Lobbying Guidance, Joint Commission on Public Ethics, 540 Broadway, Albany, New York 12207, (518) 408-3976, email: carol.quinn@jcope.ny.gov

Data, views or arguments may be submitted to: Same as above.

Public comment will be received until: October 16, 2017.

Regulatory Impact Statement

1. Statutory authority: Executive Law Section 94(9)(c) directs the Joint Commission on Public Ethics (“Commission”) to adopt, amend, and rescind rules and regulations to govern Commission procedures. Legislative Law section 1-d(a) provides the Commission with the power and the duty to administer Article 1-A of the Legislative Law. Legislative Law sections 1-h(c)(4) and 1-j(c)(4) require certain registered lobbyists, whose lobbying activity is performed on its own behalf and not pursuant to retention by a client, and clients, who have retained, employed or designated a registered lobbyist, to report the names of each source of funding used to fund lobbying activities if such source meets the criteria set forth in such law.

2. Legislative objectives: The Public Integrity Reform Act of 2011 (“PIRA”) established the Commission and authorized the Commission to exercise the powers and duties set forth in Executive Law Section 94 with respect to lobbyists and clients of lobbyists as such terms are defined in article one-A of the Legislative Law. Chapter 286 of the Laws of 2016 also amended the Legislative Law to include a requirement that lobbyists and clients of lobbyists who spend at least $15,000 in reportable compensation and expenses and 3% of total expenditures on lobbying activities in New York State in a calendar year or twelve-month period (the “$15,000/3% expenditure threshold”), disclose the sources of funding over $2,500 from each single source used for such lobbying activities in New York State. Further, excluded funds received for membership dues, fees and assessments from the contributions that must be disclosed, while continuing to require the donor to be identified as a source.

3. Needs and benefits: The proposed rulemaking is necessary to maintain consistency with the new comprehensive lobbying regulations at Part 943 and to clarify the exemption provisions as set forth in Article 1-A of the Legislative Law.

4. Costs:
   a. costs to regulated parties for implementation and compliance: Minimal.
   b. costs to the agency, state and local government: No costs to state and local governments.
   c. cost information is based on the fact that there will be no costs to regulated parties and state and local governments.

5. Local government mandates: The proposed regulation does not impose new programs, services, duties or responsibilities upon any county, city, town, village, school district, fire district or other special district.

6. Paperwork: This regulation may require the preparation of any additional forms or paperwork. Such additional paperwork is expected to be minimal, and many filers will complete any additional forms online.

7. Duplication: This regulation does not duplicate any existing federal, state or local regulations.

8. Alternatives: PIRA created an affirmative duty on the Commission to implement the source of funding requirements. Therefore there is no alternative to amending the Commission’s existing regulation.

9. Federal standards: The proposed rulemaking pertains to lobbying disclosure requirements that specifically relate to lobbying activity in New York State. These regulations do not exceed any federal minimum standard with regard to a similar subject area.

10. Compliance schedule: Compliance will take effect within 180 days of adoption.

Regulatory Flexibility Analysis

A Regulatory Flexibility Analysis of Small Businesses and Local Governments is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will not impose any adverse economic impacts on small businesses or local governments, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the part of these entities for compliance purposes. The Joint Commission on Public Ethics makes this finding based on the fact that the rule bears potential application only to lobbyists or clients engaged in lobbying activity that exceeds a certain monetary threshold.

Rural Area Flexibility Analysis

A Rural Area Flexibility Analysis is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will not impose any adverse economic impacts on rural, nor will it require or impose any reporting, record-keeping, or other affirmative acts on the rural areas. The Joint Commission on Public Ethics makes this finding based on the fact that the rule bears potential application only to lobbyists or clients engaged in lobbying activity that exceeds a certain monetary threshold. Rural areas are not affected in any way.

Job Impact Statement

A Job Impact Statement is not submitted with this Notice of Proposed Rulemaking because the proposed rulemaking will have limited impact on jobs or employment opportunities. The Joint Commission on Public Ethics makes this finding based on the fact that the rule bears potential application only to lobbyists or clients engaged in lobbying activity that exceeds a certain monetary threshold. This regulation does not apply, nor relate to small businesses, economic development or employment opportunities.

NOTICE OF ADOPTION

Petition for Rehearing and/or Clarification of the Track One Order
L.D. No. PSC-17-15-00004-A
Filing Date: 2017-08-02
Effective Date: 2017-08-02

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 8/2/17, the PSC adopted an order granting clarification and denying rehearing of the Order Adopting Regulatory Policy Framework and Implementation Plan (Track One Order).

Statutory authority: Public Service Law, sections 4(1), 5(1), (2), 22, 65(1) and 66(1)

Subject: Petition for rehearing and/or clarification of the Track One Order.

Purpose: To grant clarification and deny rehearing of the Track One Order.

Substance of final rule: The Commission, on August 2, 2017, adopted an order addressing the joint petition filed on March 30, 2015, by the Alliance for a Green Economy, Binghamton Regional Sustainability Coalition, The Center for Social Inclusion, Citizens’ Environmental Coalition, Citizens for Local Power, and People United for Sustainable Housing (PUSH Buffalo), for rehearing and/or clarification of the Commission’s February 26, 2015 Order Adopting Regulatory Policy Framework and Implementation Plan (Track One Order). The Commission denied rehearing, but granted clarification that utilities may own distributed energy resources for the benefit of low- and moderate-income consumers, subject to the terms and conditions set forth in the order.

Final rule as compared with last published rule: No changes.

Text of rule may be obtained from: John Pitucci, Public Service Commission, Three Empire State Plaza, Albany, New York 12223, (518) 486-2655, email: john.pitucci@dps.ny.gov IRS employer ID no. or social security no. is required from firms or persons to be billed 25 cents per page. Rule Making Activities

Revised Customer Service Reporting Metrics

I.D. No. PSC-25-16-00019-A
Filing Date: 2017-08-04
Effective Date: 2017-08-04

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 8/2/17, the PSC adopted an order adopting the revised customer service reporting metrics, with modifications.

Substantive final rule: The Commission, on August 2, 2017, adopted an order adopting the revised customer service reporting metrics, with modifications. Consolidated Edison Company of New York, Inc.; Niagara Power Corporation; d/b/a National Grid; Central Hudson Gas and Electric Corporation; Orange & Rockland Utilities, Inc.; Rochester Gas and Electric Corporation (RG&E); New York State Electric & Gas Corporation (NYSEG); National Fuel Gas Distribution Corporation; The Brooklyn Union Gas Company d/b/a National Grid NY; and, KeySpan Gas East Corporation, d/b/a National Grid are directed to begin reporting performance on the customer service measures listed in the Appendix to this Order, as is practical, and in any event later than the report that is due after 90 days from the date of this order. Department of Public Service Staff shall convene a collaborative with the utilities 90 days after the issuance of this Order, to further develop the statewide customer satisfaction survey or alternatives, and to issue a proposal for statewide measurement of customer satisfaction within 6 months thereafter. The Brooklyn Union Gas Company d/b/a National Grid NY and KeySpan Gas East Corporation d/b/a National Grid shall discuss with Staff and interested parties aligning their respective customer satisfaction survey methodologies within the context of this collaborative. RG&E and NYSEG shall, within 90 days of the issuance of this Order, file a plan for including collection-related calls in their telephone answer response metric, or explain why inclusion of these calls is not practical, subject to the terms and conditions set forth in the order.

Final rule as compared with last published rule: No changes.

Text of rule may be obtained from: John Pitucci, Public Service Commission, Three Empire State Plaza, Albany, New York 12223, (518) 486-2655, email: john.pitucci@dps.ny.gov An IRS employer ID no. or social security no. is required from firms or persons to be billed 25 cents per page. Please use tracking number found on last line of notice in requests.

Con Edison’s Replevin Acts and Practices

I.D. No. PSC-39-16-00028-A
Filing Date: 2017-08-02
Effective Date: 2017-08-02

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 8/2/17, the PSC adopted an order regarding the Public Utility Law Project of New York Inc.’s (PULP) petition to review Consolidated Edison Company of New York, Inc.’s (Con Edison) replevin acts and practices. Con Edison is directed to review the information that Company customer service representatives input regarding deferred payment agreements (DPAs), and file a report within 60 days on the feasibility of including, at a minimum: the date, type and terms of the offers; the date and terms of negotiated DPAs; the date DPAs were mailed; and, documentation of returned DPAs with customer signatures in its customer service system. Con Edison is directed to file revised voluntary informal conference procedures and shall file quarterly reports on customer accounts involved in the replevin process. Con Edison is also directed to propose an electronic deferred payment agreement program for Commission approval within six months of this Order, subject to the terms and conditions set forth in the order.

Final rule as compared with last published rule: No changes.

Shared Solar Pilot Program
I.D. No. PSC-46-16-00018-A
Filing Date: 2017-08-02
Effective Date: 2017-08-02

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: On 8/2/17, the PSC adopted an order approving, with modifications, Consolidated Edison Company of New York, Inc.’s (Con Edison) petition for a Shared Solar Pilot Program.

Statutory authority: Public Service Law, sections 5(1)(b), (2), 65(1), 66(1) and 66-j

Subject: Shared Solar Pilot Program.

Purpose: To approve, with modifications, Con Edison’s petition for a Shared Solar Pilot Program.

Substance of final rule: The Commission, on August 2, 2017, adopted an order approving, with modifications, Consolidated Edison Company of New York, Inc.’s (Con Edison) petition for a Shared Solar Pilot Program (Shared Solar Pilot) to provide Community Distributed Generation (CDG) to customers participating in the Con Edison’s established electric low income affordability program (low income customers). The first phase of Con Edison’s proposed Shared Solar Pilot, allowing Con Edison to procure and install approximately 3 megawatts (MW) of solar generation on their property for the benefit of low income customers, is authorized for a maximum capital expenditure budget of $9 million. Con Edison is also directed to recover the net costs of the Shared Solar Pilot through the Monthly Adjustment Clause, file an Implementation Plan, quarterly reports, detailed accounting procedures, an outreach plan and tariff revisions, subject to the terms and conditions set forth in the order.

Final rule as compared with last published rule: No changes.

PROPOSED RULE MAKING

NO HEARING(S) SCHEDULED

Proposed Electric and Gas Energy Efficiency Budget and Metrics Plan

L.D. No. PSC-34-17-00005-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the proposed 2017-2020 Electric and Gas Budget and Metrics Plan filed by Niagara Mohawk Power Corporation on June 1, 2017 pursuant to the Commission’s Order issued January 22, 2016 in Case 15-M-0252.

Statutory authority: Public Service Law, sections 4(1), 5(2), 65(1) and 66(1)

Subject: Proposed electric and gas energy efficiency budget and metrics plan.

Purpose: To establish an energy efficiency budget and metrics plan for the Commission’s electric and gas portfolios for the years 2017-2020.

Substance of proposed rule: The Public Service Commission is considering the proposed 2017-2020 Electric and Gas Budget and Metrics Plan filed by Niagara Mohawk Power Corporation on June 1, 2017 pursuant to the January 22, 2016 Commission Order in Case 15-M-0252. The 2017-2020 Electric and Gas Budget and Metrics Plan, filed in compliance with the Order Adopting Regulatory Policy Framework and Implementation Plan issued by the Commission on February 26, 2015 in Case 14-M-0101, the Order Authorizing Utility-Administered Gas Energy Efficiency Portfolios for Implementation Beginning January 1, 2016 issued by the Commission on June 19, 2015 in Case 15-M-0252, and CE-01 ETIP Guidance, Version 2.0, New York State Department of Public Service – Office of Clean Energy (dated July 28, 2010) describes proposed budgets and targets for the utility’s Energy Efficiency Transition Implementation Plan. The full text of the 2017-2020 Electric and Gas Budget and Metrics Plan may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may approve, modify or reject, in whole or in part, the Commission’s proposal. The Commission may also consider other related matters, including but not restricted to: novel approaches or improvements to various energy efficiency practices and tools, such as the New York State Technical Resource Manual; Metrics and Potential Associated Incentives; Evaluation, Measurement and Verification; Cost Effectiveness; Program Design; Coordination of Delivery, Performance Assessment and Data Sharing; Cost Recovery; and Activities of the Clean Energy Advisory Council.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website http://www.dps.ny.gov/f96dir.htm. For questions, contact: John Pitucci, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov.

Data, views or arguments may be submitted to: Kathleen H. Burgess, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov.

Public comment will be received until: 45 days after publication of this notice.

PROPOSED RULE MAKING
NO HEARING(S) SCHEDULED

Proposed Gas Energy Efficiency Budget and Metrics Plan

I.D. No. PSC-34-17-00006-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the proposed 2017 Budgets and Metrics Plan filed by National Fuel Gas Distribution Corporation on June 1, 2017 pursuant to the Commission’s Order issued January 22, 2016 in Case 15-M-0252.

Statutory authority: Public Service Law, sections 4(1), 5(2), 65(1) and 66(1)

Subject: Proposed gas energy efficiency budget and metrics plan.

Purpose: To establish the Company’s gas portfolios for the years 2017-2020.

Substance of proposed rule: The 2017 budgets and metrics plan, filed in compliance with the Advisory Draft, Regulatory Policy Framework and Implementation Plan issued by the Commission on June 1, 2017 pursuant to the January 22, 2016 Commission Order in Case 15-M-0252. The 2017 budgets and metrics plan may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may approve, modify or reject, in whole or in part, the Company’s proposal. The Commission may also consider other related matters, including but not restricted to: novel approaches or improvements to various energy efficiency practices and tools, such as the New York State Technical Resource Manual; Metrics and Potential Associated Incentives; Evaluation, Measurement and Verification; Cost Effectiveness; Program Design; Coordination of Delivery, Performance Assessment and Data Sharing; Cost Recovery; and Activities of the Clean Energy Advisory Council.

Subject: Proposed electric and gas energy efficiency budget and metrics plan.

Purpose: To establish an energy efficiency budget and metrics plan for the Companies’ electric and gas portfolios for 2019-2020.

Substance of proposed rule: The Public Service Commission is considering a proposed 2019-2020 Energy Efficiency Budgets and Metrics Plan filed by New York State Electric & Gas Corporation and Rochester Gas & Electric Corporation on June 1, 2017 pursuant to the January 22, 2016 Commission Order in Case 15-M-0252. The 2019-2020 Energy Efficiency Budgets and Metrics Plan, filed in compliance with the Order Adopting Regulatory Policy Framework and Implementation Plan issued by the Commission on February 26, 2015 in Case 14-M-0101, the Order Authorizing Utility-Administered Gas Energy Efficiency Portfolios for Implementation Beginning January 1, 2016 issued by the Commission on June 19, 2015 in Case 15-M-0252, the Order Authorizing Utility-Administered Energy Efficiency Portfolio Budgets and Targets for 2016-2018 issued by the Commission on June 19, 2015 in Case 15-M-0252, and CE-01 ETP Guidance, Version 2.0, New York State Department of Public Service – Office of Clean Energy (dated July 28, 2016), describes proposed budgets and targets for the utility’s Energy Efficiency Transition Implementation Plan. The full text of the 2019-2020 Energy Efficiency Budgets and Metrics Plan may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may approve, modify or reject, in whole or in part, the Company’s proposal. The Commission may also consider other related matters, including but not restricted to: novel approaches or improvements to various energy efficiency practices and tools, such as the New York State Technical Resource Manual; Metrics and Potential Associated Incentives; Evaluation, Measurement and Verification; Cost Effectiveness; Program Design; Coordination of Delivery, Performance Assessment and Data Sharing; Cost Recovery; and Activities of the Clean Energy Advisory Council.

PROPOSED RULE MAKING NO HEARING(S) SCHEDULED

Proposed Electric and Gas Energy Efficiency Budget and Metrics Plan

I.D. No. PSC-34-17-00009-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the proposed 2018-2020 Budgets and Metrics Plan filed by Consolidated Edison Company of New York, Inc. on June 1, 2017 pursuant to the Commission’s Order issued January 22, 2016 in Case 15-M-0252. The 2018-2020 Budgets and Metrics Plan, filed in compliance with the Order Adopting Regulatory Policy Framework and Implementation Plan issued by the Commission on February 26, 2015 in Case 14-M-0101, the Order Authorizing Utility-Administered Gas Energy Efficiency Portfolios (dated August 1, 2017), filed by Reserve Gas Company, Inc. (Reserve) seeks the appointment of one company as a temporary operator of a gas utility system abandoned by three separate companies.

Subject: Proposed electric and gas energy efficiency budget and metrics plan.

Purpose: To establish an energy efficiency budget and metrics plan for the Company’s electric and gas portfolios for the years 2018-2020.

Proposed Electric and Gas Energy Efficiency Budget and Metrics Plan

I.D. No. PSC-34-17-00009-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the petition of Reserve Gas Company, Inc. to be appointed temporary operator of 29 gas wells and portions of pipeline owned by New York Gas & Oil, Inc., Northern Gas Well Operators, Inc., and First Medina Gas Properties, LLC. Reserve seeks the appointment of one company as a temporary operator of a gas utility system abandoned by three separate companies.

Substance of proposed rule: The Commission is considering a petition, dated August 1, 2017, filed by Reserve Gas Company, Inc. (Reserve) seeking to be appointed temporary operator of 29 gas wells and specific portions of pipeline (the gas delivery system), which is owned by New York Gas & Oil, Inc., Northern Gas Well Operators, Inc., and First Medina Gas Properties, LLC (NGO) to continue the provision of gas service to customers in Alden, New York. Reserve seeks this authority because NGO’s owners have declared bankruptcy and have abandoned the gas delivery system, which, known at this time to the Department of Public Service, serves at least six people in the Town of Alden, New York. Reserve also requests authority to adjust existing rates, which may include the imposition of a surcharge, in order to meet the projected expenses of inspecting the gas delivery system and repairing leaks on wells and gas pipe. The full text of the petition may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the relief requested and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website http://www.dps.ny.gov/f96dir.htm. For questions, contact: John Pitucci, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov. Waiver to Permit Energy Cooperative of America to Serve Low-Income Customers

I.D. No. PSC-34-17-00011-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a petition filed on August 3, 2017 by Energy Cooperative of America, Inc. seeking a waiver to the prohibition on service to low-income customers by energy service companies.

Statutory authority: Public Service Law, sections 5(1)(b), 65(1), (2), (3), 66(1), (2), (3), (5) and (8)

Subject: Waiver to permit Energy Cooperative of America to serve low-income customers.

Purpose: To consider the petition for a waiver.

Substance of proposed rule: The Public Service Commission is considering a petition filed on August 3, 2017 by Energy Cooperative of America, Inc. (ECA) seeking a waiver to the prohibition on service by energy service companies (ESCOs) to low-income customers (Petition). On December 16, 2016, the Commission directed a prohibition on ESCO service to low-income customers by energy service companies.

The petition seeks such a waiver. The full text of the petition may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject or modify, in whole or in part, the relief requested and may resolve related matters.

Proposed gas energy efficiency budget and metrics plan.

I.D. No. PSC-34-17-00013-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the proposed Energy Efficiency 2017-2020 Budget and Metric Plan filed by KeySpan Gas East Corporation d/b/a National Grid on June 1, 2017 pursuant to the January 22, 2016 Commission Order in Case 15-M-0252. The proposed 2017-2020 Gas Energy Efficiency Portfolios Budget and Metrics Plan filed by KeySpan Gas East Corporation on June 1, 2017 pursuant to the Commission’s Order issued January 22, 2016 in Case 15-M-0252. The 2017-2020 Gas Efficiency Portfolio Budget and Metrics Plan filed in compliance with the Order Adopting Regulatory Policy Framework and Implementation Plan issued by the Commission on February 26, 2015 in Case 14-M-0101, the Order Authorizing Utility-Administered Gas Energy Efficiency Portfolio Budgets and Targets for 2016-2018 issued by the Commission on January 22, 2016 in Case 15-M-0252, and CE-01 ETIP Guidance, Version 2.0, New York State Department of Public Service – Office of Clean Energy (dated July 28, 2016), describes proposed budgets and targets for the utility’s Energy Efficiency Transition Implementation Plan. The full text of the Energy Efficiency 2017-2020 Budget and Metric Plan may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may approve, modify or reject, in whole or in part, the Company’s proposal. The Commission may also consider other related matters, including but not restricted to: novel approaches or improvements to various energy efficiency practices and tools, such as the New York State Technical Resource Manual; Metrics and Potential Associated Incentives; Evaluation, Measurement and Verification; Cost Effectiveness; Program Design; Coordination of Delivery, Performance Assessment and Data Sharing; Cost Recovery; and Activities of the Clean Energy Advisory Council.

Proposed rules and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website http://www.dps.ny.gov/f96dir.htm. For questions, contact: Kathleen H. Burgess, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov

Data, views or arguments may be submitted to: Kathleen H. Burgess, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 474-6530, email: secretary@dps.ny.gov.

Public comment will be received until: 45 days after publication of this notice.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Statements and analyses are not submitted with this notice because the proposed rule is within the definition contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Proposed Gas Energy Efficiency Budget and Metrics Plan

I.D. No. PSC-34-17-00014-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the proposed 2017-2020 Gas Energy Efficiency Portfolios Budget and Metrics Plan filed by The Brooklyn Union Gas Company on or about to the Commission’s Order issued January 22, 2016 in Case 15-M-0252.

Statutory authority: Public Service Law, sections 4(1), 5(2), 65(1) and 66(1)

Subject: Proposed gas energy efficiency budget and metrics plan.

Purpose: To establish an energy efficiency budget and metrics plan for the Company’s gas portfolio for the years 2017-2020.

Public comment will be received until: 45 days after publication of this notice.

Regulatory Impact Statement, Regulatory Flexibility Analysis, Rural Area Flexibility Analysis and Job Impact Statement

Proposed Transfer of Ownership Interests in the James A. FitzPatrick Nuclear Power Plant and Related Assets

I.D. No. PSC-34-17-00016-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering a joint petition seeking approval for the transfer of ownership interests in the James A. FitzPatrick Nuclear Power Plant and related assets.

Statutory authority: Public Service Law, sections 2(12), (13), 5(1)(b), 5-b, 53, 65(1), 66(1), (2), (3), (4), (12) and (14)

Subject: Proposed transfer of ownership interests in the James A. FitzPatrick Nuclear Power Plant and related assets.

Purpose: To consider the proposed transfer of ownership interests in the James A. FitzPatrick Nuclear Power Plant and related assets.
SUBSTANCE OF PROPOSED RULE:
The New York State Public Service Commission (“Commission”) is considering a joint petition filed by Exelon Generation Company, LLC (“ExGen”) and Exelon FitzPatrick, LLC (“ExFitz”) (collectively, the “Petitioners”) under Section 70 of the Public Service Law for the authority to transfer ownership of the James A. FitzPatrick Nuclear Power Plant (“Power Plant”) and related assets from ExGen to ExFitz. ExGen currently owns and operates the Power Plant, which is an approximately 882 MW electric generating facility located in Scriba, New York. The full text of the joint petition may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the relief proposed and may resolve related matters.

TEXT OF PROPOSED RULE AND ANY REQUIRED STATEMENTS AND ANALYSES:
The full text of the joint petition may be reviewed online at our website http://www.dps.ny.gov/96dir.htm. For questions, contact: Kathleen H. Burgess, Secretary, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: kathleen.burgess@dps.ny.gov

Public comment will be received until: 45 days after publication of this notice.

REGULATORY IMPACT STATEMENT, REGULATORY FLEXIBILITY ANALYSIS, RURAL AREA FLEXIBILITY ANALYSIS AND JOB IMPACT STATEMENT:

The Commission may approve, reject, or modify, in whole or in part, the proposed rule as contained in section 102(2)(a)(ii) of the State Administrative Procedure Act.

Use of the Honeywell Mercury EC350 Volumetric Corrector in Gas Metering Applications

I.D. No. PSC-34-17-00017-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Public Service Commission is considering a petition filed by Consolidated Edison of New York, Inc. and Orange and Rockland Utilities, Inc., to use the Honeywell Mercury EC350 volumetric corrector in gas metering applications.

Statutory authority: Public Service Law, section 67(1)

Subject: Use of the Honeywell Mercury EC350 volumetric corrector in gas metering applications.

Purpose: To consider the use of the Honeywell Mercury EC350 volumetric corrector in gas metering applications.

Substance of proposed rule: The Public Service Commission is considering a petition filed by Consolidated Edison of New York, Inc. and Orange and Rockland Utilities, Inc., to use the Honeywell Mercury EC350 volumetric corrector in gas metering applications. The full text of the petition may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may adopt, reject, or modify, in whole or in part, the relief proposed and may resolve related matters.

Development of an Aggregation Standard for Release of Whole-Building Energy Data to Building Owners

I.D. No. PSC-34-17-00019-P

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following proposed rule:

Proposed Action: The Commission is considering the Joint Utilities proposed 4/50 privacy standard as the basis for energy utilities providing whole-building aggregated energy data to building owners and the issues associated with that standard.

Statutory authority: Public Service Law, sections 5(1), (2), 65(1), (2), (3), 66(1), (2), (3), (4) and (5)

Subject: Development of an aggregation standard for release of whole-building energy data to building owners.

Purpose: Improved energy data access to support state energy efficiency and demand reduction goals.

Substance of proposed rule: The Commission is considering the Joint Utilities’ proposed 4/50 privacy standard and the issues associated with that standard. As required by the Commission’s Order on Distributed System Implementation Plan Filings, issued March 9, 2017, relating to distributed system platform capabilities to achieve Reforming the Energy Vision (REV) goals, the Joint Utilities submitted a filing on June 7, 2017 proposing building energy management and benchmarking data standards for the Commission’s consideration. As discussed in that filing, the Joint Utilities propose a 4/50 privacy standard as the basis for utilities providing whole-building aggregated data to building owners or their authorized agents. The full text of the proposal may be reviewed online at the Department of Public Service web page: www.dps.ny.gov. The Commission may

23
adopt, reject or modify, in whole or in part, the proposal and may resolve related matters.

Text of proposed rule and any required statements and analyses may be obtained by filing a Document Request Form (F-96) located on our website http://www.dps.ny.gov/f96dir.htm. For questions, contact: John Pitucci, Public Service Commission, 3 Empire State Plaza, Albany, New York 12223-1350, (518) 486-2655, email: john.pitucci@dps.ny.gov
