PUBLIC NOTICE

Department of State
 F-2018-1222

Date of Issuance – April 17, 2019

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant’s consistency certification and accompanying public information and data are available for inspection on the New York State Department of State’s website at: <http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2018-1222SteppingStonesParkDock.pdf>

In F-2018-1222, or the “Stepping Stones Park Dock”, the applicant – Great Neck Park District – proposes to reconstruct the existing boat ramp, install four additional seasonal floating docks and install a total of four support piles. The four additional seasonal floating docks consist of one 16 foot by 40 foot float, one 20 foot by 16 foot float, one 15 foot by 30 foot float and one 185 foot by 4 foot float. The additional piles are proposed as two piles at the start of each separate gangway, totaling four piles. The purpose of the proposed project is “to maintain/increase public access to water dependent recreational activities. In addition, install two support piles at two separate gangways to safely support gangways during storm events.” The project is located at 38 Steppingstone Lane in the Town of North Hempstead, Nassau County on Long Island Sound.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, May 2, 2019.

Comments should be addressed to the Consistency Review Unit, Department of State, Planning, Development and Community Infrastructure, One Commerce Plaza, 99 Washington Ave., Albany, NY 12231, (518) 474-6000, Fax (518) 473-2464. Electronic submissions can be made by email at: CR@dos.ny.gov

This notice is promulgated in accordance with Title 15, Code of Federal Regulations, Part 930.

 F-2018-1260

Date of Issuance – April 17, 2019

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities

described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program. The applicant’s consistency certification and accompanying public information and data are available for inspection on the New York State Department of State’s website at: <http://www.dos.ny.gov/opd/programs/pdfs/Consistency/F-2018-1260BurnhamDock.pdf>

In F-2018-1260, or the “Burnham Residential Dock”, the applicant – R.B. Burnham III – proposes to construct a dock system on a vacant lot. The proposed dock system consists of a 4 foot wide by 66 foot long pier, 4 foot wide ramp leading to a 6 foot wide by 20 foot long float. The ramp and float have an overall length of 38 feet. The applicant proposes electrical and water utilities to be trenched into the pier. The purpose of the proposed project is “to construct a minimal dock facility consistent with current permitting and industry standards for recreational boating”. The project is located on a vacant lot located on Peninsula Road in the Town of Southold, Suffolk County in West Harbor, Long Island Sound.

Any interested parties and/or agencies desiring to express their views concerning the above proposed activities may do so by filing their comments, in writing, no later than 4:30 p.m., 15 days from the date of publication of this notice, or, May 2, 2019.

PUBLIC NOTICE

Department of State
F-2019-0221

Date of Issuance – April 17, 2019

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activities comply with and will be conducted in a manner consistent to the maximum extent practicable with the federally approved New York State Coastal Management Program (NYSCMP). The applicant's consistency certification and accompanying public information and data are available for inspection at the New York State Department of State offices located at One Commerce Plaza, 99 Washington Avenue, in Albany, New York.

In F-2019-0221, the applicant, New York City Department of Parks and Recreation (NYC DPR), is proposing to construct the Fresh Kills North Park – Phase 1 – project which involves the conversion of Fresh Kills landfill on Staten Island's western side (surrounded by the Richmond Creek, Fresh Kills Main Creek, Little Fresh Kill, and Springville Creek) into NYC Parks operated parkland. The Phase 1 project is part of the larger Fresh Kills Park Project. North Park Phase 1 is scheduled to open to the public in 2020. The current application involves a design modification to a previously approved North Park entry road. Minor realignment of the entry road is necessary to provide safe vehicular access for the New York City Department of Sanitation (DSNY) and for patrons of Fresh Kills Park as well as for an extension of the vegetated retaining wall that will border the entry road. This action will result in placement of approximately 140 cubic yards of permanent fill within 840 square feet (0.019 acres) of freshwater wetland under federal jurisdiction and 300 square feet (0.007 acres) of temporary disturbance within the same wetland. The work will be authorized under a U.S. Army Corps of Engineers nationwide permit number 14 – linear transportation projects.

The proposed activities would be undertaken within the New York City Waterfront Revitalization Program (WRP) planning area. As the WRP is a component of the NYSCMP, activities under federal permitting authority are also subject to review for their consistency with the local program and its specific provisions and policies. More information regarding the WRP and its policies may be found at: <https://docs.dos.ny.gov/opd-lwrp/LWRP/New%20York%20City/IndexAmd2.html>

The Fresh Kills landfill is surrounded by a State-designated Significant Coastal Fish and Wildlife Habitat (SCFWH) – Fresh Kills. More information regarding this designation and the specific habitat values may be found at: <https://www.dos.ny.gov/opd/programs/consistency/scfwhabitats.html>

 Department of State
 F-2019-0255

Date of Issuance – April 17, 2019

The New York State Department of State (DOS) is required by Federal regulations to provide timely public notice for the activities described below, which are subject to the consistency provisions of the Federal Coastal Zone Management Act of 1972, as amended.

The applicant has certified that the proposed activity complies with and will be conducted in a manner consistent with the approved New York State Coastal Management Program.

In F-2019-0255 or the “Regional General Permit”, the applicant is U.S. Army Corps of Engineers New York District. The District Commanders, U.S. Army Corps of Engineers (USACE) New York District, is proposing to issue a Regional General Permit (RGP), which would authorize emergency response with storm recovery activities in regulated waters in New York State in the following counties (DEC Regions 1 and 2): Suffolk, Nassau, Queens, Kings, New York, Richmond, and Bronx and also applicable for properties abutting the Hudson River up to River Mile 100 within the following counties (DEC Region 3): Westchester, Rockland, Ulster, Orange, Putnam, and Dutchess. This RGP would replace the NYDGP-15 expiring on April 18, 2019. PUBLIC NOTICE

Susquehanna River Basin Commission

Actions Taken at March 15, 2019, Meeting

SUMMARY: As part of its regular business meeting held on March 15, 2019, in Annapolis, Maryland, the Commission approved the applications of certain water resources projects, and took additional actions, as set forth in the Supplementary Information below.

DATES: March 15, 2019.

ADDRESSES: Susquehanna River Basin Commission, 4423 N. Front Street, Harrisburg, PA 17110-1788.

FOR FURTHER INFORMATION CONTACT: Jason E. Oyler, General Counsel and Secretary, telephone: (717) 238-0423, ext. 1312; fax: (717) 238-2436; e-mail: joyler@srbc.net. Regular mail inquiries may be sent to the above address. See also Commission website at www.srbc.net.

SUPPLEMENTARY INFORMATION: In addition to the actions taken on projects identified in the summary above and the listings below, the following items were also presented or acted upon at the business meeting: 1) adopting a final FY2020 budget; 2) approval of several contracts, grant amendments and agreements; 3) adopting a resolution authorizing amendments to the retiree health trust; 4) authorized the executive director to prepare a final letter in response to the 2017 Pennsylvania performance audit; and 5) approved extension of an emergency certificate issued to Knouse Foods Cooperative, Inc.

Adoption of Resolution 2019-04

The Commission adopted Resolution 2019-04 authorizing the balancing of Approvals by Rule under 18 CFR § 806.22(f) (ABR(f)) renewal cycle workload. The number of ABR(f) renewals required to be submitted varies greatly each year, with a maximum year of 620 renewals and a minimum year of 190 renewals, which places a difficult administrative burden on the Commission to review the renewals in a timely manner in heavy years and/or would require an increase in costs associated with temporary staffing of the ABR(f) program.

To resolve the imbalance, the Commission, pursuant to 18 CFR § 806.8, waived the strict application of 18 CFR § 806.22(f)(10) to up to 601 ABR(f) approvals and authorized the Executive Director to add one or two years to the term of those approvals to best balance the projected workload over the five year renewal cycle. The list of extended approvals are published on the Commission's website at <https://www.srbc.net/our-work/public-reference-manual/docs/abr-term-adjustment-list.pdf>.
