## PUBLIC NOTICE Department of State Routine Program Change

STATEWIDE - Pursuant to 15 CFR 923.84(b)(4), the New York State Department of State (DOS) hereby gives notice that the federal Office of Ocean and Coastal Resource Management (OCRM) concurred on April 5, 2012 on the incorporation of an amendment to the City of Beacon Local Waterfront Revitalization Program (LWRP) into the State's Coastal Management Program (CMP) as a Routine Program Change. DOS requested OCRM's concurrence on this action on February 29, 2012 and in a previous notice in the New York State Register, which further described the content of the action.

The City prepared an amendment to its LWRP in partnership with DOS, and in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The LWRP amendment involves the incorporation of a Harbor Management Plan (HMP), which strengthens the ability of the City to better manage boating and harbor uses, and avoid conflicts between uses. The City of Beacon LWRP amendment did not propose any changes to the State coastal area boundary. The LWRP serves as a long term comprehensive coastal management program for the City's Hudson River waterfront resources, and is based on the policies of the New York State Coastal Management Program.

Pursuant to the New York State Coastal Management Program and Article 42 of the New York State Executive Law, the amendment to the City of Beacon LWRP was adopted by the City Council on March 7, 2011 and approved by the New York State Secretary of State on December 12, 2011. Federal consistency with the City of Beacon amended LWRP applies as of the date of this notice.
