

Section VI. State and Federal Actions and Programs Likely to Affect Implementation

State and federal actions will affect and be affected by implementation of the LWRP. Under State law and the U.S. Coastal Zone Management Act, certain State and federal actions within or affecting the local waterfront area must be “consistent” or “consistent to the maximum extent practicable” with the enforceable policies and purposes of the LWRP. This consistency requirement makes the LWRP a unique, intergovernmental mechanism for setting policy and making decisions and helps to prevent detrimental actions from occurring and future options from being needlessly foreclosed. At the same time, the active participation of State and federal agencies is also likely to be necessary to implement specific provisions of the LWRP.

The first part of this section identifies the actions and programs of State and federal agencies which should be undertaken in a manner consistent with the LWRP. This is a generic list of actions and programs, as identified by the NYS Department of State; therefore, some of the actions and programs listed may not be relevant to this LWRP. Pursuant to the State Waterfront Revitalization of Coastal Areas and Inland Waterways Act (Executive Law, Article 42), the Secretary of State individually and separately notifies affected State agencies of those agency actions and programs which are to be undertaken in a manner consistent with approved LWRPs. Similarly, federal agency actions and programs subject to consistency requirements are identified in the manner prescribed by the U.S. Coastal Zone Management Act and its implementing regulations. The lists of State and federal actions and programs included herein are informational only and do not represent or substitute for the required identification and notification procedures. The current official lists of actions subject to State and federal consistency requirements may be obtained from the NYS Department of State.

The second part of this section is a more focused and descriptive list of State and federal agency actions which are necessary to further implementation of the LWRP. It is recognized that a State or federal agency’s ability to undertake such actions is subject to a variety of factors and considerations; that the consistency provisions referred to above, may not apply; and that the consistency requirements cannot be used to require a State or federal agency to undertake an action it could not undertake pursuant to other provisions of law. Reference should be made to Section IV and Section V, which also discuss State and federal assistance needed to implement the LWRP.

B. State and Federal Actions and Programs Necessary to Further the LWRP

Specific agency actions and programs that would or can advance the Village of Ocean Beach LWRP, or which otherwise will have a significant effect upon the implementation of the LWRP, are highlighted with bold italic text. More detailed project descriptions are provided in Section 4, as indicated.

1. State Actions and Programs Necessary to Further the LWRP

OFFICE OF GENERAL SERVICES

1. Prior to any development occurring in the water or on the immediate waterfront, OGS should be consulted for a determination of the State’s interest in underwater or formerly underwater lands and for authorization to use and occupy these lands.
2. In accordance with Section 334 of the NYS Real Property Law, any subdivision of waterfront properties on navigable waters must depict the location of riparian (including littoral) lines out into the navigable waters on the property survey that must be filed with the respective county clerk.

DEPARTMENT OF ECONOMIC DEVELOPMENT

1. Any action or provision of funds for the development or promotion of tourism related activities or development. This includes assistance with the Village’s efforts to establish a Business Improvement District in an effort to enhance economic vitality in the Village’s commercial district (see Section 4.3.3.C, along with relevant background information in Section 2.3.1 regarding the Village’s prior efforts to establish a Business Improvement District).
2. Any action involving the Seaway Trail.

DEPARTMENT OF ENVIRONMENTAL CONSERVATION

1. Planning, development, construction, major renovation, or expansion of facilities in waterfront, including recreational improvement projects. Included under this category are the proposed improvements to the ferry boat terminal (see Section 4.3.2.F), and the proposal to improve coordination among the agencies that regulate activities in the Village (see Section 4.3.3.A). It is anticipated that a NYSDEC tidal wetland permit will be required to undertake improvements at the ferry boat terminal.
2. Advance assistance under the Small Communities and Rural Wastewater Treatment Grant Program and a subsequent construction grant subsidy. This includes any financial assistance that may be available to facilitate the Village’s proposed improvements to its sanitary waste collection, treatment and disposal system (see Section 4.3.2.E).
3. Review of actions within National Register Districts pursuant to SEQR. No such districts presently are designated in the Village of Ocean Beach.

Village of Ocean Beach Local Waterfront Revitalization Program

4. Funding for stormwater mitigation projects under the Clean Water/Clean Air Bond Act and similar programs. This includes initiatives by the Village, via drainage improvement projects, to mitigate persistent flooding on its walkway network (see Section 4.3.2.C).
5. Any proposed activity, including dredging and construction, in or adjacent to any waterway and/or wetland areas must secure the appropriate wetlands permit and water quality certification from NYSDEC. Such actions must be coordinated with the State and local policies. This includes continued maintenance dredging of critical vessel access facilities (e.g., ferry terminal and Village Marina basins, etc.) on the Village's bay-side waterfront (see Section 4.3.2.G); as well as periodic re-contouring of the bay bottom to maintain the functionality of the Village's bay beach facility (see Section 4.3.2.H), which provides an important recreational resource for segments of the population (such as the elderly, handicapped, young children and others) for whom the Village's oceanfront beach is not suitable. It is anticipated that any such project would require a NYSDEC tidal wetland permit, as well as a water certification.
6. Any proposed flood mitigation project in or adjacent to wetland areas must secure the appropriate permit from NYSDEC. This includes the Village's ongoing efforts to maintain the protective capabilities of its vital oceanfront dune system (see Section 4.3.2.A), as well as the proposed investigation to formulate a sand management plan (see Section 4.3.4.G). Depending upon the specific nature of a given project, required NYSDEC approvals may include a tidal wetland permit, water quality certification, excavation and fill in navigable waters, and/or coastal erosion control.
7. It is expected that many of the other implementation measures proposed in this LWRP would require approvals from NYSDEC, particularly with regard to capital projects sited within the area of jurisdiction of the tidal wetland regulations.

DIVISION OF HOUSING AND COMMUNITY RENEWAL

1. Provision of funding under the Rural Preservation Company Program.
2. Approval of funding for Rural Area Revitalization Program projects.

JOB DEVELOPMENT AUTHORITY

1. Provision of low interest mortgage loans to local non-profit development corporations to finance commercial and industrial facilities.

OFFICE OF PARKS, RECREATION AND HISTORIC PRESERVATION

1. Planning, development, construction, major renovation or expansion of recreational facilities or the provision of funding for such facilities.
2. Provision of funding for State and local activities from the Land and Water Conservation Fund or the Clean Water/Clean Air Bond Act. This may possibly include extension of the promenade along the Village's bayfront (see Section 4.3.4.B).

Village of Ocean Beach Local Waterfront Revitalization Program

3. Planning, development, implementation or the provision of funding for recreation services programs.
4. Certification of properties within the National Register Districts.
5. Provision of funding for State and local historic preservation activities.
6. Review of Type I actions within the National Historic Districts.
7. Activities under the Heritage Areas program.

DEPARTMENT OF STATE

1. Provision of funding and technical assistance for the implementation of an approved LWRP. This includes assistance with the range of implementation actions identified in Section IV of this LWRP (see Sections 4.3.1 through 4.3.5).
2. Provision of funding under the Community Services Block Grant program.

STATE EMERGENCY MANAGEMENT OFFICE

1. Funding for implementation of flood damage mitigation projects. This includes assistance with the Village's ongoing program to elevate flood-prone structures (see Section 4.3.2.B).

COUNCIL ON THE ARTS

1. Assistance from the Architecture and Environmental Arts program for a harborfront plan. This possibly may include assistance associated with the proposed restoration of the Community House and Windswept facility (see Sections 4.3.2.J and 4.3.2.N, respectively).
2. Grant funding assistance for programs related to the education of the public in the natural sciences, historic resources and associated projects.

DEPARTMENT OF TRANSPORTATION

1. Assistance for street repairs through the Consolidated Highway Improvements Program.
2. Financial assistance to implement proposed improvements to the Village ferry boat terminal, via the Ferry Boat Discretionary Fund or other available funding lines pursuant to the federal Transportation Equity Act for the 21st Century (TEA-21) program (see Section 4.3.2.F).

LONG ISLAND POWER AUTHORITY

1. Assistance and cooperation in undertaking an engineering investigation to determine the feasibility of burying utility lines in the Village, which currently are strung on overhead lines that are susceptible to storm damage and detract from the Village's aesthetic character (see Section 4.3.4.H).

2. Federal Agencies

U.S. DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

Office of the Assistant Secretary for Community Planning and Development

1. Funding under the Urban Development Action Grant Program for core area and Madison Barracks projects.
2. Funding under the Community Development Block Grant Program for improvements in the waterfront.

U.S. DEPARTMENT OF THE INTERIOR

National Park Service

1. Provision of funding under the Land and Water Conservation Fund Program.
2. Review of federal actions within the National Register Districts pursuant to NEPA.
3. Most actions within the Village (including, but not limited to, land development, dredging, and flood mitigation projects) have to secure an approval from the National Park Service, pursuant to the applicable provisions of federal law pertaining to Fire Island National Seashore. The NPS's cooperation and assistance is vital to the success of this LWRP.

U.S. DEPARTMENT OF THE TREASURY

1. Continuation of Incentives for Qualified Building Rehabilitation.
2. Provision of appropriate tax-exempt status for non-profit agencies active in the coastal area.

U.S. ECONOMIC DEVELOPMENT ADMINISTRATION

1. Assistance under the Public Works and Economic Development Act for street improvements.

U.S. DEPARTMENT OF HOMELAND SECURITY

Coast Guard

1. Maintenance/rehabilitation of facilities.
