PUBLIC NOTICE
Department of State
Routine Program Change

STATEWIDE—Pursuant to 15 CFR 923.84(b)(4), the New York State Department of State (DOS) hereby gives notice that the federal Office of Ocean and Coastal Resource Management (OCRM) concurred on July 12, 2012 on the incorporation of an amendment to the City of Rochester Local Waterfront Revitalization Program (LWRP) into the State’s Coastal Management Program (CMP) as a Routine Program Change. DOS requested OCRM’s concurrence on this action on March 28, 2012 and in a previous notice in the New York State Register, which further described the content of the action.

The City prepared an amendment to its LWRP in partnership with DOS and in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The amendment incorporates recent plans put forth by the City to redevelop the Port of Rochester, an economically distressed area located at the confluence of the Genesee River and Lake Ontario, which propose a variety of water-related, housing, and other public uses intended to revitalize the area. The City of Rochester LWRP amendment does not propose any changes to the State coastal area boundary. The LWRP serves as a long term comprehensive coastal management program for the City’s Genesee River and Lake Ontario waterfront resources, and is based on the policies of the New York State Coastal Management Program.

Pursuant to the New York State Coastal Management Program and Article 42 of the New York State Executive Law, the amendment to the City of Rochester LWRP was adopted by the City Council on March 22, 2011, and approved by the New York State Secretary of State on December 15, 2011. Federal consistency with the City of Rochester amended LWRP applies as of the date of this notice.

OCRM’s concurrence includes the following approved changes to the City of Rochester LWRP:

| Name/Description of State or Local Law Regulation/Policy/ Program Authority or Change | State/Local Legal Citation | Date Adopted by State | Date Effective in State |
|---|---|-----------------------|-------------------------|
| MODIFIED: | | | |

PUBLIC NOTICE
Department of State
Routine Program Change

STATEWIDE — Pursuant to 15 CFR 923.84(b)(4), the New York State Department of State (DOS) hereby gives notice that the federal Office of Ocean and Coastal Resource Management (OCRM) concurred on July 12, 2012 on the incorporation of an amendment to the Village of Sodus Point Local Waterfront Revitalization Program (LWRP) into the State’s Coastal Management Program (CMP) as a Routine Program Change. DOS requested OCRM’s concurrence on this action on March 28, 2012 and in a previous notice in the New York State Register, which further described the content of the action.

The Village prepared an amendment to its LWRP in partnership with DOS and in accordance with the New York State Waterfront Revitalization of Coastal Areas and Inland Waterways Act and the New York State Coastal Management Program. The Village amended its LWRP to include a harbor management plan for Sodus Bay, which establishes the local means for better managing boating activities, such as docks, and avoid conflicts associated with water uses. In addition, the amendment identifies several projects to enhance public access opportunities along the waterfront. The LWRP serves as a long term comprehensive coastal management program for the Village’s Sodus Bay and Lake Ontario waterfront resources, and is based on the policies of the New York State Coastal Management Program.

Pursuant to the New York State Coastal Management Program and Article 42 of the New York State Executive Law, the amendment to the Village of Sodus Point LWRP was adopted by the Village Board of Trustees on July 21, 2011, and approved by the New York State Secretary of State on March 9, 2012. Federal consistency with the Vil-
